Subject: Sahel WG Proposals and Tracker

All,

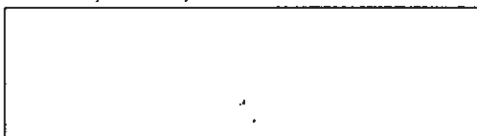

In advance of our Sahel CTWG meeting tomorrow afternoon, please find 1) a zip file containing all the proposals that we've received to date for the Sahel, and 2) the tracker that summarizes them all. The bottom section of the tracker (in pink) are proposals on which I have questions about which I've reached out to the implementers/proposal authors.

We will discuss all of these projects at tomorrow's meeting. I will bring copies of the tracker, but ask that you please bring your own copies of the proposals.

Lastly, if you are aware of any other proposals that should be included here, please let me know! We are already at 30, but there are many moving pieces here, so I think we can expect 1-2 more to come through between now and tomorrow.

Please let me know if you have any questions!

Many thanks,
