Subject: FW: Push of SARs from Miami-Dade Police Department Shared Space to eGuardian

Hi [REDACTED]

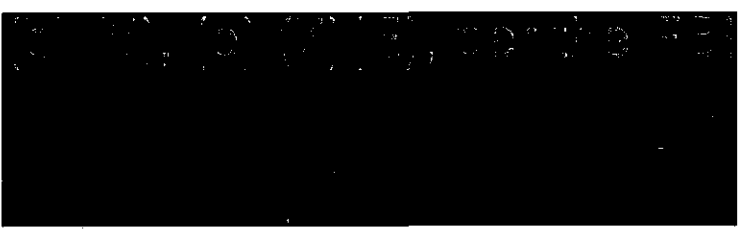

Hope you are well and had a good weekend. As you can see, it seems as if what you sent to eGuardian was successfully loaded. As a last part of the test, we want to ensure that all data was loaded correctly.

I was wondering if you could take a look at the SARs identified by [REDACTED] in this email and see if the data looks fine. We would really appreciate your help on this.

Thanks so much for all your support and help thus far.

Thanks,
[REDACTED]

[REDACTED] should be able to see them in eGuardian. I suggest you have her look at them, and decide what to do next. If she has any questions please feel free to have her contact me.

Hi [REDACTED],

Hope you are well. I just wanted to confirm that this morning, [REDACTED] from Miami-Dade Police Department was able to successfully send 5 SARs on a test basis from the Miami-Dade Shared Space to eGuardian.

We have confirmed that the SARs have been sent. If you and team could look at these and get back to us so that we could confirm that the end to end testing is successful, I would appreciate it.

Hope you have a good weekend.

Thanks

[REDACTED]

Steps #1, #2, and #3 are complete. [REDACTED] email in eGuardian is [REDACTED], which is what will be looked for in the incoming incident.

So everything is ready here. Let us know when the incident is pushed from the Shared Space, so that we can look for it.

Thanks!

[REDACTED]

Sorry for the delay (*you left the v off of my .gov email address!*).

To push an incident into eGuardian from the Shared Space:

[REDACTED]

Let me know when step #1 is complete, and we will then let you know when steps #2 and #3 are done.

Thanks!

Hi [REDACTED],

Hope this finds you well. Miami-Dade has agreed to push SARs from the Shared Space to eGuardian using the mechanism that we developed earlier this year. [REDACTED] who is the Intelligence Analyst Supervisor will be performing this activity. [REDACTED] has a LEO account.

Prior to [REDACTED] pushing the SAR(s) to eGuardian, I wanted to reach out to you to see if there was any follow up or coordination that was required to ensure that we are jointly able to track the SAR(s) from Miami-Dade Shared Space to eGuardian.

If you could let me know, if any follow up needs to be done either on our side or yours, I would appreciate it. Once, I hear back from you, I will coordinate with Sandra about the submission.

Hope you have a great Thanksgiving holiday week.

Thanks,

[REDACTED]
