**Aberdeen Township
Edward Byrne Memorial JAG Application
Program Narrative**

Whereas, the U.S. Department of Justice, Office of Justice Programs, Bureau of Justice Assistance has posted the availability of grant funds for the Recovery Act: Edward Byrne Memorial Justice Assistance Grant ("JAG") Program through the American Recovery and Reinvestment Act of 2009, which provides a no match funding source to local units of government for law enforcement and justice initiative purposes. The Monmouth County total funding is \$749,294.00 and the Township of Aberdeen is eligible to receive \$16,723.00 of this funding.

The Police Chief and governing body of the Township of Aberdeen in April 2009 discussed the best use of these funds. Aberdeen Township is a suburban community of approximately 18,000 residents located in northern Monmouth County along the Raritan Bay. It encompasses 5.45 square miles. There are fourteen public parks located within the township, including a seawall and beachfront area. These recreational areas are frequently subject to acts of vandalism such as graffiti, criminal mischief, destruction of equipment, and illegal dumping. In addition, individuals frequenting the parks often engage in disorderly conduct and the use of alcohol and/or narcotics. This activity inhibits the ability of residents to enjoy the parks and associated activity, thus negatively impacting quality of life. It also results in increased maintenance costs to the township.

Project Area – Vandalism Deterrent System

The program would consist of the use of the requested equipment in the detection, deterrence, apprehension, and prosecution of individuals engaged in criminal activity in township parks, on the beachfront, and other public lands. The digital vandalism deterrent system is portable and capable of taking digital photographs of perpetrators. The thermal night vision imager would allow police officers assigned to patrol township parks to conduct surveillance under reduced lighting conditions. The objective would be to reduce criminal activity, vandalism and illegal dumping on the beachfront and in township parks.

The equipment listed in the budget worksheet would be utilized to detect, deter, apprehend, and prosecute individuals engaged in vandalism, criminal mischief, illegal dumping, and other activities having a negative impact on the quality of life in Aberdeen Township. The digital vandalism deterrent system is a portable solar-powered system capable of taking digital photographs of perpetrators and emitting an audible warning announcement to those in the area. The thermal night vision imager would allow police personnel to conduct surveillance of township parks, woodlands, and waterfront areas under reduced lighting conditions.

The procurement of the equipment would be in accordance with policies established by state law, as well as township purchasing procedures. If applicable, cooperative purchasing through the state contract system or other entity would be undertaken.

Performance Measures

The equipment upgrades will be evaluated for the improvements in public safety, efficiencies, increased capacity, quicker response by law enforcement and improvements to systems. We will track by programmatic reports and purchase orders.

We anticipate that Aberdeen will complete their acquisitions and programs within the first year of this grant funding.

**CITY OF ASBURY PARK
EDWARD BYRNE MEMORIAL JUSTICE ASSISTANCE GRANT
(JAG)
PROGRAM NARRATIVE**

Whereas, the U.S. Department of Justice, Office of Justice Programs, Bureau of Justice Assistance has posted the availability of grant funds for the Recovery Act: Edward Byrne Memorial Justice Assistance Grant ("JAG") Program through the American Recovery and Reinvestment Act of 2009, which provides a no match funding source to local units of government for law enforcement and justice initiative purposes. The Monmouth County total funding is \$749,294.00 and the City of Asbury Park is eligible to receive \$235,214.00 of this funding.

The Police Chief and governing body of the City of Asbury Park discussed the best use of these funds. The initial outcome of this discussion revealed a need for a patrol car video/GPS system, an automatic license plate recognition system, a Net Clock Time Serve/Master Clock and continuation of the video surveillance camera project that was started with funding from the Edward Byrne Memorial Justice Assistance Grant Program FY 2008.

The purpose of the patrol car video/GPS system is to provide for the video recording of traffic stops to ensure officer safety and accountability. The GPS aspect of the system allows dispatch and supervisors to locate a patrol vehicle in the event of an emergency or officer distress call.

The automatic license plate system will outfit one patrol car with the capability of being able to scan license plates while on patrol and get NCIC hits on stolen or wanted vehicles without having to go through the dispatcher.

Net Clock Time Serve/Master Clock system will allow the Police Department to standardize the time of all department equipment to include the CAD system, computer network and any other ancillary network that has time capability.

Funding will also allow for the purchase and installation of additional video surveillance cameras to monitor the high crime areas as well as the commercial and beachfront areas of the City of Asbury Park.

To further this process, the Asbury Park City Council offered a public resolution to authorize the County of Monmouth to apply for this grant on behalf of the City of Asbury Park. The County of Monmouth will administer the grant and be responsible for all reporting. Additionally, the City of Asbury Park will authorize the County of Monmouth to take a ten percent fee out of the grant funds for the administration of this grant.

The public hearing on the resolution was held during the City Council meeting of May 20, 2009. This regularly scheduled meeting date was published in the local newspapers and provided the public an opportunity to comment on the proceedings to

apply for this funding. The minutes of this meeting are available for review in the Asbury Park City Clerk's Office.

Project Area –
Patrol Car Video/GPS System, Net Clock Time Serve/Master Clock System,
Automatic License Plate Recognition System and Video Surveillance Cameras
Equipment and Supplies:

The ability of public safety agencies to effectively detect and deter crime and provide safety for its citizens as well as its officers is crucial. A positive step in this direction is the purchasing and installation patrol car video/GPS System, an automatic license plate recognition system and a Net Clock Time Serve/Master Clock. Additionally, funding will be used to purchase additional video surveillance cameras to monitor the high crime areas as well as the commercial and beachfront areas of the City of Asbury Park. This project was initiated in 2008 through the use of funding from the Edward Byrne Memorial Justice Assistance Grant FY2008. In the past, a major problem such as inconsistent and inadequate funding made achieving these goals a daunting task. This funding opportunity will give the City of Asbury Park the opportunity to step into the 21st century as far as technology is concerned. Patrol car video systems have historically provided public safety agencies with an additional tool of solving crimes that have taken place, capturing crimes against persons and property in real time and provide important evidentiary value in court.

Although the amount of funding available under this grant is woefully insufficient to meet the needs of the City of Asbury Park, the opportunity has significant value for opening dialogue for long-range solutions. The patrol car video/GPS system will be wireless and have automatic downloading to a DVR system. This will not have an increase in the workload for the officer or supervisor. The automatic download will be tamper proof and secure the integrity of any evidence obtained. The City will be able to build off of the automatic license plate recognition system. The results other departments have received from this equipment have been tremendous and this will grant will afford the City of Asbury Park to purchase one system and demonstrate the results first hand. Then, through additional funding opportunities or budgeting allocations, other units will be able to be purchased. The Net Clock Time Serve/Master Clock will tie all Police Department systems together so time is uniform and will solidify the integrity evidence/video. Additional video surveillance cameras will allow the monitoring of additional areas in the City. Future goals are to build partnerships with the Board of Education, Housing Authority and Urban Enterprise Zone for the funding for additional cameras, thus providing expanded coverage for the City of Asbury Park.

This project proposes to fund the initial purchase of much needed equipment and supplies needed by the City of Asbury Park Police Department to facilitate improved public safety, as well as purchasing additional video cameras. The ability to purchase additional video cameras was one of the listed goals in the 2008 Byrne JAG application. The overall goal is to purchase much needed equipment for the City of Asbury Park

Police Department from this grant funding that otherwise would not have been possible through normal budgetary allocations and to build on the 2008 JAG goals. Specific items are listed in the budget narrative.

Items to be purchased include video surveillance cameras with accompanying pole mounts and power supplies, a Spectracom Net Clock Time Server, patrol car camera systems with front and rear camera and wireless microphones, a server for the patrol camera system, wireless antennas and a DVMS system for the patrol camera system and an Automatic License Plate Recognition system to outfit one patrol vehicle. All items have been determined to represent critical needs to facilitate improvements indicated in the program narrative.

All items will be purchased through a companies who are vendors with the State of New Jersey and have valid contracts. Otherwise, projects will be put out to bid as per New Jersey State Law.

The **Asbury Park** program budget is designated to be for the following equipment:

- Infinova model 1749 PTZ video surveillance cameras
- Pole mounts for the video surveillance cameras
- Power supply source for the video surveillance cameras
- ICOP Model 20/20 installed DVR system w/ wireless microphones
- ICOP Server - Rackmount
- ALPR 4 Camera Kit
- Spectracom Net Clock Time Server
- Automatic Disk Publishing System
- WAP antenna with installs
- ICOP DVMS for server with training
- ICOP Wireless Access Point Kit
- Docking station Kit
- 950 LED Camera
- Back Office Server software and installation

Performance Measures

The equipment upgrades will be evaluated for improvements in public safety, efficiencies, increased capacity, quicker response by law enforcement and improvements to systems. We will track by programmatic reports and purchase orders.

We anticipate that Asbury Park will complete their acquisitions within the first year of this grant funding.

