National Security Branch: Mission

(U) The FBI's national security mission is to operate as an intelligence-led organization to deter, detect, and disrupt national security threats to the United States and its interests. The FBI's national security goal is to develop a comprehensive understanding of, and defeat, the national security threats directed against the United States while preserving civil liberties. Such threats include those from terrorist organizations, foreign intelligence services, proliferation of weapons of mass destruction, and criminal enterprises.
