Kshemendra,

FYI - At today's NSI PMO meeting, David Lewis reported that the eGuardian technical team was at the Connecticut Fusion Center developing a direct feed/interface so that the information in the fusion center's RMS can be pushed directly to eGuardian. (b) (5):

(b) (5)

This effort is in line with 6, 7(C) statement that, (b) (5)

Tom O'Reilly will be taking this up with the eGuardian team.