BOROUGH OF BELMAR

EDWARD BYRNE MEMORIAL JUSTICE ASSISTANCE GRANT (JAG) PROGRAM NARRATIVE

Use of JAG Grant

Whereas, the U.S. Department of Justice, Office of Justice Programs, Bureau of Justice Assistance has posted the availability of grant funds for the Recovery Act: Edward Byrne Memorial Justice Assistance Grant ("JAG") Program through the American Recovery and Reinvestment Act of 2009, which provides a no match funding source to local units of government for law enforcement and justice initiative purposes. The Monmouth County total funding is \$749,294.00 and the Borough of Belmar is eligible to receive \$17,375.00.

The Police Department, and the governing body discussed the funding and decided on the following purchases that will enhance public safety. The Borough Council has pledged to supply the additional \$1737.00 in township funds to complete this project.

Project Area – In Car Computer

The Borough of Belmar currently deploys 5 patrol vehicles. The summer months are the busiest statistically and require all police vehicles have the capability to communicate with our 911 Dispatch Center by sending and receiving data. Currently, 3 of the 5 vehicles have state-of-the art computers, which can handle the full requirement of continuous queries, camera control and communications loads. The remaining vehicles need the same capability to be considered for frontline use. With maintenance requirements and downtime all 5 vehicles are in constant use and the last two would require new computers.

Project Area – In-Car Video System

For the protection of our Police Officers and to insure accurate capture of case data, today's patrol vehicles need in-car video systems. As stated above, we currently have 2 front line vehicles equipped with new camera systems capable of recording to our in-house server and monitoring stations. These have proved invaluable in providing clear evidence for our court cases and are utilized as an effective training device. The existing systems are old and unreliable. This grant would enable us to replace the systems in these vehicles.

Project Area – Computer Upgrades

Several computers within the department are more than 5 years old and are in need of replacement. In addition, our Detective Division is in need of a portable computer for utilization at crime scenes. This unit would need mobile access to headquarters for transfer of information from the scene of a crime under investigation.

Performance Measures

The equipment upgrades will be evaluated for the improvements in public safety, efficiencies, increased capacity, quicker response by law enforcement and improvements to systems. We will track by programmatic reports and purchase orders.

We anticipate that Belmar will complete their acquisitions and programs within the first year of this grant funding.

**BOROUGH OF EATONTOWN
EDWARD BYRNE MEMORIAL JUSTICE ASSISTANCE GRANT
(JAG)**

PROGRAM NARRATIVE

Whereas, the U.S. Department of Justice, Office of Justice Programs, Bureau of Justice Assistance has posted the availability of grant funds for the Recovery Act: Edward Byrne Memorial Justice Assistance Grant ("JAG") Program through the American Recovery and Reinvestment Act of 2009, which provides a no match funding source to local units of government for law enforcement and justice initiative purposes. The Monmouth County total funding is \$749,294.00 and the Borough of Eatontown is eligible to receive \$17,158.00 of this funding.

The Police Chief and governing body of the Borough of Eatontown discussed the best use of these funds. The Eatontown Police Department is in need of upgrades to its currently deployed Mobile Video Recorder infrastructure.

Project Area-Mobile Video Recorders

The system was rolled out in early 2003 and consisted of, what was at the time, state of the art VHS video tape recorders mounted in 15 patrol vehicles. The primary purpose of these systems is to video and audio record motor vehicle violations and subsequent enforcement by police officers. These systems, when introduced to law enforcement approximately 20 years ago, were initially deployed to assist in the prosecution of intoxicated drivers. The field testing component of a DWI arrest has become one of the most important factors when it comes to mounting a successful prosecution in court.

The Mobile Video Recorders have become an instrumental part of those prosecutions, as they can accurately record most aspects of a suspect's driving behavior and physical condition when contacted by a police officer. Further, these devices have become an important tool for patrol officers when they are at the scene of motor vehicle crashes, domestic violence complaints and other incidents where video and audio documentation can accurately depict the incidents as they occur. It has also become an invaluable resource when officers are the target of internal affairs complaints. More often than not, the video record of a motor vehicle stop or similar incident that results in an I.A. complaint has vindicated the officer involved. This agency has developed and implemented a General Order that deals specifically with the deployment and use of Mobile Video Recorders during a police officer's tour of duty.

The maintenance of these systems has become cost-prohibitive. As they age, they are subject to more frequent breakdowns, which result in costly service visits by the vendor, which are billed hourly as well as for travel time and replacement parts. The cost for an annual service agreement has risen exponentially over the years because of the

current equipment's impending obsolescence and has been discontinued due to budgetary restrictions. Further, the manufacture of VHS tapes has ceased. The video tape reserves will soon be depleted because tapes, by policy, can only be reused several times before they have to be taken out of service. The amount of tapes that have to be archived also presents storage problems in the already crowded property cage at police headquarters.

The most logical solution to these issues is to migrate to digital technology, which will eliminate most of the previously mentioned issues. Video tapes will no longer be required to capture and store video and audio recordings, which will be stored in a computer database as well as archived to compact video discs. Current digital technology, coupled with future improvements, will also enable "streaming video" from the police vehicles, which will allow other police officers, dispatchers and patrol supervisors the ability to monitor field activities in real time, enhancing officer safety in the process.

The vendor of choice for this upgrade is L-3 Communications, d/b/a Mobile Vision Inc. of Boonton, New Jersey. This agency currently utilizes the Mobile Vision product line, and one of the newer VHS units currently in service can be upgraded to digital technology. Based upon the proposed funding currently available to this agency under the impending JAG grant, we are requesting funding for two new Mobilevision MVD-FB2DVS Flashback 2 Digital Video Systems, the purchase and installation of one new Mobilevision MVD-FB2DVS-UPG Upgrade, the purchase and installation of one new Mobilevision MVD-DEV1440 Digital Evidence Viewer Workstation and the purchase and installation of one new Mobilevision MVD-8675-A-Assy Wireless access point. The Borough of Eatontown has CCR status, and it is active until March 20, 2010. Our D.U.N.S. number is 046542460

Performance Measures

The equipment upgrades will be evaluated for improvements in public safety, efficiencies, increased capacity, quicker response by law enforcement and improvements to systems. We will track by programmatic reports and purchase orders.

We anticipate that Eatontown will complete their acquisitions within the first year of this grant funding.

**BOROUGH OF FREEHOLD
EDWARD BYRNE MEMORIAL JUSTICE ASSISTANCE GRANT
(JAG)**

PROGRAM NARRATIVE

Whereas, the U.S. Department of Justice, Office of Justice Programs, Bureau of Justice Assistance has posted the availability of grant funds for the Recovery Act: Edward Byrne Memorial Justice Assistance Grant ("JAG") Program through the American Recovery and Reinvestment Act of 2009, which provides a no match funding source to local units of government for law enforcement and justice initiative purposes. The Monmouth County total funding is \$749,294.00 and the Borough of Freehold is eligible to receive \$28,886.00 of this funding.

The Police Chief and governing body of the Borough of Freehold discussed the best use of these funds and decided on continuing to provide a Youth Police Academy. Without this funding, this program would not continue. The Youth Police Academy is an eight day summer program for children between the ages of 12 and 16 and will take place for eight days each summer for the summers of 2009, 2010 and 2011.

Project Area – Youth Police Academy:

This interactive program will introduce the participants to all aspects of law enforcement. Guest speakers will include members of the FBI, US Secret Service, US Marshals Service, New Jersey State Police, Immigration and Customs Enforcement, Homeland Security, and the Monmouth County Prosecutor's Office.

This hands-on program will feature demonstrations and exercises to enable the youths to put into practice the concepts they have learned. Participants will experience military etiquette, drill and ceremony, handcuffing techniques, police-K-9 interaction, basic criminal investigation, police baton training and first aid and fire safety.

The Freehold Borough Youth Police Academy is being operated with the backing and cooperation of the Freehold Borough Mayor and Council and the Police Chief, Mitchell Roth. The program is open to all youths; however, Freehold Borough residents will be given priority.

The coordinator of the Youth Police Academy is Patrolman Keith Bailey, 19 year veteran of the department. Sgt. Andrew DeMuth, Patrolman Chris Colaner, Patrolman Ronnie R. Steppat, Jr, and Patrolman Sean Healy will assist Bailey.

Performance Measures

Twenty six youths, over the course of three years, will receive eight days of prevention training each year with the goal of community crime prevention. We will monitor the number of youths who participate and training sessions completed. This program was expected to be eliminated, but was restored because of the JAG funding. The instructor's position was saved due to the JAG funding.

This program will take three years to complete.

**TOWNSHIP OF FREEHOLD
EDWARD BYRNE MEMORIAL JUSTICE ASSISTANCE GRANT
(JAG)
PROGRAM NARRATIVE**

Use of JAG Grant

Whereas, the U.S. Department of Justice, Office of Justice Programs, Bureau of Justice Assistance has posted the availability of grant funds for the Recovery Act: Edward Byrne Memorial Justice Assistance Grant ("JAG") Program through the American Recovery and Reinvestment Act of 2009, which provides a no match funding source to local units of government for law enforcement and justice initiative purposes. The Monmouth County total funding is \$749,294.00 and the Township of Freehold is eligible to receive \$31,709.00.

