Sure

I think you, [REDACTED] and Roger are coming to the SAR meeting on Tues and maybe Weds next week. Maybe we can meet before for breakfast or at lunch time.

I can ask [REDACTED] to resend the details on the location if you need them. Let me know.

Tom

I know everyone has been busy, but can we meet to discuss this and other issues of concern sometime nextweek?

Just to let you know we have had several discussions with NJ about the SAR effort and the ability to get from the Shared Space to E Guardian.

NJ likes the idea of being able to use their system to feed the SS and still push to the JTTF via E Guardian without double data entry [REDACTED] and I wanted to let you know that we are proceeding this way.

I appreciate [REDACTED] observations on the best solution for NJ.

[REDACTED] Toby might be the right person to talk to as it relates to the data elements that are being captures.

Thanks

Tom
