This looks good except for the typo in the last line. I think you want to indicate directly not director. I also suggest that we indicate that we will work with PM, FBI and Our contractors to develop additional assistance with documenting the business process and assisting ▮ in working with the other agencies in the area that will be supporting the MPD during the Inaugural.

Tom - I'm getting ready to send this to ▮ and was going to copy the group so all could see the plan that is in place and all elements are moving forward. Wanted to see if you had any comments or additions.

David

▮

I wanted to follow up with you with regard to our conversation yesterday with regard to providing you with support on the SAR initiative especially with the upcoming inauguration. The following is a breakdown of what we intend to provide you in support:

The following will be supplied by eGuardian (FBI)
- Training on the use of eGuardian
- Support to provide account access, update or change business process within eGuardian as needed by MPD

The following training will be supplied through BJA on behalf of PM-ISE
- 28 CFR part 23 Training (completed 11/24/08)
- Vetting training for Analyst (being developed through IIR - ready to set a date upon contact)
- Executive training (being presented in conjunction with MCCA - ready to set date)
- SAR Officer training (being developed through IACP - (working on completion and possible date)

The following technical assistance will be provided by BJA on behalf of PM-ISE
- Funding for equipment and development of the "swimming pool" concept (servers have been delivered, contact in place for MPD programming contractor)
- Funding to set up a Shared Space at MPD (Server and router to be delivered, programming assistance from MPD to shared space)
- Technical assistance to develop the push from MPD "swimming pool" to shared space server (technical meeting to be held 12/1 at MPD)
- Technical assistance with regard to 28 CFR Part 23 compliance for MPD hosted system
- Development of the data push of selected SARs from the MPD Shared Space to eGuardian (prior to this being completed MPD will use eGuardian director or call JTTF)