The Police Department, with the concurrence of the governing body discussed the funding and decided on the following purchases that will enhance public safety. The funding offered through this grant would allow our agency to purchase a fixed/mobile, high speed, automatic license plate reader (LPR).

Project Area – Automatic License Plate Reader and Computer Upgrades

This device, mounted on a police vehicle has the capability of recording and checking license plates while the vehicle is in motion with speeds up to 100 mph. The unit can also be mounted in a stationary position using either a pole or stand. The LPR is capable of having a specific plate entered that is "wanted" (ex: vehicle used for child abduction, bank robbery, fleeing suspect) and it will high speed read all plates that travel past the patrol vehicle and alert the officer when the plate is observed. The plate reader keeps history of the plates observed and that history can be used in identifying if and when the vehicle was in a specific area where a crime may have occurred.

The New Jersey State Police (NJSP) are responsible for the safety and security of wanted persons and motor vehicle records shared with authorized agencies in our State. To ensure seamless and secure tracking of the information exchanged through the LPR and the NJSP, a separate computer will be purchased with grant funding in addition to the LPR. This computer will allow our agency to properly track and archive the information we have requested and received from the NJSP in the event of an audit or investigation regarding specific records.

In addition to the specific purpose computer, our agency is currently preparing to merge our communications center with the Monmouth County communications center. This shared service will bring enhanced dispatching services to our agency and allow for seamless communications with other law enforcement agencies that work in or near our community. In order to maintain maximum efficiency, our records management, traffic safety and patrol computers will require an upgrade. Additionally, these computers will

allow for online training in areas of emergency management response, domestic violence training, Haz-Mat and other State mandated required training.

The benefit of having a LPR is advantageous to our agency as well as surrounding law enforcement agencies. The deployment of the LPR in relationship to a large event or to heighten security with a pre-established "watch list" serves as an invaluable tool. This will also allow us to record all vehicles entering an event or area for further review. The historical storage of data has been demonstrated to successfully assist law enforcement in crime solving and crime prevention. Data mining through LPR data has also demonstrated identification of wanted persons and suspect vehicles involved in criminal activity that had been observed entering or leaving the area the crime was committed.

Our agency will greatly benefit in shared services in communications. The computer upgrade of our records management system will enhance tracking and scanning of historical police reports and documents as well as Officer report writing. This will provide our agency with direct access for court and Officer needs. The online training component will provide many years of needed and consistent training of required and supplementary information for Officers on all shifts.

Performance Measures

The equipment upgrades will be evaluated for the improvements in efficiencies, increased capacity, quicker response by law enforcement, increase in public safety and improvements to systems. We will track by programmatic reports and purchase orders.

We anticipate that Freehold Township will complete their acquisitions and programs within the first year of this grant funding.

TOWNSHIP OF HOWELL

EDWARD BYRNE MEMORIAL JUSTICE ASSISTANCE GRANT (JAG) PROGRAM NARRATIVE

Use of JAG Grant

Whereas, the U.S. Department of Justice, Office of Justice Programs, Bureau of Justice Assistance has posted the availability of grant funds for the Recovery Act: Edward Byrne Memorial Justice Assistance Grant ("JAG") Program through the American Recovery and Reinvestment Act of 2009, which provides a no match funding source to local units of government for law enforcement and justice initiative purposes. The Monmouth County total funding is \$749,294.00 and the Township of Howell is eligible to receive \$35,184.00.

The Police Department, with the concurrence of the governing body discussed the funding and decided on the following project that will enhance public safety. As the recipient of \$35,184.00 in funds through the JAG grant, the Howell Township Police Department proposes to use the funds for the following projects:

Project Area – Outfitting patrol vehicles with dual rifle and shotgun racks:

Increasingly the safety of the law enforcement community has been threatened with the influx of weapons readily available to those who intend to use them against our citizens and police. The weapons used by the criminal element have begun to exceed that carried by law enforcement. In order to combat this phenomenon our agency has purchased patrol rifles to use in conjunction with our standard shotgun. The difficulty has been in safely storing both weapons within a patrol vehicle. Our agency has been interested in purchasing dual shotgun/rifle racks, but has been unable to due to lack of funds. The funds obtained through this grant would assist our agency in outfitting several vehicles in a safe manner giving officers the ability to have quick access to either weapon.

Project Area – Purchase a Digital Video System for the Interrogation Room:

The Attorney General has issued mandates advising all law enforcement agencies must surreptitiously record the interview and statement of certain suspects. When this was mandated our agency had limited funds to purchase a system and had to opt on purchasing a VCR attached to a camera system. That system was woefully outdated when purchased, but it was all our agency could afford at the time. With the funds offered through this grant our agency would request the purchase of a Cardinal Peak CaseCraker Interview Management System. This system most importantly is a work station with Linux and all interviews are saved to DVDs.

The greatest advantage is the quality of the interviews, which as I mentioned was recorded on a DVD. The ease of copying the interviews to turn over to other law enforcement agencies or the court system is unrivalled. Currently copying a VHS tape causes the statement and the interview to become blurred and difficult to understand. We have also found that the VHS tapes are more prone to damage or becoming inadvertently taped over or erased than the DVDs. Our

agency is one of the few agencies still using VHS which is not compatible with other system. Obtaining this system would enhance our ability to create superior quality video and audio recordings to be used as evidence in serious criminal investigations.

Project Area #4 – Outfitting Patrol Vehicles with shotguns:

Due to the increase in police officers our patrol fleet has also increased. However, since the increase our department has been unable to outfit all the vehicles with a shotgun, this leaving our officers at risk when confronted by the weapons that are readily available to those who intend to use them against our citizens and police.

Project Area – Old Patrol Shotgun Conversions

Our agency has been trying to convert our old shotguns to a more tactical ready version. However due to lack of funding we have been unable to make this happen. Outfitting our patrol shotguns with this conversion would make them easier for officers to handle and operate. Grant funding would allow for 20 shotguns to be converted and save the department from purchasing additional new shotguns.

The above items requested through the grant are for the purpose of further our law enforcement objective and provide unmatched service to our community.

Project Area—Training with Simunitions Ammunition

The importance of reality-based training has taken a forefront in law enforcement training. Life and death situations, more specifically shoot, don't shoot scenarios; need to be practice in a physical sense and not just scenarios on paper in a class room. The Howell Township Police Department currently utilizes Simunitions on limited bases due to cost. Approving this founding will allow our police officers to continue Simunitions training in relation to handgun drills, police service rifle drills, hand to hand combat and deadly force encounters.

Project Area—Training with Range Targets

As required by law in New Jersey, firearms qualifications are mandatory and an important part of the law enforcement experience. Most recently there has been a push to make training with moving targets mandatory, and rightfully so. When was the last time you were in a violent confrontation with someone who just stood still? Reactive shooting is the skill a police officer must rely on when suddenly confronted with a hazardous situation. It is a critical skill that can save officers' lives, and it is the result of conditioned hand-eye coordination developed by regular training. Approving the purchase for several portable targets as well as a tactical application scenario kit will allow our officers to better prepare for the life and death situation.

Performance Measures

The equipment and supply upgrades and acquisitions will be evaluated for improvements in public safety, efficiencies, increased capacity, quicker response by law enforcement and improvements to systems. We will track by programmatic reports and purchase orders.

We anticipate that Howell Township will complete their acquisitions within the first year of this grant funding.

BOROUGH OF KEANSBURG

EDWARD BYRNE MEMORIAL JUSTICE ASSISTANCE GRANT (JAG) PROGRAM NARRATIVE

Use of JAG Grant

Whereas, the U.S. Department of Justice, Office of Justice Programs, Bureau of Justice Assistance has posted the availability of grant funds for the Recovery Act: Edward Byrne Memorial Justice Assistance Grant ("JAG") Program through the American Recovery and Reinvestment Act of 2009, which provides a no match funding source to local units of government for law enforcement and justice initiative purposes. The Monmouth County total funding is \$749,294.00 and the Borough of Keansburg is eligible to receive \$32,795.00.

The Police Department, with the concurrence of the governing body discussed the funding and decided on the purchase of a police cruiser, an item that will enhance public safety.

Project Area – Police Cruiser

Keansburg is a Borough in Monmouth County, New Jersey. As of the United States 2000 Census, the borough population was 10,732. Keansburg is part of the Bayshore Regional Strategic Plan, an effort by nine municipalities in northern Monmouth County to reinvigorate the area's economy by emphasizing the traditional downtowns, dense residential neighborhoods, maritime history, and the natural beauty of the Raritan Bay coastline.

