Thank you for your diligence in these last couple of steps. Once we get O'Conner and Rivas settled we are preparing a correspondence for the FC Directors and their contacts. If the items on your side are done today we expect that you can see items from the SS forwarded to you early next week.

I guess that makes sense. Is O'Connor really a member of the BRIC, or does it matter?

The BRIC is the fusion center in the Boston region, we have a 2nd Boston PD org for all non-BRIC members of the police force.

O'Connor can be transferred to the BRIC and given approver authority...

Please forward...
