Subject: RE: Push to eG

David
In order for MDPD to successfully push the records, [REDACTED] (or whoever does the push) must have a LEO account, have accessed eGuardian at least once and also be recognized by eGuardian as an approved "referrer". We will have to coordinate with [REDACTED] on the Referrer designation. The eGuardian ingest routine will only accept records that are referred by designated FC staff.
Its not a big deal - just have to get eGuardian staff prepared. We had to go thru this drill in VFC.

Subject: Push to eG

I just spoke to [REDACTED] and [REDACTED] from Miami-Dade about doing a test push from the SVT to eG. I asked her to identify 15 records that she would like to push from their SS to eG. She will let me know when she's ready.
