¹ (U) **High Confidence** generally indicates that judgments are based on high-quality information from multiple sources or from a single highly reliable source, and/or that the nature of the issue makes it possible to render a solid judgment.

(U) **Medium Confidence** generally means that the information is credibly sourced and plausible, but can be interpreted in various ways, or is not of sufficient quality or corroborated sufficiently to warrant a higher level of confidence.

(U) **Low Confidence** generally means that the information's credibility and/or plausibility is questionable, the information is too fragmented or poorly corroborated to make solid analytic inferences, or that the FBI has significant concerns or problems with the sources.
