By way of background, the San Francisco Giants Community Fund was created in 1991 as a non-profit organization to identify, develop, support and raise awareness of issues and programs within the Bay Area. As part of the Community Fund, the Jr. Giants League program was established as a way to reach at-risk children, ages 5-18, and instill four bases of character development: confidence, integrity, leadership, and teamwork. As part of the program, children learn the fundamentals of baseball and team building skills, as an alternative to drugs, gangs, and crime. The Community Fund provides all of the baseball equipment including uniforms to the participating community leagues and currently serves over 80 communities throughout California, Nevada and Oregon.
