(b) (6)

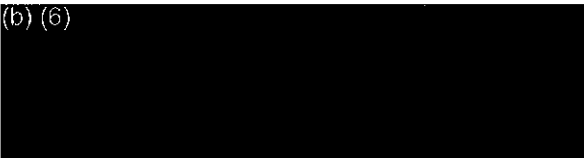

The name of the person who would be best for the "Hands on Lab" at the Fusion Center Conference is (b) (6), a Staff Operations Specialist from the Guardian Management Unit. Myself, (b) (6), and (b) (6) will also be there to observe if possible.

(b) (6), here is the information on the lab. So there is no confusion, this is the same as the previous request I sent on Feb 16th. Please let me know if there are any questions. I would be happy to discuss or assist in your set up.

Hi Tom,

I assume you're talking about at the Fusion Center Conference, right? If so just let me know the date and time, and I'll make sure I get the right person for NSI demo. Sounds like one of our analysts might be best. As for the NSI panel, I'm more than happy to participate. Again any exact dates and times you know of would be appreciated. I know an agenda should be out pretty soon.

5, 7(E)

Thanks,
6, 7(C)

6, 7(C) we need to have the name of the person(s) who will work as part of the NSI demo representing the eG side of the house. If you could let IIR and IJS know asap I would appreciate it. I also would like you at the NSI panel to field a couple of soft balls from the audience.

Thanks
