ICE
Summary Approved Hardware List & Order Form

This order form is for the sole purpose of generating a bill of materials and the associated cost estimate. Using the tabs listed on the bottom of the spreadsheet, select the proper spreadsheet to locate the hardware you are looking to purchase. Select the spreadsheet and enter the quantity required, the form will auto populate the costs and will provide a total cost estimate at the top of the worksheet. The summary page will calculate the totals from all tabs and if you need assistance or have questions about filling out this form, please send an email to ICE OCIO ITSR mailbox.

Note: Microsoft Server licenses are not included in the prices below but may be required. See which process your order follows to determine if you need to purchase Microsoft Server license

A) The File and Print (F&P) server is new to the site

- You will need to purchase Microsoft licensing for this server

B) The F&P server is replacing a F&P server currently being used in the field

- The old server must enter the federal excess process in order for the Microsoft server license to transfer to the new equipment. If you wish to continue using the current server elsewhere the additional Microsoft server licenses will need to be ordered. **SEE DHS MS ELA TAB**

Note: A Capacity Licensing Agreement with Symantec has been established with ICE for F&P servers managed by ITFO, to install Veritas Netbackup software. For Non-F&P servers, Symar Netbackup licenses are not included in the prices below but may be required for server backups. See the number of processors in your server to determine what tier of Netbackup licenses to purchase.

A) Servers with one processor would be considered a Tier 1 server.

B) Servers with two or more processors would be considered a Tier 2 server

Subject: CCJ Saturday COVID-19 positive county inmate
Importance: High

All,

Please see the email train below.

I requested CCJ to try to trace the physical locations of our ICE detainees during the time frame that the COVID-19 positive county inmate was in CCJ, and when our officers were in Intake. I wanted to make an attempt at contact tracing for our staff and aliens. PRO officers brought detainees north (hence the inquiries by SDDO (b)(6); (b)(7)(C) and SDDO (b)(6); (b)(7)(C), Plymouth County Transport brought detainees to BDR from CCJ, and BDR officers drove detainees to York, PA. Not sure if there was COVID-19 exposure or not, but CCJ staff are quarantining, and I would suggest that our staff be made aware, along with Plymouth, to be safe for all. SDDO (b)(6); (b)(7)(C) would have information on officers and their assignments I believe.

Inmate (b)(6); (b)(7)(C) was not in the same housing unit during the time frames in question.
(b)(6); (b)(7)(C)

“With regards to this request for information, Inmate (b)(6); (b)(7)(C) was in the same housing unit during the time frame that the other individual was there. (b)(6); (b)(7)(C)

Inmate (b)(6); (b)(7)(C) was in the same housing unit during the time frames in question. (b)(6); (b)(7)(C)

Inmate (b)(6); (b)(7)(C) was in the same housing unit during the time frames in question.
(b)(6); (b)(7)(C)

The housing unit is our quarantine pod. Everyone wears masks and the out time is regulated for absolute minimum exposure.

It looks like he was also in the same unit during the time frames in question.
(b)(6); (b)(7)(C)

I hope I have helped.

Thanks,

Good afternoon all,

I have gone to all the materials and attached please find my recommendations for review:

- Below some websites as reference for the tiles, vinyl flooring and the sport flooring.
- Accent color depicted in the attached photo is Sherwin Williams 6236 Grays Harbor for your review.
- The doors will be natural solid wood, and the metal door will be painted. As per attached photos.
- Photos for review.

Are you available sometime tomorrow to go over the Boards?

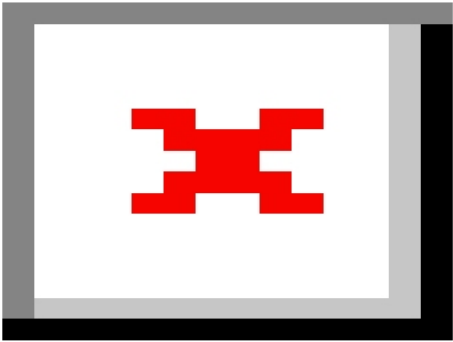

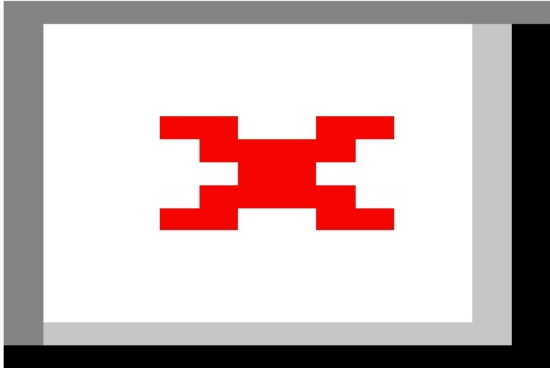

Please let me know.

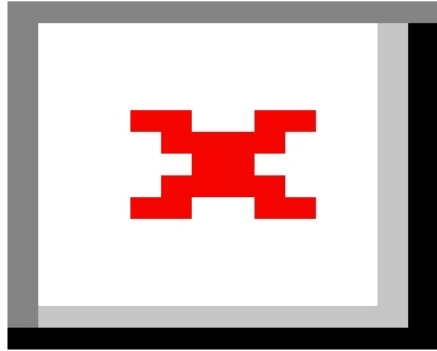

Thank you,
