Synopsis: To reclassify main Domain Management control file.
To close, reclassify, and consolidate Domain Management
subfiles into new main control files.

Reference: [REDACTED]

b7A

Details: Referenced FBIHQ EC's denote the classification code
changes for Fiscal Year 2009. According to these
classification changes, the Sacramento Division Intelligence
Program Domain Management control files must be reorganized
and reclassified.

The Sacramento Division main control file regarding
general Domain Management matters is to be reclassified to
800H according to the referenced FBIHQ EC's.

Each program subfile for control file number 800A-
SC-C41452 must be closed and reopened as a separate main file
using a different classification code for each. It is
requested that each subfile be administratively closed, and a
new Domain Management control file be opened for each program
accordingly. It is also requested that each subfile be
consolidated into their new main control file according to the
below instruction.

b7E
