Roger [redacted] - I spoke to [redacted] today and gave him the background on our DoD eGuardian efforts. He knows that for the DoD eG pilot, DoD worked solely under the PIA and the general eG user agreement posted on eG at sign on. We have agreed to keep him fully in the loop re our DoD/FBI eG User Agreement/MOU. [redacted] will review our document before it is implemented, as will OGC. [redacted] will add our approved agreement as an appendage to his overall FBI/DoD Information Sharing MOU.

Roger -

[redacted] would like to see a document "from someone in authority" at the FBI who agreed to this originally.

Do we have such a document? Can you send it?

Thanks!

Attached is the memo from the Deputy Sec Defense authorizing the use of e-Guardian. Sec Gates will sign a new memo in about 2 weeks (in staffing now), authorizing the expansion of e-Guardian. In the meantime, please use this as the binding agreement and we have the new memo signed, the MOA will be completely rapidly.
