You can submit the brochures to me and I will upload them for COD 508 Compliance. (Assuming (b)(6) work is done!)

I suspect there will be some back and forth with the COD 508 folks to get these compliant....

The boiler-plate statement below is for fact sheets.

For the brochures to go through Security review, you'll need to fill out and send me the FDO forms, attached.

Thanks for the clarification (b)(6)

We have the final versions now (the ones without CP3 logo), would I submit them to you for COD/508 compliance with (b)(6) boiler-plate statement?

By this statement I confirm that the " _____ " Fact Sheet document is unclassified and does not contain any sensitive information that would create any vulnerabilities or risks if released to the general public.

Warm wishes,

Hi (b)(6)

I hate to say this, but none of the brochures were approved by Security. I submitted two, but I pulled them back from Security when HQ started making the additional changes. Security never did approve those two.

We don't usually obtain Security approval via COD. That needs to come directly from Security, after we've adjudicated all the changes and have a final version(s).

So, once we get the brochures squared away with COD (including for 508 compliance), they will need to go to Security for a final review.

Sorry this has been so tortuous!

Yell if questions,

(b)(6)

Hi (b)(6)

Would you be able to clarify something for me? Earlier this year I submitted the brochures to you for approval and you mentioned that Security only approved two of the brochures (Attitudinal and Socio-Demographic) and were backed up. There were changes from CP3 so we tried to process them, but eventually you recommended that we go to Graphics and we have been working with (b)(6) ever since. Finally, we decided on this version (the one that (b)(6) removed the logo on) due to some complications. Was there an additional step that I'm missing? I thought that we had been working with COD to get the other 3 (Psychological, Criminogenic, Experiential) approved by security.

If it's easier to talk, feel free to give me a call any time before 9am or after 11pm today.

Warm wishes,

But, to your knowledge do you know if the documents have been through 508 and security to be cleared for public release?

Thanks

Hi (b)(6)

It doesn't appear that these attached documents are 508 compliant. Were files sent directly from COD?

Here is a screenshot of what we are seeing.
