Subject: RE: Non-Terrorism Related SARs in ISE

It appears that as non-terrorism related SARs are approved by the supervisors, they are automatically put in the queue for Submission to Common Box and/or eGuardian even though they have not been tagged by the analysts for submission. Is this something that can be corrected easily through a change to the system or should we stop approving non-terrorism related for now? If the reports are just closed and not approved, they do not go into the supervisor's "Submit to Shared Space" queue. Thank you for your assistance.

Hi [REDACTED]

We will reach out to Paul and look at the SARs right away.

Thanks,

Subject: Non-Terrorism Related SARs in ISE

All,

I am reviewing reports that have been submitted to NSI-ISE from the Texas Fusion Center and some of them are non-terrorism related. I have gone into the SVT and it appears they were not marked to be submitted to ISE. Is there a way to delete from ISE while keeping the report in TXFC SAR Vetting Tool or do we actually have to delete the report in SVT to remove it from ISE? The report numbers are:

- AGN201100000514
- AGN201100000594
- TXFC20110000052

Thank you for any assistance you can provide.