The Keansburg Police Department is a 43-member police force. The Department operates with a heavy emphasis on community policing. The Department is committed to Bicycle and Foot Patrols. Each patrol unit has 12 officers assigned throughout the year as a way for officers to build ongoing relations with community members and develop trust. The Department also facilitates a strong and active Neighborhood Watch Program. In terms of programs, the Department participates in the *Keys to Intervisions* support program for youth and families. This research-based program provides anger management and substance abuse prevention to youth, offering skills to resolve conflict and maintain healthy lifestyles, therefore decreasing further involvement with the criminal justices system. The program is designed to provide first time youth offenders, ages 10 – 16, with skills to develop healthy beliefs and acceptable ways to behave.

The Department also includes a Street Crimes Unit, which has proven results in terms of efficiency and impact. When the Street Crimes Unit started in 2004, 18 arrests were made; that number jumped to 141 in 2005, 196 in 2006, 200 in 2007 and 218 in 2008. The Street Crimes Unit includes four full-time police officers and targets gangs and drug dealers.

In terms of collaborations, the Department participates in the Monmouth County Prosecutor's Office Task Force, and assists the New Jersey State Police Gang Unit and the Drug Enforcement Agency. The Department is also a member of the Bayshore Task Force – a group of ten municipalities that share officers for strategic operations such as undercover work.

The Department includes two full-time School Resource Officers that provide ongoing support, mentoring and relationship-building with the Borough's school-aged children.

Overall, the Department's Community Policing Plan is an ongoing, active program that has helped establish an effective and trusting relationship between the Borough's residents and the Police Department and also has resulted in strong partnerships with business powers, other government agencies, community groups and the media.

In 2006, the Borough's Crime Index Total was 172, with 11 violent crimes and 161 non-violent crimes. The crime rate per 1,000 was 22.9. The violent crime rate per 1,000 was 1.5 and the non-violent crime rate per 1,000 was 21.5. In 2006, there were 0 murders, 1 rape, 6 robberies and 4 aggravated assaults, with 24 burglaries, 121 larcenies, 16 motor vehicle thefts, 8 arsons, and 50 domestic violence incidents.

In 2007, the Borough's Crime Index Total was 315, with 46 violent crimes and 269 non-violent crimes. The crime rate per 1,000 was 29.8. The violent crime rate per 1,000 was 4.4 and the non-violent crime rate per 1,000 was 25.4. In 2006, there were 0 murders, 4 rapes, 7 robberies and 35 aggravated assaults, with 42 burglaries, 215 larcenies, 12 motor vehicle thefts, 2 arsons, and 758 domestic violence incidents.

Performance Measures

The purchase of an additional police cruiser will be evaluated for improvements in public safety, efficiencies, capacity, quicker response by law enforcement and crime prevention. We will track by programmatic reports and purchase orders.

We anticipate that Keansburg will complete their acquisition within the first year of this grant funding.

**CITY OF LONG BRANCH
EDWARD BYRNE MEMORIAL JUSTICE ASSISTANCE GRANT
(JAG)
PROGRAM NARRATIVE**

Whereas, the U.S. Department of Justice, Office of Justice Programs, Bureau of Justice Assistance has posted the availability of grant funds for the Recovery Act: Edward Byrne Memorial Justice Assistance Grant ("JAG") Program through the American Recovery and Reinvestment Act of 2009, which provides a no match funding source to local units of government for law enforcement and justice initiative purposes. The Monmouth County total funding is \$749,294.00 and the City of Long Branch is eligible to receive \$91,653.00 of this funding. On March 29, 2009 the City Council passed a resolution in support of this project and in support of this application for funding.

The Police Chief and governing body of the City of Long Branch discussed the best use of these funds. Long Branch is a small urban city of 32,335 people with over thirty diverse nationalities. The median income in Long Branch is \$42,825.00, half of surrounding municipalities and the crime rate is twice that of surrounding towns. The Long Branch Police Dept. is comprised of 120 sworn officers who respond to over 30,000 calls per year. These calls resulted in more than 1800 arrests, 500 domestic violence situations and 200 juvenile custody issues.

**Project Area – Purchase, Installation and Support Digital Recording System,
upgrade of four interrogation rooms**

There is a constant need for suspects, victims and witnesses to be brought into the Police station. Interviews are conducted often with another party to the incident in the next room or hall area. The lack of adequate soundproofing often restricts free flow of questions and information. Investigations are slowed by lack of clear images such as may be required for "photo" line ups. Additionally, state mandates require recordation of all juvenile arrests and most crimes.

Therefore, the City of Long Branch decided to use the funds for the purchase, installation and support of Digital Recording Systems for four interview rooms and central control room. This will allow secure recordation as well as monitoring of those recordings. The CDs produced will be encrypted, preserving the interview in its entirety. The four interview rooms will be soundproofed and integrated to a central control room. Additionally, a Digital Imaging Capture Station will be purchased and integrated. This will allow the integration of various picture and data systems currently in use by the Police Department. It will also provide the ability to search for pictures of user specified items such as tattoos associated with gang activity.

The Long Branch Police Department is requesting through the Recovery Act: Edward Byrne Memorial Justice Assistance Grant ("JAG") Program funds for the purchase of furniture and fixtures. This includes recording consoles as well as interview

stations designed to facilitate interaction with victims, defendants as well as assisting investigators.

The project objectives will include to improve the functioning of the criminal justice system and to assist victims of crime. Information will be more accessible in a shorter amount of time. The monies allocated will be accepted in resolution form with a line item created in the budget as a grant account, specifically for this purpose. It is expected that this project will be completed within six to nine months after allocation of funds. This project was initially conceived in August of 2008 with the intent that it was a critical component of agency operations. Due to this, quotes were solicited. As a result the project can be started and completed expeditiously.

Performance Measures

The equipment upgrades will be evaluated for the improvements in public safety, efficiencies, increased capacity, quicker response by law enforcement and improvements to systems. We will track by programmatic reports and purchase orders.

We anticipate that the City of Long Branch will complete their acquisitions and programs within the first two years of this grant funding.

TOWNSHIP OF MANALAPAN

**EDWARD BYRNE MEMORIAL JUSTICE ASSISTANCE GRANT
(JAG)
PROGRAM NARRATIVE**

Use of JAG Grant

Whereas, the U.S. Department of Justice, Office of Justice Programs, Bureau of Justice Assistance has posted the availability of grant funds for the Recovery Act: Edward Byrne Memorial Justice Assistance Grant ("JAG") Program through the American Recovery and Reinvestment Act of 2009, which provides a no match funding source to local units of government for law enforcement and justice initiative purposes. The Monmouth County total funding is \$749,294.00 and the Township of Manalapan is eligible to receive \$14,334.00.

The Manalapan Township Police Department and the governing body of the Township discussed the funding and the decided on how to spend the grant. Currently, the Manalapan Police Dept. suffers from a shortage of portable radios for its personnel.

Project Area—Portable Radios:

There have been numerous times, especially during major events (when they are needed most) that we have not had enough portables to adequately supply the officers who were working. The purchase of these additional radios using this grant money will allow us to more effectively equip our officers during critical incidents and further elevate our current level of officer safety on the road. These radios will allow Manalapan Township to further develop interagency emergency response plans and strengthen unified command of routine and large-scale incidents involving multiple jurisdictions. This strategy is in keeping with National Incident Management Systems (NIMS) and New Jersey State incident management strategies.

The budget document addresses one area, the purchase of radios.

All items will be purchased through companies who are vendors with the State of New Jersey and have valid contracts. Otherwise, projects will be put out to bid as per New Jersey State Law.

Performance Measures

The equipment upgrades will be evaluated for the improvements in public safety, efficiencies, quicker response by law enforcement and improvements to systems. We will track by programmatic reports and purchase orders.

We anticipate that the Township of Manalapan will complete their acquisitions and programs within the first year of this grant funding.

TOWNSHIP OF MARLBORO

EDWARD BYRNE MEMORIAL JUSTICE ASSISTANCE GRANT (JAG) PROGRAM NARRATIVE

Use of JAG Grant

Whereas, the U.S. Department of Justice, Office of Justice Programs, Bureau of Justice Assistance has posted the availability of grant funds for the Recovery Act: Edward Byrne Memorial Justice Assistance Grant ("JAG") Program through the American Recovery and Reinvestment Act of 2009, which provides a no match funding source to local units of government for law enforcement and justice initiative purposes. The Monmouth County total funding is \$749,294.00 and the Township of Marlboro is eligible to receive \$12,814.00.

The Police Department, with the concurrence of the governing body discussed the funding and decided on the following project that will enhance public safety. As the recipient of \$12,814.00 in funds through the JAG grant, the Marlboro Township Police Department proposes to use the funding for the Marlboro Township Alliance for the Prevention of Substance Abuse to provide workshops on the dangers of Alcohol and Drug Abuse and on Internet Safety.

Project Area – Support Municipal Drug Alliance

The funds received from this grant will be used to provide workshops regarding the dangers of ATOD and Internet Safety. The target population will primarily be parents and caregivers. The coordinator of this program, Nancy Geist, will be paid from the grant funds to coordinate this program.

