Hi David,

When we spoke at the NFCC you said I could reach out to you if i had any questions..... so here you go....

(b)5, (H)

Are you guys getting similar questions from others using NSI/ISE? Can you advise and provide some guidance/clarification on the items above? I'm sure I will come up with additional questions as we continue to delve into this further.

Thanks for your help, David....and I'll talk to you soon!
