Dear Colleagues,

We are getting ready to go to OMB with a request for additional resources for C-ISIL.

The attached document is based on the request originally submitted by CT, but modified in terms of amount and formatting.

Can you please clear the attached document by **COB today**? Also, not sure to what degree this was cleared by regional bureaus before you submitted it, but if you feel it needs additional review by the regionals, can you please do a quick review with your CT / CVE counterparts in the regional bureaus. Our regional bureau POC's may not be the ones you deal with on CT / CVE issues.

Please let me know if you have any questions and apologies for the short suspense.

Regards,
