All,

Cumberland County Jail just called me to advise that one of our detainees that was just brought in tested positive for COVID-19. Because the ICE officers or transport crew stayed there with him, they should be aware of that. Not sure who the officers were, and from what office, but I assume they notified the chain of command already? I am waiting on further info and I will forward to you all.

I wanted to share in advance of tomorrow's meeting the annotated room data sheets that we have been working with to this point. These are to help us all understand how we got to the layout as it stands now and where the design has moved away from the Agencies Guidelines provided at the start of the project.

Please let me know if you have any questions.

Thank you
