**Synopsis:** (U) To open a case sub file to capture El Paso Field Office's activities supporting the FBI's Countering Violent Extremism program.

**Details:**

Per the December 2011 "Strategic Implementation Plan for Empowering Local Partners to Prevent Violent Extremism", the FBI established the Countering Violent Extremism Office (CVEO). The CVEO is located in the Counterterrorism Division (CTD), Operations Branch II(OPS II), Domestic Terrorism Operations Section (DTOS), National Joint Terrorism Task Force 1 (NJTTF). CVEO's mission is the implementation, direction, and program management, of a countering violent extremism (CVE) program within the broader FBI.

CVEO established a control file to document all activities supporting the FBI's CVE efforts. This communication establishes a corresponding sub file to capture all CVE activities for the designated field office.
