**2008 EDWARD BYRNE JUSTICE ASSISTANCE GRANT
BROWARD COUNTY FLORIDA
DISPARATE JURISDICTION APPLICATION**

Broward County and thirteen jurisdictions within the county borders are eligible to apply for \$274,067 from the Department of Justice, Bureau of Justice Assistance (BJA) "Edward Byrne Memorial Justice Assistance (JAG) Program funding for 2008. Broward County has been identified as a "disparate" county; therefore, a working committee of all of the eligible jurisdictions has discussed the JAG requirements and decided on a mutual course of action. As a result of the discussions, the Broward Sheriff's Office (BSO) was asked to again serve as the lead applicant and fiscal agent for the JAG program. The Broward Sheriff's Office will not exercise the administrative funds option, and therefore will not use up to 10% of the award for costs incurred with the administration JAG funds.

Upon award, detailed Memorandums of Understanding (MOU) with each of the jurisdictions that are not contracted with BSO for police services will be established. These MOUs will detail the role of BSO as administrator and fiscal agent for the program and will address the reporting requirements that each jurisdiction must provide to BSO. Currently, BSO provides law enforcement and police services to five of the affected disparate jurisdictions: Deerfield Beach, Lauderdale Lakes, North Lauderdale, Oakland Park and Pompano Beach.

The Broward Sheriff's Office, through the MOU, will administer the programs and funds as the lead administrator and fiscal agent for the following jurisdictions:

Broward County/Broward Sheriff's Office	\$25,139
Town of Davie	\$10,180
City of Deerfield Beach	\$16,957*
City of Fort Lauderdale	\$48,703
City of Hallandale Beach	\$12,242
City of Hollywood	\$24,748
City of Lauderdale Lakes	\$12,622*
City of Miramar	\$15,773
City of North Lauderdale	\$10,212*
City of Oakland Park	\$14,536*
City of Pembroke Pines	\$11,808
City of Pompano Beach	\$40,965*
City of Sunrise	\$12,646

** Cities where the Broward Sheriff's Office provides law enforcement and police protect via a contract.*

PUBLIC NOTICE AND REVIEW PROCESS

Due to the brevity of the application period only one city was able to schedule a public hearing prior to the application deadline. It is anticipated that the remaining cities will be able to schedule a public hearing on the city commission's agenda in the very near future

2008 JUSTICE ASSISTANCE GRANT

BROWARD SHERIFF'S OFFICE/ BROWARD COUNTY

The Broward Sheriff's Office serves the 1.7 million residents of Broward County in several different capacities. The range of services include law enforcement, fire rescue, detention and community control, and child protection services.

The 2008 JAG Grant is available to the Broward County Sheriff's Office in the amount of \$25,139.00. The Broward Sheriff's Office desires to provide law enforcement services helping to create and maintain safe communities through proactive community and tactical policing coupled with crime prevention initiatives. The proposed expenditure of the grant will be for the purpose of crime reduction initiatives in Broward County, including burglary operations and surveillance; anti-auto theft; illegal narcotics and drug activity; robbery surveillance and traffic checkpoints. This grant will be utilized to pay overtime to law enforcement and/or support personnel implementing these and other crime reduction initiatives. That in turn will provide deputies for operational plans and other community enrichment programs directed at preventing crimes and apprehending persons responsible for crimes without diminishing community service and response time, by having to use on-duty personnel.

\$25,139.00

2008 JUSTICE ASSISTANCE GRANT

TOWN OF DAVIE

The Davie Police Department strives to provide the most efficient and economical police services to the community while maintaining the highest level of professionalism. With the introduction of a new records management and computer-aided dispatching (CAD) software system, the Davie Police Department will be able to access data and information more efficiently and provide the community with an increased level of professionalism. With the implementation quickly approaching, the Police Department has purchased hardware equipment to support the new software system. Inclusive in the hardware purchase are new laptop computers, card-swipe readers for driver's licenses, and in-car printers. This implementation of the new records management and computer-aided dispatching systems will allow for a more efficient recording of data for reporting of police reports and incidents.

