Program Narrative

Program Title:

The Ann Arbor 2009 Justice Assistant Grant Project:
Police Department Patrol Division Technology Improvement

Need Analysis: Patrol Operations

Purchase of Fifteen DVR Units with all Necessary Hardware and Software

These are digital video recorders that will be mounted on all Patrol Vehicles. This will allow the Department to be able to capture all traffic stops and other police duties on camera, substantially enhancing Officer Safety as well as Prosecution of cases. It can also serve as an objective resource for documentation of police conduct.

Purchase of Two License Plate Readers

These allow for an electronic reading of license plates and automatic checking to see if the vehicle associated with the plate has been reported as stolen or is otherwise wanted. This will help us tremendously in recovering stolen vehicles as well as wanted vehicles/subjects.

NARRATIVE:

This Program is all for equipment and as such does not have personnel, fringe benefits, travel, or other such costs involved. Our goal is to enhance Patrol Operations by videotaping Officers from the vehicle cameras. This will cut down our costs in Court as it has been demonstrated that when incidents are clearly captured on videotape, defendants will often plead guilty to avoid trials in losing situations. We have a few cameras now used by our traffic officers, and they are a great tool in Court for OUIL and traffic incidents. Having cameras in every vehicle will cut down our Court costs and help our budget—thus avoiding layoffs!

Once the grant is awarded, we will do purchase orders for the equipment and make available receipts for the expenditures. We will have a Lieutenant in charge of coordinating the implementation, training, and use of video cameras. He (or she) will be able to evaluate the use of cameras, use certain segments for training in incidents that are captured on videotape and may hold a lesson for other officers, and be able to provide documentation on how the equipment is assisting our objectives. We can also provide data on Court cost savings as well as specific trainings that were beneficial.

Abstract

Applicant's Name: Ann Arbor Police Department

Project Title: In-Car Videos and Plate Readers

Project Goals/Strategies/Deliverables/Plans:

This Project's Goals are to allow the Ann Arbor Police Department to equip all marked police vehicles with digital video recorders and two police vehicles with license plate readers. This will allow the Department to capture many incidents that often are disputed in Court (e.g., drunk driving arrests) and allow videotape evidence. It will also allow us to review incidents where an officer is accused of wrong doing and either confirm the wrong doing or disprove it—based on the video recording. Such units have been an incredible boom to law enforcement, and the Ann Arbor police Department has wanted to make such a purchase for some time. Similarly, the license plate readers will allow the Department to recover more stolen vehicles as well as vehicles used in various crimes. Finally, and most importantly, such recording and detecting equipment is an excellent safety tool. It allows documentation in case an Officer is attacked in a traffic incident and can capture suspect and suspect vehicle images. It is also our plan to use incidents captured on videotape as training points—nothing is as potent as images from actual incidents—especially one's own Department.

Review Narrative

This JAG application was made available for review to both the City Council and the Public on June 1, 2009.

A notice was published in the local newspaper (Ann Arbor News) on May 31, 2009, informing the public of the application and that it may be reviewed at the City Clerk's Office beginning June 1, 2009 and ending on June 15, 2009.

The City Council is scheduled to formally vote on acceptance of the application at their June 15, 2009 Council meeting—after the public has had an opportunity to give feedback.

At this time there have been no objections raised whatsoever and all indications are that the application will be approved unanimously.

Recovery Act – Justice Assistance Grant (JAG) Program

General Certification as to Requirements for Receipt of Funds
for Infrastructure Investments

On behalf of the applicant State or unit of local government (including tribal government) named below, I certify the following to the Office of Justice Programs ("OJP"), U.S. Department of Justice:

I have personally read and reviewed the section entitled "Eligibility" in the program announcement for the Recovery Act grant program named above. I also have personally read and reviewed section 1511 of the American Recovery and Reinvestment Act of 2009 (the "Recovery Act"), which requires a specific certification prior to receipt of Recovery Act funds for infrastructure investments.

Initial the statement that applies:

 The applicant identified below **does not intend to use** any portion of any funds received under this Recovery Act grant program for any infrastructure investment. Should this intention change, the applicant will promptly notify OJP, and (except to the extent, if any, that OJP has given prior written approval to expend funds to conduct the review and vetting required by law) will not draw down, obligate, or expend any funds received under this Recovery Act program for any infrastructure investment project until section 1511 of the Recovery Act has been satisfied, and an adequate project-specific certification has been executed, posted, and submitted to OJP.

_____ The applicant identified below **does intend to use** some or all of any funds received under this Recovery Act grant program for one or more infrastructure investment projects. Except to the extent, if any, that OJP has given prior written approval to expend funds to conduct the review and vetting required by law, I agree that the applicant entity will execute, post, and submit to OJP, prior to obligating, expending, or drawing down funds for such project, a project-specific certification that satisfies all of the requirements of section 1511 (including execution by the Governor, mayor, or other chief executive, as appropriate) for each such infrastructure investment project.