We will present two workshops per year. The topics covered will include:

Alcohol-

- Binge drinking
- Driving while intoxicated
- Underage drinking
- Host liability

Due to the high number of parties in town that are attended by youth who are under the legal age to consume alcohol the goal of the Alliance is to inform both youth and adults of the dangers and legal consequences.

We believe this workshop should be presented in the spring time prior to prom and graduation.

Internet Safety-

- Chat Rooms
- Face Book
- MySpace
- Bullying via internet
- Sending inappropriate pictures via internet or cell phone

Both students and parents need to be informed about the dangers of the internet. After discussions with students in our middle schools it is clear that they are not aware of the dangers of meeting "new friends" in unsafe places.

Our goal in providing workshops about internet safety is to inform parents/caregivers of how to monitor their youth and the sites they visit.

Drugs-

With the possibility of the legalization of marijuana we believe it is imperative to inform parents/ caregivers of the dangers of recreational marijuana.

As issues arise about a particular substance we would present a workshop regarding that substance.

Attendees at all workshops would receive a folder with pertinent information. This folder would serve as a resource after the workshop is over.

Performance Measures

The monitor the program for effectiveness by watching the records of attendees and reports by the coordinator. This program would not exist except for the funding provided by this grant. We will track by programmatic reports and purchase orders.

This program will take four years to complete.

**TOWNSHIP OF MIDDLETOWN
EDWARD BYRNE MEMORIAL JUSTICE ASSISTANCE GRANT
(JAG)
PROGRAM NARRATIVE**

Whereas, the U.S. Department of Justice, Office of Justice Programs, Bureau of Justice Assistance has posted the availability of grant funds for the Recovery Act: Edward Byrne Memorial Justice Assistance Grant ("JAG") Program through the American Recovery and Reinvestment Act of 2009, which provides a no match funding source to local units of government for law enforcement and justice initiative purposes. The Monmouth County total funding is \$749,294.00 and the Township of Middletown is eligible to receive \$31,927.00 of this funding.

The Police Chief and governing body of the Township of Middletown discussed the best use of these funds in May 2009. The following narrative is the result of that discussion.

Project Area – Radio Antennae

The Middletown Township Police Department is a progressive police agency that is established with a self sustaining and self supporting Police Communications Dispatching Center. This Communications Center is the primary control center for all police, fire and EMS operations located within Middletown Township. The radio communications transmitting from the Communications Center rely on three primary antennae that are located throughout the Township, and cover approximately 42 square miles. In approximately December of 2008 we began noticing a breakdown in the quality of the radio transmissions emitting from the main primary antennae, located on the water tower at Naval Weapons Station Earle. This antenna is responsible for approximately 70% of the radio transmissions in the Township. Since the problem was identified in December of 2008, the quality of radio transmissions has declined and there have been documented periods of failure of the antennae, where all communications with police dispatch has been lost. The Township plans to replace the antennae with grant funding from the Edward Byrne Memorial Justice Assistance Grant.

Project Area – Computer Upgrade

The Middletown Township Police Department maintains its own Police Records Bureau which processes and maintains all police department generated computer records. The Bureau currently has 5 civilian clerks employed who are supervised by a police lieutenant. The Bureau recently received new computers with the exception of one civilian clerk. The police department plans to purchase one Dell brand computer, of the same quality and capability as those of the other civilian clerks, to bring and maintain the Bureau in sync with the other employees of the Bureau and the police department itself. Also planned in this purchase is one Hewlett-Packard Ink Jet printer.

Project Area – Mobile Data Terminals

The Police Department maintains a marked patrol car fleet of approximately 25 police cars. These vehicles are used primarily by patrol and traffic bureau personnel in patrolling the Township and responding to calls for service. These vehicles are equipped with Mobile Data Terminals (MDT's) for report writing purposes as well as for local, state, and national police record checks. Over the course of the past few years the police department has attempted to "phase out" the older and now outdated "Notebook/Toughbook" brand MDT's that were originally in these patrol cars with Data 911 Mobile Data Terminals. The police department currently has the need to replace two of these older MDT's and plans to do so with the purchase of Data 911 Mobile Data Terminals/Laptops with the funding from this grant.

Project Area – Patrols in Unmarked Cars

The price breakdown for this equipment is as follows The Middletown Township Police Department has traditionally been a progressive policing agency and has often turned to creative patrol techniques to address specific problems within its jurisdictional boundaries. One of these problems has been an increase in criminal mischief and vandalism to township maintained parks and public areas. Over the course of recent years we have found that these problems usually increase during the summer months when area juveniles are out of school, particularly on weekends and tend to involve underage drinking and narcotics use.

To combat this problem, the police department has supplemented its regular patrol force (marked patrol units in a designated patrol district) with the use of additional plain clothes officers in unmarked police vehicles. These officers work in patrols of two officers at a time, usually for a four hour time period. Officers assigned these details will often target recent problem areas within the township including the 43 township maintained parks and 28 undeveloped township maintained park easements. These officers also assist regular patrols when an unmarked patrol presence is necessary or required. We plan to utilize this grant to assign officers to approximately 12 details for the purpose of addressing these Quality of Life Issues in the following manner:

- Officers assigned to detail will be paid at a rate of \$50.00 per hour for a four hour minimum, Total \$200.00. Two officers per detail, Total \$400.00.
- The police department will assign 12 details at \$400.00 per detail, for a total of \$4800.00.

Project Area – Foot Patrols and Traffic Control for Kaboom

The Middletown Township Police Department participates in the Annual Red Bank Fireworks Display, "Kaboom" over the Navesink River. This fireworks show annually draws upwards of 150,000 people to the area for the viewing for the fireworks display. These viewers utilize the major roadways in and around Middletown Township to get to Red Bank to watch the display, and as a result, often create major traffic delays and tie ups in the area. The Middletown Police Department traditionally assigns between 15 to 20 officers to assist with traffic and crowd control for this event just in Middletown Township alone. Not only does the police department have to maintain traffic flow and

control through our jurisdiction, we must also deal with pedestrian flow and control and the quality of life issues that come along with it. We plan to utilize the remainder of this grant to supplement those patrols and officers assigned within Middletown Township for this fireworks event (these additional officers are in addition to the regular police patrols scheduled for regular duty during this time period). The cost for this deployment from this grant is approximately \$2800.00 and broken down in the following manner:

- One officer assigned at \$50.00 per hour, for an 8 hour period, total \$400.00
- 7 officers assigned to this detail at \$400.00 per officer, total \$2800.00.

Performance Measures

We will evaluate the frequency of patrols unmarked police patrol cars as requested in application and document areas that would not have coverage without the assistance of these patrols. We will also evaluate the walking patrols and traffic patrols engaged for KABOOM. An additional performance measure is the tracking temporary employment which will be funded under this grant to implement increased law enforcement activity.

The equipment upgrades will be evaluated for the improvements in efficiencies, increased capacity, quicker response by law enforcement and improvements to systems. We will track by programmatic reports and purchase orders.

We anticipate that Middletown will complete their acquisitions and programs within the first year of this grant funding.

BOROUGH OF NEPTUNE CITY

EDWARD BYRNE MEMORIAL JUSTICE ASSISTANCE GRANT
(JAG)
PROGRAM NARRATIVE

Whereas, the U.S. Department of Justice, Office of Justice Programs, Bureau of Justice Assistance has posted the availability of grant funds for the Recovery Act: Edward Byrne Memorial Justice Assistance Grant ("JAG") Program through the American Recovery and Reinvestment Act of 2009, which provides a no match funding source to local units of government for law enforcement and justice initiative purposes. The Monmouth County total funding is \$749,294.00 and Borough of Neptune City is eligible to receive \$10,425.00 of this funding.

The Police Chief and governing body of Neptune City discussed the best use of these funds. To further this process, the Neptune City Council will be offering a public resolution to authorize the County of Monmouth to apply for this grant on behalf of the Borough of Neptune City. The County of Monmouth will administer the grant and be responsible for all reporting. Additionally, the Borough of Neptune City will authorize the County of Monmouth to take a ten percent fee out of the grant funds for the administration of this grant. The public reading of the resolution will held during the City Council meeting of May 26, 2009. This regularly scheduled meeting date was published in the local newspapers.

Project Area – Digital In-Car Video Cameras

The ability of public safety agencies to effectively detect and deter crime and provide safety for its citizens as well as its officers is crucial. A positive step in this direction is the purchase of Digital In-Car Video Cameras. This funding will give the Borough of Neptune City the opportunity to provide the residents a safer community.

Although the amount of funding available under this grant is insufficient to meet the total cost of the project, the Borough of Neptune City will acquire the balance to complete the project.

The use of cameras in police vehicles give patrol officers added protection against false accusations of police misconduct during traffic stops, the ability to record a variety of dangerous situations such as felony stops and vehicular pursuits and the protection of the citizen are just a sample of the need and uses of the Digital In-Car Video Cameras.

