George, I made a few more edits in the attached version. We will put it through ESEC today and OSP will have an opportunity to review it again during that process. My hope is that we can get this up to S1 asap. Lauren is working on a call for us plus Farah and Adnon, hopefully early next week. On that call we can finalize outreach to the rest of the members, and dates for a call and a follow up in person meeting for the whole subcommittee.

I think we are in good shape.

Best, Sarah

Erin, there is another document that goes with this right? Can you please look at this and then start on the other document. I will send this to Farah right after the huddle and had a chance to view it on my computer.

Sarah, this looks great. A few minor tweaks attached, lets double check formatting on the letter and get this to Farah asap.

Really appreciate your help with this. Also, here is one other person to add to the group: <http://cchs.gwu.edu/seamus-hughes>