In order to continue in the streamlining of data collection, the Davie Police Department will be adding modules and components to the new software programs which will allow for better management of personnel schedules, training and staffing. This will allow command staff to view an overall coverage of police personnel in a particular area and also allow for more effective staffing in areas that require more police presence. The modules will also allow the Training Division to properly track mandatory training and provide a proposed schedule based upon the personnel shifts and schedules.

In previous years, the JAG grant has allowed for the Police Department to purchase software and technological equipment that has streamlined report writing, inclusive of some of the equipment that will be utilized with the records management and CAD systems. With the use of 2008 JAG grant funding to purchase software for personnel scheduling, training and staffing, the Davie Police Department will be able to manage shifts more smoothly and produce a more productive management system of training needs and requirements for personnel.

BUDGET NARRATIVE

The Davie Police Department will utilize JAG funds to purchase software components that are necessary in the recording and managing of scheduling, training and staffing needs. This purchase of technological equipment meets the approved programs for JAG funding allocations.

FOR THE TOWN OF DAVIE**

\$10,180.00

2008 JUSTICE ASSISTANCE GRANT

CITY OF DEERFIELD BEACH

The city of Deerfield Beach was incorporated in 1925 and has grown to approximately 16.25 square miles with a total population of approximately 77,000. During the winter tourism season, the population swells to approximately 105,000. The Broward Sheriff's Office entered into a police service contract with the City of Deerfield Beach in 1999 to provide comprehensive police services to the city. The current contract will subject to renewal in 2010.

With the 2008 Justice Assistance allocation for the City of Deerfield Beach, the Broward Sheriff's Office will utilize \$14,000 to pay for deputy overtime for our Police Athletic League Program and our Community Liaison Deputy Program at Westside Park. The PAL Program, which targets at-risk youth, has almost doubled the number of programs and services offered to area youth over the past two years. Currently, the sporting events including wrestling, weightlifting, girls' softball and boxing. Each year, several hundred student athletes attend the various practices/training sessions and participate in numerous tournaments locally and throughout the South Florida area. The Community Liaison Deputy Program was established at Westside Park in the summer of 2007 and has proven highly successful in eradicating juvenile criminal activity in the park. Currently, in partnership with the City of Deerfield Beach Parks and Recreation Department, numerous after-school programs and summer camps are being held at the park without fear of the criminal element disrupting the activities.

The balance of the 2008 JAG funds for the City of Deerfield Beach (\$2,957) will be used to purchase supplies and education materials used by the Community Affairs Unit for crime prevention, drug awareness and gun safety presentations both in the PAL and the Community Liaison Programs at Westside Park.

**2008 JUSTICE ASSISTANCE GRANT REQUEST
FOR THE CITY OF DEERFIELD BEACH**

\$16,957.00

2008 JUSTICE ASSISTANCE GRANT

CITY OF FORT LAUDERDALE

The City of Fort Lauderdale Police Department is applying for a U.S. Department of Justice grant in the amount of \$48,703 under the 2008 Justice Assistance Grant (JAG) program. The city intends to use these funds to purchase an Automatic License Plate Recognition (ALPR) system.

In October 2007, at the 114th Annual Conference of the International Association of Chiefs of Police (IACP), a resolution was adopted by the IACP that supported license plate recognition. This resolution outlined several benefits of ALPR technology, encouraged its use and prompted the U.S. Congress to supply adequate funding opportunities for agencies interested in deploying ALPR technology in their communities.

Automated License Plate Recognition systems can be integrated with other mission critical systems at national, state, county and local levels to give remote notification of incident activity, vehicle movement, proactive intelligence, etc. ALPR cameras can be positioned on highways, at road intersections, toll plazas, parking lots, entry/exit points and inside vehicles for mobile license plate recognition. Using advance camera, recognition and database technology, ALPR systems automatically capture images of vehicle license plate numbers and instantly checks those numbers against a variety of vehicle "hot lists" contained in target vehicle databases. These lists can be customized to include wanted subjects, wanted vehicles and more. Alarms can be triggered when a "hit" (match) is detected on any given database giving the ALPR system operator the opportunity to take immediate action.

