Hey (b)(6)

I must have understood you wrong, I thought you were sending these 2 to COD when you asked if COD had the 2. They have the OTHER two.

That was def my mistake.

- Sociodemographic – you sent to security, I thought was with COD but I can submit that today.
- Psychological – already completed graphics but I might have some edits I need them to make.
- Attitudinal - you sent to security, I thought was with COD but I can submit that today.
- Experiential – with graphics already
- Criminogenic – new one I have that I will send you soon for security

I can submit it through the portal no worries.

Subject: RE: FDO546: MCS Psychological Risk Factors brochures, by mid-November

Seems to be incomplete. On attitudinal risk factors, "self-efficacy" is blank and it's missing one picture I've asked the performer to give me the definition. Socio-demographic is missing a picture too images for both will come from the COD Graphics team – I wanted them to help find/pick one.

I can't imagine that any of that would affect a classification issue—not that I have a class guide—but I can only review what I see.

Hey (b)(6)

The two new brochures are ready

1. • 1. Socio-Demographic Risk Factors
2. • 2. Attitudinal Risk Factors

Attached here is the two drafts as well as foreign disclosure and FDO documents. Is that everything?
And should I now submit the request in the COD portal?

To recap the other two are:

1. • 1. Psychological Risk Factors – Completed and attached here for your reference
2. • 2. Experiential Risk Factors – Currently with COD (graphics team) – they expected to be done by Nov 8th, 2021.
3. • 3.

Very Respectfully,

(b)(6)

Hi (b)(6)

I should be able to move this forward today. I know (b)(6) has on his radar with the graphics request. I ran it past our director and looped in a few of our editorial folks so they know this is under development.

As (b)(6) mentioned below, has this been reviewed by all the necessary parties in MCS? In that same vein, I noticed your note below; if you have an updated version, please provide that to me so I can review the final content. I'll be the reviewer on this and (b)(6) will still be the designer.

For awareness, this will need to go through 508 review in addition to layout. I can assist with fast tracking that once you approve the layout but that does take a few days typically.

Again, please let me know if you have updated copy. Thank you,

(b)(6)

(b)(6)
Subject: RE: MCS Psychological Risk Factors brochure [FW: REQ-ID 2034-01 - NEW REQUEST SUBMITTED - Task ready for Assignment]

(b)(6) –

I see you have already engaged with COD, so am copying my frequent collaborator, (b)(6) so we are all in step.

(b)(6) will be more knowledgeable about the COD process, which includes the checks for editorial content and 508 Compliance. But it might also include review by John Verrico, the COD media boss. I've also copied (b)(6)

I can help with the MCS internal and Security review ends. Toward that end, please fill out the attached FDO forms. I've attached the guidance doc as well.

Once I have the filled out forms, I can push this to the MCS internal reviewer and then to Security.

And I am here to answer any questions,

(b)(6)

(b)(6)

Subject: RE: MCS Psychological Risk Factors brochure [FW: REQ-ID 2034-01 - NEW REQUEST SUBMITTED - Task ready for Assignment]

Good morning all,

It looks like my service request is with (b)(6) (b)(6) (b)(6) does that mean it will be (b)(6) and not you?) in the COD portal – is there anything needed from my end to get this through the public clearance process? Does that include security or do I need to send it to them separately?

If there is any way to get this one done before the end of September I would be very grateful, we are getting requests to have it do by then if possible.

I'm attaching an edited version (of what is in the portal here) – the language is the same, I just had some plain language edits and did graphics the best I could – but obviously I'm not a graphic designer so please make whatever visual changes you see fit!

Secondly, just a heads up, I will have another 4-5 tri-folds that I will want the same way, I'll start submitting those to the portal as I complete the drafts here soon.

Thanks,

(b)(6)

Hi (b)(6)

This request to create a brochure for MCS has been assigned to you in the tracker.

(b)(6) before we get started I have a few questions:

- • * Has this content been cleared for public release? If not, please withdraw this request and resubmit through **Single Service Request > Graphics > Printed Marketing Materials**. This path incorporates the public release approval before it comes through design. It has not, I will withdraw the request and resubmit as instructed

- • * Is the 10/6 date in the tracker accurate?

