Office case sub file to capture Field
Office CVE Activities.

Synopsis: (U) To open a case sub file to capture Louisville Field
Office's activities supporting the FBI's Countering Violent Extremism
program.

Details:

Per the December 2011 "Strategic Implementation Plan for Empowering
Local Partners to Prevent Violent Extremism", the FBI established the
Countering Violent Extremism Office (CVEO). The CVEO is located in the
Counterterrorism Division (CTD), Operations Branch II (OPS II), Domestic
Terrorism Operations Section (DTOS), National Joint Terrorism Task
Force 1 (NJTTF). CVEO's mission is the implementation, direction, and
program management, of a countering violent extremism (CVE) program
within the broader FBI.

CVEO established a control file to document all activities supporting
the FBI's CVE efforts. This communication establishes a corresponding
sub file to capture all CVE activities for the designated field office.
