Attached is our draft Counter-Boko Haram PD and messaging strategy and a compendium of current multi-agency programs for the Embassy's review and consideration. Both documents remain "in progress," with continued input anticipated from both our sides. Special thanks to [REDACTED] for pulling together the compendium and to Amb. Mozena and all others who contributed to the strategy.

We are still trying to fill in gaps in current interagency programming and assess effectiveness among key audiences as we think about how to move forward. Once we get your perspective on the paper and thoughts on Counter-BH programming generally, we'll consider meeting again with our interagency colleagues.

Best,