Honestly, as quickly as possible, I know everyone probably says that so I chose that as the first available date.

- • * It sounds like you will want printing, but I don't see the print option selected. The tracker is buggy, sometimes that selection doesn't come through. If you would like printing, can you please provide QTY.

I don't need them printed just yet, since we are not back in person yet. Until then, they will be shared digitally.

- • * Will you also want a digital option that can be shared and placed on your webpage?
Yes

- • * Do you have any required images you would like to incorporate beyond the logo?
No, I was hoping you all could find some images to use – I wasn't sure what would be appropriate given the topic area of terrorism prevention. Any ideas would be great!

- • * The content is pretty dense for a standard 8.5x11 trifold. Are you open to exploring other configurations that will allow for more breathing room and the incorporation of images/infographics? And are you open to including infographics to break up the content a bit?

The stakeholder wants a pamphlet of sorts so I think we are stuck there but please feel free to add any infographics etc!

I think that's all for now, I'm sure Isma'il will have more questions as he sinks his teeth into the project. We look forward to working with you.

Thank you!

(b)(6) –

Thanks. Okay, so COD already has the two brochures, correct?

Would it make sense, then, to delay sending to Security until after we have the missing definition and graphics?

Subject: RE: FDO546: MCS Psychological Risk Factors brochures, by mid-November

Seems to be incomplete. On attitudinal risk factors, "self-efficacy" is blank and it's missing one picture I've asked the performer to give me the definition. Socio-demographic is missing a picture too images for both will come from the COD Graphics team – I wanted them to help find/pick one.

I can't imagine that any of that would affect a classification issue—not that I have a class guide—but I can only review what I see.

Subject: RE: MCS Psychological Risk Factors brochure [FW: REQ-ID 2034-01 - NEW REQUEST SUBMITTED - Task ready for Assignment]

Hey (b)(6)

The two new brochures are ready

1. • 1. Socio-Demographic Risk Factors
2. • 2. Attitudinal Risk Factors

Attached here is the two drafts as well as foreign disclosure and FDO documents. Is that everything? And should I now submit the request in the COD portal?

To recap the other two are:

1. • 1. Psychological Risk Factors – Completed and attached here for your reference
2. • 2. Experiential Risk Factors – Currently with COD (graphics team) – they expected to be done by Nov 8th, 2021.
3. • 3.

Very Respectfully,

(b)(6)

Hey (b)(6)

Wanted to let you know my performer expects to get the other 3 documents to me by COB Thursday – when that happens I'll be ready to move forward pushing them through as a package. We had one completed already, with the second currently with COD graphics. The other 3 will have to run through the whole process but I think we can submit them together as you said.

(b)(6) –

Right, I'll send the first one on its way, then, since it is time sensitive.

1. • 1. What is the timeline for getting 2 – 5 published?
2. • 2. Is the same group (DHS in partnership with Campbell Collaboration and the CDC) publishing these?
3. • 3. Same audience: Other DHS Components?

My druthers would be to submit 2-5 as one package.

Hi (b)(6)

I should be able to move this forward today. I know (b)(6) has on his radar with the graphics request. I ran it past our director and looped in a few of our editorial folks so they know this is under development.

As (b)(6) mentioned below, has this been reviewed by all the necessary parties in MCS? In that same vein, I noticed your note below; if you have an updated version, please provide that to me so I can review the final content. I'll be the reviewer on this and (b)(6) will still be the designer.

For awareness, this will need to go through 508 review in addition to layout. I can assist with fast tracking that once you approve the layout but that does take a few days typically.

Again, please let me know if you have updated copy. Thank you,

(b)(6)

(b)(6) –

I see you have already engaged with COD, so am copying my frequent collaborator, (b)(6) so we are all in step.

(b)(6) will be more knowledgeable about the COD process, which includes the checks for editorial content and 508 Compliance. But it might also include review by John Verrico, the COD media boss. I've also copied Ismail.

I can help with the MCS internal and Security review ends. Toward that end, please fill out the attached FDO forms. I've attached the guidance doc as well.

Once I have the filled out forms, I can push this to the MCS internal reviewer and then to Security.

