DOMAIN MANAGEMENT

MATTERS

Synopsis: To reclassify main Domain Management control file. To close, reclassify, and consolidate Domain Management subfiles into new main control files.

Reference: 3190-HQ-A1487624 Serial 235
3190-HQ-A1487624 Serial 279

Details: Referenced FBIHQ EC's denote the classification code changes for Fiscal Year 2009. According to these classification changes, the Sacramento Division Intelligence Program Domain Management control files must be reorganized and reclassified.

The Sacramento Division main control file regarding general Domain Management matters is to be reclassified to 800H according to the referenced FBIHQ EC's.

Each program subfile for control file number 800A-SC-C41452 must be closed and reopened as a separate main file using a different classification code for each. It is requested that each subfile be administratively closed, and a new Domain Management control file be opened for each program accordingly. It is also requested that each subfile be consolidated into their new main control file according to the below instruction.

800A-SC-C41452- [] The [] Domain Management control file must be closed and consolidated into a new main file with an 802H classification.
