Upon a further search of our records, we located six grant applications and three e-mails. While these grant applications were not awarded to other federal, state and local governments as specified in your request, they are related to ALPR's. Therefore, we are making a discretionary release of these grant applications. These applications, consisting of 175 pages, are appropriate for release with some excisions made pursuant to exemptions (b)(4), (b)(6) and (b)(7)(C) of the Freedom of Information Act, 5 U.S.C. § 552. Exemption (b)(4) protects the proprietary nature of some information by exempting from disclosure "trade secrets and commercial or financial information obtained from a person and [which is] privileged or confidential." Exemption (b)(6) protects information that, if disclosed, "would constitute a clearly unwarranted invasion of personal privacy." Exemption (b)(7)(E) affords protection to all law enforcement information which "would disclose techniques and procedures for law enforcement investigations or prosecutions, or would disclose guidelines for law enforcement investigations or prosecutions if such disclosure could reasonably be expected to risk circumvention of the law." The Office of Justice Programs (OJP) does not use LPR/ALPR technology, collect, store, maintain, or analyze data collected by Federal, state, and local agencies. Our efforts have primarily been in the basic and applied research in the feasibility of the technology, standards development, and limited demonstration of the technologies. We have no policies, practices or procedures pertaining to LPR/ALRP.

Please note that we are consulting with other Department of Justice offices regarding two additional documents. As soon as the review and processing is completed, you will be notified.

If you are dissatisfied with this response, you may administratively appeal by writing to the Director, Office of Information Policy (OIP), United States Department of Justice, Suite 11050, 1425 New York Avenue, N.W., Washington, D.C. 20530-0001.