And I am here to answer any questions,

Subject: RE: MCS Psychological Risk Factors brochure [FW: REQ-ID 2034-01 - NEW REQUEST SUBMITTED - Task ready for Assignment]

Good morning all,

It looks like my service request is with (b)(6) (b)(6) (b)(6) does that mean it will be (b)(6) and not you?) in the COD portal – is there anything needed from my end to get this through the public clearance process? Does that include security or do I need to send it to them separately?

If there is any way to get this one done before the end of September I would be very grateful, we are getting requests to have it do by then if possible.

I'm attaching an edited version (of what is in the portal here) – the language is the same, I just had some plain language edits and did graphics the best I could – but obviously I'm not a graphic designer so please make whatever visual changes you see fit!

Secondly, just a heads up, I will have another 4-5 tri-folds that I will want the same way, I'll start submitting those to the portal as I complete the drafts here soon.

Thanks,

(b)(6)

Hi (b)(6)

This request to create a brochure for MCS has been assigned to you in the tracker.

(b)(6) before we get started I have a few questions:

- • * Has this content been cleared for public release? If not, please withdraw this request and resubmit through **Single Service Request > Graphics > Printed Marketing Materials**. This path incorporates the public release approval before it comes through design. It has not, I will withdraw the request and resubmit as instructed
- • * Is the 10/6 date in the tracker accurate?
Honestly, as quickly as possible, I know everyone probably says that so I chose that as the first available date.
- • * It sounds like you will want printing, but I don't see the print option selected. The tracker is buggy, sometimes that selection doesn't come through. If you would like printing, can you please provide QTY.
I don't need them printed just yet, since we are not back in person yet. Until then, they will be shared digitally.
- • * Will you also want a digital option that can be shared and placed on your webpage?
Yes
- • * Do you have any required images you would like to incorporate beyond the logo?
No, I was hoping you all could find some images to use – I wasn't sure what would be appropriate given the topic area of terrorism prevention. Any ideas would be great!
- • * The content is pretty dense for a standard 8.5x11 trifold. Are you open to exploring other configurations that will allow for more breathing room and the incorporation of images/infographics? And are you open to including infographics to break up the content a bit?
The stakeholder wants a pamphlet of sorts so I think we are stuck there but please feel free to add any infographics etc!

I think that's all for now, I'm sure Isma'il will have more questions as he sinks his teeth into the project. We look forward to working with you.

Thank you!

Good Morning (b)(6)

Thanks for this email! While I was reviewing the apps and the IMPs, I did have some thoughts on projects that would be good to evaluate. Long email, let me know if you have any questions.

(b)(5)

Page 2

Withheld pursuant to exemption

(b)(5)

of the Freedom of Information and Privacy Act

(b)(5)

(b)(6) – I also had some thoughts about some of these grants. There are so many trainings being developed for CP3 through these grants. I am wondering if there are ways that we can 1) capitalize on the development of all of these trainings 2) provide grantees more guidance on what they need to include in applications if they are proposing trainings? For example – I recall that there is a training platform that DHS makes trainings available for SLTT partners? If a grantee develops a training could we require that they make it available to take online and post it to that portal?

Looking forward to our discussion next week!

Nadine

Subject: FY21 Grantee Evaluation

Importance: High

Good afternoon SS-TC,

Hope you all had a wonderful Thanksgiving break!

Thank you all again for your support on reviewing 37 IMPs for CP3, they were very receptive and are currently reviewing our comments.

As you know, we plan on evaluating approx. 10-12 grantees out of the 37 in FY21 (factors such as budget, timeline, etc. will determine exact number). To that end, we are hoping to identify which sites we (S&T) would recommend conducting impact/outcome evaluations on. Based on your reviews of site IMPs, knowledge gained from reading of their Narratives, I would to know your best candidates. Since we each reviewed 7-8 applications, I would like each of us to select 2-3 grantees by **12/7/21**. (if you have recommendations on any from sites you didn't review, feel free to share that as well).

Once I have these recommendations I would like to have a meeting later that week (12/8-12/10) to finalize our choices.