The Fort Lauderdale Police Department has been evaluating the use of Automatic License Plate Recognition (ALPR) systems. During the month of May 2008, the department performed a live evaluation of an Automated License Plate Recognition system on loan from a vendor. The ALPR (two camera version) was temporarily mounted to a marked police car and staffed by two officers between the hours of 4 PM and 4 AM. The following results were achieved during the evaluation period:

Usage:

System used for approximately 21 shifts by 34 different officers (Patrol, CID, SID, TAC)
67,959 tags were run against FCIC/NCIC (approx 3,200/shift)

Results/Hits:

Stolen vehicles located – 15

Stolen vehicles recovered – 11

Stolen tags recovered – 12 (not including those on stolen vehicles)

Number of tags on the Terrorist Watch List – 2

Arrests:

4 for auto theft

1 for robbery

1 assist for attempt homicide/sexual battery

Vehicles Recovered:

Approximately market value of recovered stolen vehicles - \$146,000

The \$48,703 in Justice Assistance Grant funding would be used to purchase one (1) Automatic License Plate Recognition vehicle system, including the necessary "In-Vehicle" equipment and back office software. The software will be capable of supporting future increases in the number of ALPR-equipped vehicles.

**2008 JUSTICE ASSISTANCE GRANT REQUEST
FOR THE CITY OF FORT LAUDERDALE**

\$48,703.00

2008 JUSTICE ASSISTANCE GRANT

CITY OF HOLLYWOOD

HOLLYWOOD POLICE DEPARTMENT Justice Assistance Grant Request

The Hollywood Police Department is requesting the use of its 2008 Justice Assistance Grant funds distributed via the Broward County Sheriff's Office to purchase twelve M-4 carbine rifles. This funding is in response to a recent increase in violence perpetrated against Law Enforcement Officers in the Region.

The twelve M-4 Colt Commando Carbine Rifles will be distributed to the K-9 and Special Weapons and Tactics (SWAT) teams. This weapon system is more compact and versatile than the AR-15 rifles that are currently deployed. With the four position sliding rear stock, the weapon can be 12- 18 inches shorter than the AR-15 rifles. The shorter weapon would increase the Officer's ability to maneuver in situations where physical movement is restricted. The use of the new weapons would increase the effectiveness and safety of the Officers during close quarters tactical situations. The versatility of the M-4 also makes it an effective long range weapon for K-9 and SWAT Officers who must respond to a variety of tactical situations. Each *M-4 Colt Commando* will cost approximately \$2,036 including shipping. The remaining funds will be utilized to purchase eight *Three Point Shoulder Slings* at a cost of \$39.00/sling. The Hollywood Police Department will purchase the remaining slings.

Item	Quantity	Cost	Total
M-4 Colt Commando Carbine Rifle	12	\$2,036.00	\$24,432.00
Three Point Tactical Sling	8	\$ 39.00	\$ 312.00
Total			\$24,744.00

Officers on the Hollywood Police Department's K-9 and SWAT teams are frequently confronted with situations which require long-range weapons that can also function in close quarters tactical situations. During 2005, there were 55 Officers killed feloniously in the United States, 50 involved the use of a firearm. During 2006, of the 48 officers killed, 46 involved the use of a firearm (FBI-Uniform Crime Reports). The use of this multi-tactical weapon will provide Officers with a much needed advantage. The AR-15 rifles which are currently deployed by SWAT will be redistributed to Patrol Officers who require a weapon for long range engagements and containment.

The addition of the new M-4 weapons and the redistribution of the current AR-15 will give the Hollywood Police Department an additional tactical advantage to ensure the safety of the citizens and its Officers.

**2008 JUSTICE ASSISTANCE GRANT REQUEST
FOR THE CITY OF HOLLYWOOD:**

\$24,744.00

2008 JUSTICE ASSISTANCE GRANT

CITY OF HALLANDALE BEACH

The Hallandale Beach Police Department will comply with the program strategy and purposes as outlined in the 2008 Edward Byrne Memorial Justice Assistance Grant Program.

