Look this over to see if we can supply the stats and also if there are any issues we need to add. [] asked me to draw this up for him so this is a key opportunity.

Attached talking points include items that [] raised during the BJA-DOJ-FBI meeting as well as issues from emails since then. I do not have recent statistics for eG -- will have to get from [] (or one of his colleagues not on travel) if you want them for the meeting. If someone other than you is attending, we may need to adjust the language.

The agenda for the meeting does not look like there will be time to address these TPs, however.