Residents and businesses have come to expect and now request more of a police presence. Neptune City is a small community, densely populated, over 300 businesses

with three major shopping centers and seven liquor establishments. There is no doubt that this project will reduce crime.

Neptune City's program budget is designated to be for the following equipment: Digital In-Car Video Cameras.

Performance Measures

The equipment and supply upgrades and acquisitions will be evaluated for improvements in public safety, efficiencies and quicker response by law enforcement and improvements to systems. We will track by programmatic reports and purchase orders. We anticipate that Neptune City will complete their acquisitions within the first year of this grant funding.

TOWNSHIP OF NEPTUNE

EDWARD BYRNE MEMORIAL JUSTICE ASSISTANCE GRANT (JAG) PROGRAM NARRATIVE

Use of JAG Grant

Whereas, the U.S. Department of Justice, Office of Justice Programs, Bureau of Justice Assistance has posted the availability of grant funds for the Recovery Act: Edward Byrne Memorial Justice Assistance Grant ("JAG") Program through the American Recovery and Reinvestment Act of 2009, which provides a no match funding source to local units of government for law enforcement and justice initiative purposes. The Monmouth County total funding is \$749,294.00 and the Township of Neptune is eligible to receive \$103,815.00.00.

The Police Department, with the concurrence of the governing body discussed the funding and decided on the following purchases that will enhance public safety.

Project Area - Radio and Data Communications Equipment and Supplies:

This project proposes to fund much needed radio and associated communications equipment, data communications equipment and digital mobile video equipment to facilitate improved public safety. The overall goal is to improve interoperability of communications systems by purchasing strategic voice, video and data communications equipment. Specific items are listed in the Budget Detail Worksheet.

A secondary goal is to further develop interagency emergency response plans and strengthen unified command of routine and large-scale incidents involving multiple jurisdictions. This strategy is in keeping with National Incident Management Systems (NIMS) and New Jersey State incident management strategies.

Items to be purchased include, mobile police video recording equipment, portable and mobile police radios, mobile police data computers and vehicle mounts for the equipment. All items have been determined and agreed upon by the partner municipalities to represent critical needs to facilitate improvements indicated in the program narrative.

Performance Measures

The equipment upgrades will be evaluated for the improvements in efficiencies, increased capacity, increased public safety, quicker response by law enforcement and improvements to systems. We will track by programmatic reports and purchase orders.

We anticipate that Neptune Township will complete their acquisitions and programs within the first year of this grant funding.

**TOWNSHIP OF OCEAN
EDWARD BYRNE MEMORIAL JUSTICE ASSISTANCE GRANT
(JAG)
PROGRAM NARRATIVE**

Whereas, the U.S. Department of Justice, Office of Justice Programs, Bureau of Justice Assistance has posted the availability of grant funds for the Recovery Act: Edward Byrne Memorial Justice Assistance Grant ("JAG") Program through the American Recovery and Reinvestment Act of 2009, which provides a no match funding source to local units of government for law enforcement and justice initiative purposes. The Monmouth County total funding is \$749,294.00 and the Township of Ocean is eligible to receive \$25,845.00 of this funding.

The Police Chief and governing body of the Township of Ocean discussed the best use of these funds in May 2009. The Ocean Police Department is requesting through the Recovery Act: Edward Byrne Memorial Justice Assistance Grant ("JAG") Program funds for the purchase of six Motorola XTS5000 portable radios with CAI, digital trunking, AES encryptions and Impress smart chargers.

Project Area – Portable Radios

These radios will be assigned to our Mobile Command Vehicle in order to allow for interoperability during multi-jurisdictional operations. These radios will be compatible with a new digital radio system planned for installation later in 2009. The radios are equipped with the U-TAC UHF interoperability radio channels.

These radios give an incident commander the capability of deploying and controlling personnel more efficiently and effectively. Communities of similar size as the Township of Ocean cannot possibly maintain staffing to meet every emergency situation. Consequently in order to meet potential emergencies in a cost effective way, we must depend on mutual aid from surrounding communities. The interoperability of communications is a key element in dealing with major events utilizing personnel from multiple jurisdictions.

Performance Measures

The equipment upgrades will be evaluated for the improvements in public safety, efficiencies, quicker response by law enforcement and improvements to systems. We will track by programmatic reports and purchase orders.

We anticipate that the Township of Ocean will complete their acquisitions and programs within the first year of this grant funding.

BOROUGH OF RED BANK

EDWARD BYRNE MEMORIAL JUSTICE ASSISTANCE GRANT (JAG) PROGRAM NARRATIVE

Whereas, the U.S. Department of Justice, Office of Justice Programs, Bureau of Justice Assistance has posted the availability of grant funds for the Recovery Act: Edward Byrne Memorial Justice Assistance Grant ("JAG") Program through the American Recovery and Reinvestment Act of 2009, which provides a no match funding source to local units of government for law enforcement and justice initiative purposes. The Monmouth County total funding is \$749,294.00 and the Borough of Red Bank is eligible to receive \$25,845.00 of this funding.

The Police Chief and governing body of Red Bank discussed the best use of these funds. The following program, a combination of personnel and equipment, was decided upon.

Project Area – Walking Patrols:

The Borough of Red Bank has a total of 39 liquor licenses. The summer months are the busiest statistically. The busiest nights of the week are Thursday, Friday, and Saturday. Eight of the consumption licenses are located within a three-block area. Often patrols must remain in the area during the late evening hours until bar closing as well as spending additional overtime hours. The other areas of the town are neglected while the majority of the people and the majority of police are in this area. We are looking to institute a two man walking patrol in the downtown area to supplement all the patrols. This walking patrol would be a four-hour shift from 2300 hours until 0300 hours on the busiest nights. We have generally supplemented the patrol with Special Officers however this year two of those positions had to be eliminated. The grant would enable the police department to provide the coverage the Borough of Red Bank needs on those busy nights for a fifteen-week period.

Project Area – Mobile Field Reporting:

2003 the Red Bank Police Department implemented a mobile field reporting program in the patrol cars. Currently, Patrol officers have the capability of completing incident reports in the vehicles. The officers also can use the mobile computer to query NCIC, NLETS, NJWPS, ATS, and NJ DMV databases. In the current configuration these two pieces operate as independent programs. The stand-alone NCIC portion is not being updated any longer, and we are the only police department in the nation still using this product. Our records management software company Cody Computer Services now offers an enhanced version used to integrate these formerly independent pieces. This product is called Cody Mobile 7. No new features will be added to the current product that we have Mobile 6 in the future. In addition to combining the field reporting and NCIC query functions this product offers the below enhancements.

- Ability to cache data in a way that nothing is lost if the mobile wireless connection is broken. Presently, an officer loses all data if while he is entering a report the connection is lost and he had not saved the entry.
- Integrated NCIC query, with ability to import data directly into the records management software.
- Ability to access business file from a mobile unit. The business file stores, owner contact information, emergency telephone numbers, and images for example floor plans and photographs of entryways.
- Ability for text messaging between mobile units and from mobile units to in-house workstations. This allows for increased security for confidential information as opposed to having it broadcast via the radio.
- Auto-Updating feature allows the cars to update themselves after an update.
- Access to data fields in the mobile unit that previously had only been available from in house workstations.

Performance Measures

We will evaluate the frequency of walking patrols as requested in application and document areas that would not have coverage without the assistance of these patrols. An additional performance measure is the tracking of 312 hours of temporary employment which will be funded under this grant to implement increased law enforcement activity.

The equipment upgrades will be evaluated for the improvements in efficiencies, increased capacity, quicker response by law enforcement and improvements to systems. We will track by programmatic reports and purchase orders.

We anticipate that Red Bank will complete their acquisitions and programs within the first year of this grant funding.

TOWNSHIP OF WALL

**EDWARD BYRNE MEMORIAL JUSTICE ASSISTANCE GRANT
(JAG)
PROGRAM NARRATIVE**

Use of JAG Grant

Whereas, the U.S. Department of Justice, Office of Justice Programs, Bureau of Justice Assistance has posted the availability of grant funds for the Recovery Act: Edward Byrne Memorial Justice Assistance Grant ("JAG") Program through the American Recovery and Reinvestment Act of 2009, which provides a no match funding source to local units of government for law enforcement and justice initiative purposes. The Monmouth County total funding is \$749,294.00 and the Township of Wall is eligible to receive \$17,592.00.

The Police Department, with the governing body discussed the funding and decided on the following purchases that will enhance public safety. The Wall Township Police Department would like to use the \$17,592.00 in JAG grant funds to purchase electronic traffic speed signs to be placed in school zones. These signs would be pole mounted and either battery or solar powered. They display the speed of passing drivers on a digital screen. They would be permanently affixed near the four elementary schools within the township.

Project Area – Traffic Stationary Speed Monitoring Devices:

School zone traffic safety is a major concern to the residents of Wall Township as well as to the Wall Township Police Department. To that end, the Wall Township Police Department proposes to purchase five "Radarsign" brand TC-500A 12 display AC powered stationary speed monitors.