The Hallandale Beach Police Department proposes to use the JAG grant funds to expand its high liability training programs that will better prepare its officers when responding to in-progress violent crimes.

The Hallandale Beach Police Department will expand its firearms training program to comply with the Florida Department of Law Enforcement's (FDLE) discretionary shooting response. The training will include less lethal and live fire scenario based programs.

2008 JUSTICE ASSISTANCE GRANT

CITY OF LAUDERDALE LAKES

The 2008 Justice Assistance Grant is available to the City of Lauderdale Lakes in the amount of \$12,622.00. The grant will be utilized for the purpose of crime reduction initiatives within the City of Lauderdale Lakes and will be utilized by the Broward Sheriff's Office. This grant will be used for overtime expenses for deputies participating in after-hours operational plans and other community enrichment programs intended to prevent crimes and for the apprehension persons responsible for crimes. This grant will provide the City of Lauderdale Lakes with additional police presence, without diminishing community service and response times by having to use on-duty personnel.

Additionally, BSO will utilize this grant to fund crime prevention initiatives through the purchase of equipment and training of law enforcement and support personnel.

2008 JUSTICE ASSISTANCE GRANT

CITY OF LAUDERHILL

The 2008 Justice Assistance Grant for Broward County identifies \$17,718 in funding for the Lauderhill Police Department. With these funds, Lauderhill will address two key areas: Law Enforcement Programs; and Prevention and Education Programs.

Focusing on these two key purposes areas, the Lauderhill Police Department will undertake efforts utilizing established Attorney General priorities as guidelines to address violent crime, drug and gun violence, gang enforcement and prevention; and Justice Information sharing, planning and implementation.

Funds from the grant will be utilized by the Lauderhill Vice, Intelligence and Narcotics Unit to identify high drug activity areas, the individuals involved in those illegal activities and to increase enforcement operations.

Grant funds will also be utilized by the Lauderhill Special Programs Unit to help address those same problems through prevention and interdiction efforts with community juveniles. This unit will also be responsible for addressing targeted issues with homeowners' associations and other citizen groups to make them more aware and to educate them on how to assist the police department to prevent crime.

Additional grant funds will be used to purchase specialized equipment and to provide training opportunities to better equip the Lauderhill Police Department in addressing incidents involving narcotics and violent crime.

It is felt that this approach will help the Lauderhill Police Department to target violent crime, gangs and narcotics violations through enforcement, education and prevention. It addresses these issues by targeting the criminal elements while educating and involving the adult and juvenile residents of our community.

BUDGET

CITY OF NORTH LAUDERDALE
BROWARD SHERIFF'S OFFICE/DISTRICT 15

2008 Justice Assistance Grant

Spending Plan

JAG Funds

\$10,212

The City of North Lauderdale along with BSO North Lauderdale District-15 will utilize these funds to provide sworn personnel to law enforcement operations and community policing activities in the city.

Justification

The Broward Sheriff's Office North Lauderdale District-15 continues to aggressively address criminal activity within the City of North Lauderdale. The 2008 JAG funding will assist in this effort by providing an increase in allocated overtime dollars. Additionally, the district is continually involved in community events and school functions throughout the year and has over 20 homeowner and community associations that we are active participants in. This partnership has created unity within the community and has the district command staff and deputies regularly attending their meetings and functions to specifically address any crime or quality of life issues that arise.

This continual effort will create higher visibility within the community, assist in ongoing investigations and stimulate citizen participation in their community's wellbeing. Consequently, we are faced with the challenge of maintaining these partnerships to the highest standards possible. These JAG funds will be utilized to provide deputies for operational plans and other community enrichment programs aimed at preventing crimes and apprehending persons responsible for crimes without diminishing community service and response times by having to use on-duty personnel.

In 2007, JAG funding was utilized for many different events within the city. Below are the categories addressed, year to date, for the Justice Assistance Grant.

Community Events	24.00 hours
Crime Reduction Initiatives	30.50 hours

The utilization of these funds is greatly assisting our district, while increasing our community presence at *no cost to the city*.

