My name is [REDACTED] and I am the new [REDACTED] for the PMO under Tom O'Reilly. You've raised some very good points and I would like to discuss them with you. What would be a good time to call you this afternoon?

[REDACTED]

You have made it very clear on the process and we are making sure these are in place the moment testing has been completed. Once we have verified the push mechanism works a notice and instructions will be sent out to all sites. We expect incidents to follow immediately [REDACTED]

David

Dave,

We received the files, and have added testing of them to our workload for the next few weeks.

[REDACTED]

Thanks!

[REDACTED]

We are ready to push the files we sent previously with the updates as discussed in our last phone conversation. In fact, I believe 5 have already been sent, with a few to follow. I just wanted to touch base so you got a heads up. The intention would be to have these in your test environment and see if the issues have been resolved.

There still may be an issue with the email, but we are dealing with that at the SS site. Let me know if you have any questions.

David
