David and Stuart:

I met with (b) (5), (b) (7)(C) and others at the FBI today.

--BJA and the FBI hosted a series of conference calls with the Fusion Center Directors yesterday to go (b) (5)

(b) (5) BJA/FBI agreed that the calls went well. They will monitor the ingestion of ISE-SARs in eGuardian over the next several days and report back with actual data so that we can account for and reconcile all of the ISE-SARs that were in the Shared 5space servers but not eG.

(b) (5)

All in all, we're making very good progress. I'll keep you posted as things develop.

Best,
Nancy