B

Spending Plan (cont.)

The District, in applying for the 2008 JAG program funding will utilize these funds in a variety of ways and operational initiatives, including but not limited to:

- Residential/Business/Conveyance Burglary Operations and Surveillance
- Anti-Auto Theft Initiatives
- Illegal Narcotics/Drug Activity
- Robbery Surveillance
- Traffic Checkpoints
- Truancy and Juvenile Crime Reduction Initiatives
- Anti-Gang and other Crime Reduction Initiatives
- Crime/Victim Education Initiatives
- Sexual Offender/Predator Wetterling Compliance

We will also utilize funds to provide for deputies at community functions that are currently being staffed with on duty personnel. Examples of these community functions are:

- Events Requested and/or Sponsored by the City
- Anti-Auto Theft Rallies
- Crime Prevention Events and Education Forums
- Community Events Impacting Normal Operations
- Community Education of Sexual Offender Issues

These funds will be utilized to enable deputies to participate in a variety of school activities at (3) local elementary schools, (1) middle school and a variety of private charter schools to enhance the community participation and interaction of our deputies with the student population. Examples of these activities are:

- School Mentoring Program
- After School Activities
- School Sports Programs
- Law Enforcement Cadet Program
- S.T.A.R. Program Activities and Functions (Students Taking Action and Responsibility)
- At-Risk Youth Interventions

2008 JUSTICE ASSISTANCE GRANT

CITY OF MIRAMAR

The Miramar Police Department Crime Analysis Unit is currently staffed with two full-time Crime Analysts. The unit plays a vital role in assisting the department's Criminal Investigations Unit in solving cases by providing intelligence on suspect crimes, criminal backgrounds, suspect's associates phone numbers and addresses, link charts, time lines and crime mapping.

Investigations and analysis involve vast amounts of raw, multi-format data gathered from a wide variety of sources. This data contains important intelligence which may be crucial evidence to an investigation but it remains obscured by the volume and apparent randomness of individual facts.

Analyst's Notebook 7 is a powerful visual investigative analysis software which brings clarity to complex investigations and intelligence analysis. It enables investigators and analysts to turn large volumes of disparate data into actionable intelligence. This software system also provides the capacity to integrate with the department's RMS system to provide visual and analytical reports.

CITY OF PEMBROKE PINES

Purpose Area 1: Law Enforcement/ Equipment/Officer Safety Improvement

Funds to be used to procure equipment to upgrade the overall efficiency and effectiveness, and safety of sworn law enforcement. Specifically, funds will be used to procure enhanced police sidearm safety holsters for sworn agency personnel.

I. Program Narrative:

The City will purchase Automated Locking System (A.L.S) duty holsters to vastly improve officer safety through advanced retention technology.

- Ergonomic design
- Self Locking System
- Advanced handgun protection from premature wear
- Thermal laminate construction for advanced durability
- Provides Level II weapon retention for enhanced officer safety
- One holster adaptable to multiple assignment usage for enhanced efficiency & increased effectiveness

II. Budget & Narrative

Goal:

To most effectively provide maximum safety capabilities and protection to law enforcement personnel during police incident response by providing enhanced security holsters to sworn personnel.

Inputs:

Obtain the outlined law enforcement sidearm safety holster equipment to meet organizational needs for increased response safety threshold requirements.

Outputs:

Afford safety and operational sidearm holster equipment to law enforcement response personnel for all-hazard incident needs that meets current and anticipated needs across the entire response spectrum.

Measurement:

100% implementation and utilization of acquired holster equipment.

Budget Summary:

One hundred eighty five (185) A.L.S laminate holsters

The Sunrise Police Department's recommendation is to fund law enforcement support through the use of overtime for community oriented policing operations. The Department plans to use overtime funds from this grant to create partnerships and address neighborhood problems through the use of statistical analysis and our Department's S.A.R.A. (Scanning, Analysis, Response and Assessment) problem solving model. Since 1998, the Sunrise Police Department has used funding awarded from block grants to cover expenses related to community policing activities. These expenditures have resulted in a Part One crime rate decrease of 40%.
