(U) In order to fully assess the domain, the following investigative techniques may be utilized:

- Obtain publicly available information;
- Access and examine FBI files and databases;
- Obtain information from any FBI personnel;
- Request, access, and examine records maintained by other federal, state, local, tribal, or foreign governmental entities;
- Use and recruit human sources in conformity with AG Guidelines regarding the use of FBI Confidential Human Sources;
- Interview or request information from members of the public and private entities;
- Accept information voluntarily provided by governmental or private entities;
- Engage in observation or surveillance not requiring a court order.

(U) Information collected using the above techniques may be processed and mapped [redacted]. The information collected under this domain assessment will be provided to [redacted] for whatever action deemed appropriate.
