Subject: A word of thanks on the [REDACTED]

UNCLASSIFIED
NON-RECORD

Good morning all,

Many of you continue to write and ask about the status of the [REDACTED] and I just wanted to send out a quick update to bring everyone up to speed. At this time, we have completed [REDACTED] process and implemented many of the ideas presented in the case studies into the process itself. The current plan is to officially roll out the [REDACTED] Bureau-wide sometime early in 2007. At this time, there are no more [REDACTED]

[REDACTED] I just wanted to pass along some words of thanks to all the offices that contributed to building the [REDACTED] concept. Each office--through their contributions, suggestions, and positive energy--was instrumental in providing the [REDACTED] with excellent ideas on how to move the idea forward and launch the concept Bureau-wide. As with most things, none of this could have been done without the field... and your work on the [REDACTED] [REDACTED] is no exception.

On behalf of the [REDACTED] thanks for bearing with us as we navigated through changing deadlines and less than clear instructions. I know it wasn't always easy to keep up with all the deadlines, requirements, and trainings but we truly appreciated all the efforts each office made to keep us in the loop and on top of all the problems or success that you had.

It was pleasure working with you all... please feel free to contact me if you ever need anything in the future.