These units would be deployed to school zones to remind the motoring public of the speed limit and would also display their current speed as well. In many instances, drivers are not aware of their actual speed. We feel this method of traffic calming would be very effective at slowing vehicular traffic in school zones. In some cases, speed limit compliance reportedly improves 40-60%. The Wall Township Police Department feels that this will increase the safety of pedestrians and motorists alike while traveling in a school zone.

The Wall Township Police Department would like to acquire these devices because they: Make drivers aware when they are traveling at an unsafe speed, the devices slow vehicles more effectively than speed limit signs, they are an effective alternative to physical traffic calming measures, they are cost effective, requiring minimal maintenance and are built for years of continual use. Our department feels that any additional safety measures we can take in the school zones as pertains to traffic will be beneficial.

Performance Measures

The equipment upgrades will be evaluated for the improvements in efficiencies and a decrease the number of incidences created by traveling at unsafe speeds. We will track by incidence reports in the areas where the traffic calming equipment will be utilized. We will also track purchase orders.

We anticipate that Wall will complete their acquisitions and programs within the first year of this grant funding.

Applicant Name: The County of Monmouth

Title of Program: Recovery Act: Edward Byrne Memorial Justice Assistance Grant (JAG) Formula Program: Local Solicitation CDFA#16.804 on behalf of 17 disparate, eligible jurisdictions within in Monmouth County, New Jersey

Goals: These funds would assist jurisdictions in avoiding reductions in essential services while minimizing the need to increase local taxes. Mindful that these funds may not be appropriated in the next federal fiscal year, jurisdictions are applying primarily for equipment and supplies that will stabilize and enhance law enforcement responses in the various communities.

Strategies: Through technology improvements, jurisdictions will increase their long term capacity to monitor areas and communicate more quickly and efficiently when a law enforcement response is needed.

Major Deliverables: Primarily acquisition of state of the art equipment for an expanded law enforcement response.

Coordination: Memorandum of Understanding (MOU) between each jurisdiction and the County of Monmouth has been developed and includes required program and budget narratives and detail. The County of Monmouth will serve as the fiscal agent for the grant and monitor the federal compliance requirements. It will also convene regular meeting of the 17 participating jurisdictions to facilitate information sharing and the potential for shared solutions in law enforcement and criminal justice.

**Township of Aberdeen
Recovery Act: Edward Byrne Memorial Justice Assistance Grant
("JAG") Program**

Budget Narrative and Summary

The Aberdeen Township Police Department is requesting \$16,723.00 in Federal funding from the Recovery Act: Edward Byrne Memorial Justice Assistance Grant ("JAG") Program. The purpose of these funds is for the purchase of Vandalism Deterrence and Night Vision equipment. The budget narrative and subsequent worksheets are as follows:

- A. **Personnel – Not requested**
- B. **Fringe Benefits- Not requested**
- C. **Travel – Not requested**
- D. **Equipment –** The Aberdeen Police Department is requesting through the Recovery Act: Edward Byrne Memorial Justice Assistance Grant ("JAG") Program funds for the purchase of a wireless, solar powered, motion activated Digital Vandalism Deterrence System and a Night Vision Imager. These tools will assist the Police department in preventing crime and enhancing the quality of life for Aberdeen residents.

<u>Item</u>	<u>Computation</u>	<u>Cost</u>
Q-Star FlashCAM-880	1 X \$5995.00	\$5,995.00
FLIR Flashsight hand held thermal imaging scope	1 X \$9048.00	\$9,048.00
	Total	<u>\$15,051.00</u>

TOTAL PROJECT COSTS	<u>\$16,723.00</u>

Federal Request \$16,723.00

Non-Federal Amount \$0

**City of Asbury Park
Recovery Act: Edward Byrne Memorial Justice Assistance Grant
("JAG") Program**

Budget Narrative and Summary

The City of Asbury Park Police Department is requesting \$235,214.00 in Federal funding from the Recovery Act: Edward Byrne Memorial Justice Assistance Grant ("JAG") Program. The purpose of these funds is the purchase video surveillance cameras to install throughout the City of Asbury Park. The budget narrative and subsequent worksheets are as follows:

- A. **Personnel** – Not Requested.
- B. **Fringe Benefits**- Not requested
- C. **Travel** – Not requested
- D. **Equipment** – The Asbury Park Police Department is requesting through the Recovery Act: Edward Byrne Memorial Justice Assistance Grant ("JAG") Program funds for the purchase of seven (7) 2010 Chevrolet Malibu Hybrid police vehicles to include emergency lighting. The purchase of one Automatic License Plate Recognition ("ALPR") 4 camera kit is needed for the installation in one patrol car.

<u>Item</u>	<u>Computation</u>	<u>Cost</u>
2010 Chevrolet Malibu Hybrid police cars	7 cars x \$25,656	\$179,593.00
ALPR 4 Camera Kit	1 kit x \$12,000	\$ 12,000.00
Total		<u>\$191,593.00</u>

- E. **Supplies-** The Asbury Park Police Department is requesting through the Recovery Act: Edward Byrne Memorial Justice Assistance Grant ("JAG") Program funds for the purchase of four 950 LED cameras that are also needed for the ALPR system, which will give the outfitted patrol car four views. The purchase and installation of the Back Office Server software is needed to operate the ALPR system.

<u>Item</u>	<u>Computation</u>	<u>Cost</u>
950 LED Camera	4 camera x \$4,000	\$ 16,000.00
Back Office Server software and install	1 software x \$4,100	\$ 4,100.00
	Total	<u>\$20,100.00</u>

F. **Construction – Not requested**

G. **Consultants/Contracts – Not requested**

H. **Other Costs – Not requested**

**Borough of Belmar
Recovery Act: Edward Byrne Memorial Justice Assistance Grant
("JAG") Program**

Budget Narrative and Summary

The Borough of Belmar Police Department is requesting \$17,375 in Federal funding from the Recovery Act: Edward Byrne Memorial Justice Assistance Grant ("JAG") Program. The purpose of these funds is to purchase in patrol car video and computer systems and to upgrade additional computer equipment. The budget narrative and subsequent worksheets are as follows:

A. Personnel – Not Requested

B. Fringe Benefits- Not requested

C. Travel – Not requested

D. Equipment – The Belmar Police Department is requesting through the Recovery Act: Edward Byrne Memorial Justice Assistance Grant ("JAG") Program funds for purchase of in patrol car computer and video systems. The Borough of Belmar currently deploys 5 patrol vehicles. The summer months are the busiest statistically and require all police vehicles have the capability to communicate with our 911 Dispatch Center by sending and receiving data. Currently, 3 of the 5 vehicles have state-of-the art computers, which can handle the full requirement of continuous queries, camera control and communications loads. The remaining vehicles need the same capability to be considered for frontline use. With maintenance requirements and downtime all 5 vehicles are in constant use and the last two would require new computers. For the protection of our Police Officers and to insure accurate capture of case data, today's patrol vehicles need in-car video systems. As stated above, we currently have 2 front line vehicles equipped with new camera systems capable of recording to our in-house server and monitoring stations. These have proved invaluable in providing clear evidence for our court cases and are utilized as an effective training device. The existing systems are old and unreliable. This grant would enable us to replace the systems in these vehicles.

<u>Item</u>	<u>Computation</u>	<u>Cost</u>
DataLux Tracer Computer	1 x \$5,640.00	\$5,640.00

Panasonic Arbitrator In-Car Video Systems	2 x \$4,999.00	\$9,999.00
Total		<u>\$15,639.00</u>

E. Supplies- The Belmar Police Department is requesting through the Recovery Act: Edward Byrne Memorial Justice Assistance Grant ("JAG") Program funds to purchase computer equipment. Several computers within the department are more than 5 years old and are in need of replacement. In addition, our Detective Division is in need of a portable computer for utilization at crime scenes. This unit would need mobile access to headquarters for transfer of information from the scene of a crime under investigation. Any additional money, above the amount received from this grant will come from Borough funds.

<u>Item</u>	<u>Computation</u>	<u>Cost</u>
Dell Laptop Notebook	1 x \$987.00	\$987.00

Township of Freehold
Recovery Act: Edward Byrne Memorial Justice Assistance Grant
("JAG") Program

Budget Narrative and Summary

The Freehold Township Police Department is requesting \$31,709.00 in Federal funding from the Recovery Act: Edward Byrne Memorial Justice Assistance Grant ("JAG") Program. The purpose of these funds is to purchase mobile license reader and related software as well as a computer/server exclusively to handle law enforcement information. The budget narrative and subsequent worksheets are as follows:

- A. **Personnel – Not Requested**
- B. **Fringe Benefits- Not requested**
- C. **Travel – Not requested**
- D. **Equipment –** The Freehold Twp. Police Department is requesting through the Recovery Act: Edward Byrne Memorial Justice Assistance Grant ("JAG") Program funds to purchase a fixed/mobile, high speed, automatic license plate reader (LPR). This device, mounted on a police vehicle has the capability of recording and checking license plates while the vehicle is in motion with speeds up to 100 mph. The unit can also be mounted in a stationary position using either a pole or stand. The LPR is capable of having a specific plate entered that is "wanted" (ex: vehicle used for child abduction, bank robbery, fleeing suspect) and it will high speed read all plates that travel past the patrol vehicle and alert the officer when the plate is observed. The plate reader keeps history of the plates observed and that history can be used in identifying if and when the vehicle was in a specific area where a crime may have occurred.

