I am not sure they were operating before the privacy policy. They went "live" sometime in late 2008 or early 2009. When was the privacy guidelines issued? I know that Guardian was operating before the guidelines but I don't think that it is subject to the guidelines.

Thanks, (b) (7)(C)

This is a very comprehensive document and it goes a long way toward answering a lot of important questions, but I have a number of concerns that I think should be addressed before this document is distributed. I've listed my comments by topic from the FAQs:

Nancy – Last week, we had a productive meeting with Tom and others from the NSI-PMO and the PM-ISE. One outcome is the attached paper which (b) (6), (b) (7)(C) wrote. We think it does a good job of clarifying the Privacy questions that continue to come up. (b) (6), (b) (7)(C) will distribute it later this week at the Fusion Center Director's conference, and he will be available for any questions or discussion.

I wanted to be sure you had seen a copy as well.

Thanks,