Information I am requesting for your choices by 12/7:

1. • 1. Which 2-3 sites do you recommend conducting outcome/impact evaluations for in FY21?
 - a. • a. Grantee/site
 - b. • b. Justification on selection, i.e., why them?
 - i. Ex. Benefit of Outcome/Impact:
 - ii. Other:

- c. • c. Risk(s)/Challenges
 - i. Potential problems
 - ii. Mitigation (if any)
- d. • d. Any other changes to IMPs or Narratives:

- 2. • 2. Which sites are unlikely to pass a feasibility assessment and should be ruled out of our FY21 evaluation effort?

Please let me know if you have any questions!

Very Respectfully,

(b)(6)

*With honor and integrity, we will
Safeguard the American people, our
homeland, and our values.*

Good morning (b)(6)

I am working on getting these edits and all of the brochures finalized for you all! I hope to have them done in the next few weeks (I have to work through the S&T graphics team so I cant make the changes myself unfortunately).

I just wanted to confirm you are okay with the second paragraph of each brochure as I am writing it here:

As part of a Department of Homeland Security (DHS) Science and Technology Directorate (S&T) research and development effort, the Campbell Collaboration, an international social sciences research network, conducted systematic reviews of high-quality research on 127 terrorism studies. That research found multiple risk factors for - and protective factors against - radicalization to violence that are important for terrorism prevention. These findings can inform local prevention efforts, inform policy, reduce crime, and increase justice in society.

Very Respectfully,

(b)(6)

Good morning,

What a month, am I right??

So, as I started going through these (this week – yes, that’s how my month has gone), I discovered that we never sent our updates to the criminogenic brochure (which I’ve attached).

Going through them all just now, I think the second paragraph of each brochure needs tweeking:

(b)(5)

Sorry for being so late – you know – long month – ugh. When does summer come back??

(b)(6)

Hi (b)(6)

Attached are all five plain language summaries of the risk/protective factor domains. Let us know if this is sufficient to move forward with your reviews.

Thanks,
Ajmal

All,

Please see the e-mail below. What we are looking for here are (b)(5)

(b)(5)

Please send to me by COB on Thursday.

This will get high-level exposure in the department and beyond, and I would like to make sure that S&T's contributions are recognized.

Thank you all!

Good morning (b)(6)

My colleague, (b)(6) (cc'ed here) was approached about setting up a panel on Insider Threats at an online conference hosted by PERSEREC in September. Since part of our Threat Assessment evaluation has an insider threat component, I thought you might wish to participate. He is in contact with some of your other UNO colleagues and can explain more.

Hey Ajmal,

For the 5RD network sync – I know you said we’d only talk 1 min on the previous risk assessment work so we can delete anything you think is too detailed.

(b)(5)

The report then goes into the Danish model as a baseline for models that the US could use (phase 3 of the project)– not sure if you want to mention any of that. If yes:

1. • 1. The Danish model was consistently championed in interviews and the literature as the gold standard for risk assessment processes, and the Danish also have their own tool developed known as the Solution Focus Model on Life Skills which is based on the Life Psychology model developed for terrorism prevention by Preben Bertelsen.
2. • 2. The research traveled to Denmark to learn about the model and observe it in practice, then conducted focus groups in San Diego and Denver with education, law enforcement, and social service professionals to create a roadmap linking successful portions of the Danish model to existing frameworks in the United States.

Good morning (b)(6)

Thank you for the heads up, we will gladly make any revisions/changes your team suggests. We tried to stick with the terms as best defined in the word document versions we had sent originally but once they go to our graphics team the combinations and all 5 at once might have gotten confusing.

Any rate, we will change whatever you need sometime after the 25th.

Thanks again,

(b)(6)

Good morning,

The brochures are moving through, but we've noticed that (b)(5)

(b)(5) I know we (CP3) combined a few, but I'm not sure why everything else was changed. I'm going through the original report now, but there may be some substantive changes coming your way on these booklets.

Off the top of your head (or, after talking about it) (b)(5)

(b)(5)

Just giving you a heads up on this – we asked for the rest of CP3 to get their comments back to us by the 25th.

Cheers,

(b)(6)

I'm waiting our A/D to decide when to move them through CP3 for review. We're going to tighten up our review requests on this one because we consider them a co-product with S&T – but I'll hit Kevin again with a request to move them through.

Thanks,

(b)(6)
