Guideline 2 report outlined the coordination between Federal and SLT law enforcement. I'll bring you a copy this afternoon. Also, I think we looked at it again for the national strategy but Harrington said no.

Tom,

I noted the missing [REDACTED] and have added it to the version that Sue is reviewing. I also spoke to Josh and he's going to meet with Nancy today to talk about [REDACTED], including eGuardian. [REDACTED]

[REDACTED]. Also, my understanding is that the passback language says that eGuardian and its associated funding should be moved to the NSI PMO. Probably Kshendra can provide more insight into this point.

Tom,

This still needs to be edited and approved by Sue but this is the raw information that was captured during the meeting. It meanders because, well, the meeting wandered everywhere for UNIX shop to privacy.

Attached is a fairly thorough recap of the NSI Summit Meeting – I chose to include more, given the state of play, than less. I believe it's pretty accurate and captures all the meandering discussion.
