eGuardian NSI

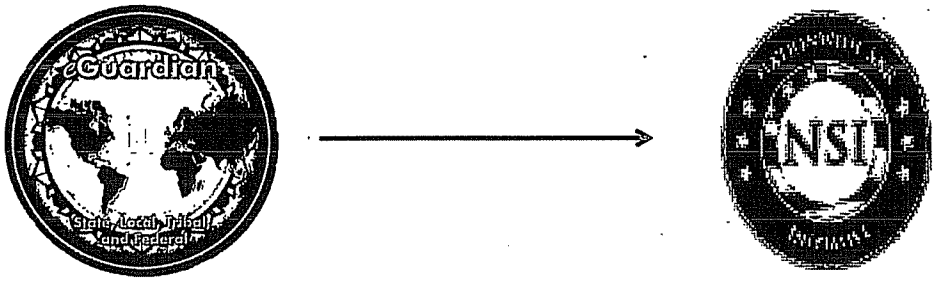
NSI supports a "unified process for reporting, tracking, and accessing [SARs]" in a manner that rigorously protects the privacy and civil liberties of Americans.

eGuardian NSI

eGuardian is a partner in the Nationwide Suspicious Activity Reporting (SAR) Initiative.



When an agency submits an incident in eGuardian, it automatically uploads into NSI partner system SharedSpace.

eGuardian DOD

The Department of Defense (USA, USAF, USN, USMC) has finalized policies and procedures for use of eGuardian. Implementation will begin with the Northeast region of the United States in September 2010.

eGuardian Systems

The eGuardian system has integrated with three Records Management Sytems:

- Palentir
- Memex
- Fusion Core

Users of these systems are able to submit incidents through their Records Management System and the SAR will automatically populate in eGuardian.

eGuardian Future

In the future the eGuardian system will allow users to search within their Records Management System and simultaneously retrieve results from eGuardian.
