Subject: RE: S&T meeting notes

I also wafted the idea about discussing the lexicon across DHS and they were receptive, though I said that it was just a brainstorm idea and there wasn't any serious discussion or scheduling yet.

They said that they would check if their website has a listserv so that we can be notified when they push new research.

They are tentatively interested in semi-frequent engagements and suggested possibly some kind of meeting or sync call. (A brainstorm: I was thinking maybe we could turn the TVTP monthly meeting into a DHS-wide coordination call that would focus on updates and highlighting new efforts for shared development—this way we could act as the center of DHS activity on TV)

Subject: RE: S&T meeting notes

Thanks guys, I appreciate the readout. Do we know how Nationwide 211 initiative that focuses on reporting terrorism, targeted violence and suicide prevention fits into TVTP's campaign? Also, was there any deliverables that came out the meeting, what are the next steps (besides talking to Chuck about the social media thing)?

Thanks,

Subject: S&T meeting notes

Hey (b)(6)(b)(7)(c)

We attempted to consolidate all of our notes but failed! The more the merrier lol. Sorry My notes are below and (b)(6)(b)(7)(c) notes are attached

(b)(6)(b)(7)(c) spoke at length to (b)(6)(b)(7)(c) and (b)(6)(b)(7)(c) from DHS Science and Technology division. (b)(6)(b)(7)(c) and (b)(6)(b)(7)(c) have been working on the Terrorism and Targeted Violence portfolio for the last 3 years. (b)(6)(b)(7)(c) is the Deputy Director at S&T with an extensive background in research on violent extremism, hate crimes and politically motivated violence. (b)(6)(b)(7)(c) is a Social Scientist (or the equivalent of one at S&T) and he has been doing a lot of research and evaluation in determining the best methods and models for social and behavioral science.

(b)(6)(b)(7)(c) mentioned that S&T is three-fold in their outreach and operations: scientific advisement (social science), technical and fundamental research practices (b)(6)(b)(7)(c) and her team works closely with OTVTP and OPE (b)(6)(b)(7)(c) and her team). In fact, (b)(6)(b)(7)(c) and (b)(6)(b)(7)(c) are working with OPE on the Nationwide 211 initiative that focuses on reporting terrorism, targeted violence and suicide prevention.

(b)(6)(b)(7)(c) talked about some of their research developments and partners that they work with on their portfolio. She mentioned FFRD (Federally Funded Research and Development), University Centers of Excellence (i.e. START, NCITE), Broad Agency

Announcement, LRBAAs (open solicitation) and RTI (Research Triangle Institute) and RAND. The last research piece that was mentioned is the CVE pilot involving PI's and Clinical Investigators working on a research project partnering with the LA Dept of Mental Health, Univ of Illinois, Chicago and UCLA's researcher (b)(6).

Lastly, (b)(6)(b)(7)(c) mentioned that one of their gaps and struggles is not being able to gather research from the social media platforms in order to strengthen their research on terrorism and targeted violence. (b)(6)(b)(7)(c) is going to talk to (b)(6)(b)(7)(c) about ways to work around that gap/struggle for S&T. (b)(6)(b)(7)(c) and (b)(6)(b)(7)(c) shared their website with us for more information on the work they are doing within S&T [Terrorism Prevention Resources | Homeland Security \(dhs.gov\)](#). They also shared the definition of targeted violence with us (see your email).

Only adds: we should mention that I (generally) floated the idea of aligning lexicon across the department or meeting to discuss lexicon, and I'd mention that they said they might focus more on management in they FY22 research topics. Might be good to ask if we might look at their strategy plan (1. Bc it would help us write our own and 2. For awareness)

Also, attached is my meeting notes.

(b)(6)(b)(7)(c) please edit, revise, add, omit where you see fit I have a tendency to be long winded and very detailed in my notes.

Send back to me with your edits (in the body of email is fine) and I will send something to (b)(6)(b)(7)(c) by COB today.
