National Threat Evaluation and Reporting (NTER) Program Overview

February 2021

NTER Program Mission Statement:

The mission of the National Threat Evaluation and Reporting (NTER) Program is to advance our law enforcement partners ability to identify, evaluate, and report/share tips and leads associated with terrorism and with emerging homeland security threats of targeted violence and mass casualty attacks.

To achieve this mission, the NTER Program provides focused support and capacity building to the National Network of Fusion Centers and law enforcement partners by providing guidance, training, technical assistance, and educational resources through focused partnership engagement initiatives.
