I talked to (b)(6) subsequent to this email. I think we need to go over the business process with the rest of the team. I might suggest a date / time on Friday.

Please setup a conf call with (b) (6) asap per below email. Ask him for a few dates/times and then we'll see if those times are good for ██ ██ Dave K and us.

Thanks

Just looking at my notes from our meeting with (b) (6) from Tetrus on November 21. we all agreed they would create a "gadget" to push all SARs automatically instead of us needing to check a box and allow the push. Additionally, they were to TAG THE SAR AS COMING FROM THE NSI (technically this meant coming from our NJSARS). It appears they did not create that TAG. We can set up a conference call with (b) (6) ASAP.
