DIOG Section 5: Assessments

Before initiating or approving an assessment, an FBI employee or approving official must determine whether:

- An authorized purpose and objective exists to conduct the assessment
- The assessment is based on factors other than the exercise of First Amendment activities or the race, ethnicity, national origin or religion of the subject
- The assessment is an appropriate use of personnel and financial resources

DIOG Section 5: Assessments

FIRST AMENDMENT RIGHTS:

Individuals or groups who communicate with each other or with members of the public in any form in pursuit of social or political causes—such as opposing war or foreign policy, protesting government actions, promoting certain religious beliefs, championing particular local, national, or international causes, or a change in government through non-criminal means, and actively recruit others to join their causes—have a fundamental constitutional right to do so. An assessment may not be initiated based solely on the exercise of these First Amendment rights. If, however, a group exercising its First Amendment rights also threatens or advocates violence or destruction of property, an assessment would be appropriate