<u>Item</u>	<u>Computation</u>	<u>Cost</u>
License Plate ReaderELSAG Model# MPH 900X2 1 x	\$20,000.00	\$20,000.00
	Total	<u>\$20,000.00</u>

- E. Supplies-** The Freehold Police Department is requesting through the Recovery Act: Edward Byrne Memorial Justice Assistance Grant ("JAG") Program funds to purchase additional computers. Our agency is currently preparing to merge our communications center with the Monmouth County communications center. This shared service will bring enhanced dispatching services to our agency and allow for seamless communications with other law enforcement agencies that work in or near our community. In order to maintain maximum efficiency, our records management, traffic safety and patrol computers will require an upgrade. Additionally, these computers will allow for online training in areas of emergency management response, domestic violence training, Haz-Mat and other State mandated required training.

<u>Item</u>	<u>Computation</u>	<u>Cost</u>
Dell computer with Dell monitors	9 x \$913.51	\$8,221.59

Federal Request \$31,709.00

Non-Federal Amount \$619.59 To come from Township funds

Township of Howell

Recovery Act: Edward Byrne Memorial Justice Assistance Grant ("JAG") Program

Budget Narrative and Summary

The Howell Township Police Department is requesting \$35,184.00 in Federal funding from the Recovery Act: Edward Byrne Memorial Justice Assistance Grant ("JAG") Program. The purpose of these funds is for the purchase of an Interview Management System with DVD backup and upgrades and purchase of firearms and installation of gun racks on patrol cars. The budget narrative and subsequent worksheets are as follows:

- A. **Personnel –Not requested**
- B. **Fringe Benefits- Not requested**
- C. **Travel – Not requested**

D. **Equipment** – The Howell Township Police Department is requesting through the Recovery Act: Edward Byrne Memorial Justice Assistance Grant ("JAG") Program funds for the purchase of (1) One purchase of a Cardinal Peak CaseCraker Interview Management System. This system most importantly is a work station with Linux and all interviews are saved to DVDs.

<u>Item</u>	<u>Computation</u>	<u>Cost</u>
Cardinal Peak CaseCraker Interview Mgt System	1 x\$8,861.00	\$8,861.00
Total		<u>\$8,861.00</u>

D. **Supplies** – The Howell Police Department is requesting through the Recovery Act: Edward Byrne Memorial Justice Assistance Grant ("JAG") Program funds for the purchase, shipping and installation of twenty patrol cars with dual shotgun/rifle racks. Increasingly the safety of the law enforcement community has been threatened with the influx of weapons readily available to those who intend to use them against our citizens and police. The weapons used by the criminal element have begun to exceed that carried by law enforcement. In order to combat this phenomenon our agency has purchased patrol rifles to use in conjunction with our standard shotgun. The difficulty has been in safely storing both weapons within a patrol vehicle. Our agency has been interested in purchasing dual shotgun/rifle racks, but has been unable to due to lack of funds. The funds obtained through this grant would assist our agency in outfitting several

vehicles in a safe manner giving officers the ability to have quick access to either weapon. Additionally, the Howell Police Dept. will purchase 10 shotguns. Due to the increase in police officers our patrol fleet has also increased. However, since the increase our department has been unable to outfit all the vehicles with a shotgun, this leaving our officers at risk when confronted by the weapons that are readily available to those who intend to use them against our citizens and police. The JAG grant funding would allow for 20 shotguns to be converted and save the department from purchasing additional new shotguns. Our agency has been trying to convert our old shotguns to a more tactical ready version. However due to lack of funding we have been unable to make this happen. Outfitting our patrol shotguns with this conversion would make them easier for officers to handle and operate.

The importance of reality-based training has taken a forefront in law enforcement training. Life and death situations, more specifically shoot, don't shoot scenarios; need to be practice in a physical sense and not just scenarios on paper in a class room. The Howell Township Police Department currently utilizes Simunitions on limited bases due to cost. Approving this founding will allow our police officers to continue Simunitions training in relation to handgun drills, police service rifle drills, hand to hand combat and deadly force encounters.

As required by law in New Jersey, firearms qualifications are mandatory and an important part of the law enforcement experience. Most recently there has been a push to make training with moving targets mandatory, and rightfully so. When was the last time you were in a violent confrontation with someone who just stood still? Reactive shooting is the skill a police officer must rely on when suddenly confronted with a hazardous situation. It is a critical skill that can save officers' lives, and it is the result of conditioned hand-eye coordination developed by regular training. Approving the purchase for several portable targets as well as a tactical application scenario kit will allow our officers to better prepare for the life and death situation

Item	Computation	Cost
Dual Shotgun Rifle Racks	20 X \$326.50	\$6,530.00
Shotguns	10X \$595.00	\$5,950.00
Shotgun Conversion Kits	20X \$105.00	\$2,100.00

City of Long Branch Recovery Act: Edward Byrne Memorial Justice Assistance Grant ("JAG") Program

Budget Narrative and Summary

The Long Branch Police Department is requesting \$91,653.00 in Federal funding from the Recovery Act: Edward Byrne Memorial Justice Assistance Grant ("JAG") Program. The purpose of these funds is for a digital video recording system, including soundproofing, to four interview rooms and a central control room. The budget narrative and subsequent worksheets are as follows:

- A. **Personnel –Not requested**
- B. **Fringe Benefits- Not requested**
- C. **Travel – Not requested**
- D. **Equipment –** The Long Branch Police Department is requesting through the Recovery Act: Edward Byrne Memorial Justice Assistance Grant ("JAG") Program funds for the purchase, installation and support of Digital Recording Systems for four interview rooms and central control room. This will allow secure recordation as well as monitoring of those recordings. The CDs produced will be encrypted, preserving the interview in its entirety. The four interview rooms will be soundproofed and integrated to a central control room. Additionally, a Digital Imaging Capture Station will be purchased and integrated. This will allow the integration of various picture and data systems currently in use by the Police Department. It will also provide the ability to search for pictures of user specified items such as tattoos associated with gang activity.

<u>Item</u>	<u>Computation</u>	<u>Cost</u>
Digital Video Recording System (4) rooms	1 X \$55,539.84	\$55,539.84

Township of Middletown Recovery Act: Edward Byrne Memorial Justice Assistance Grant ("JAG") Program

Budget Narrative and Summary

The Township of Middletown Police Department is requesting \$31,927.00 in Federal funding from the Recovery Act: Edward Byrne Memorial Justice Assistance Grant ("JAG") Program. The purpose of these funds is to purchase a police radio antennae, police computer equipment, patrol detail and traffic assistance. The budget narrative and subsequent worksheets are as follows:

- A. Personnel** – The Middletown Township Police Department has traditionally been a progressive policing agency and has often turned to creative patrol techniques to address specific problems within its jurisdictional boundaries. One of these problems has been an increase in criminal mischief and vandalism to township maintained parks and public areas. Over the course of recent years we have found that these problems usually increase during the summer months when area juveniles are out of school, particularly on weekends and tend to involve underage drinking and narcotics use. To combat this problem, the police department has supplemented its regular patrol force (marked patrol units in a designated patrol district) with the use of additional plain clothes officers in unmarked police vehicles. These officers work in patrols of two officers at a time, usually for a four hour time period. Officers assigned these details will often target recent problem areas within the township including the 43 township maintained parks and 28 undeveloped township maintained park easements. These officers also assist regular patrols when an unmarked patrol presence is necessary or required. We plan to utilize this grant to assign officers to approximately 12 details for the purpose of addressing these Quality of Life Issues.

The Middletown Township Police Department participates in the Annual Red Bank Fireworks Display, "Kaboom" over the Navesink River. This fireworks show annually draws upwards of 150,000 people to the area for the viewing for the fireworks display. These viewers utilize the major roadways in and around Middletown Township to get to Red Bank to watch the display, and as a result, often create major traffic delays and tie ups in the area. The Middletown Police Department traditionally assigns between 15 to 20 officers to assist with traffic and crowd control for this event just in Middletown Township alone. Not only does the police department have to maintain traffic flow and control through our jurisdiction, we must also deal with pedestrian flow and control and the quality of life issues that come along with it. We plan to utilize the remainder of this grant to supplement those patrols and officers assigned within Middletown Township for this fireworks event (these additional officers are in addition to the regular police patrols scheduled for regular duty during this time period

Item	Computation	Cost
------	-------------	------

Quality of Life 12 (2 officer patrols)	\$400 per 4 hr patrol	\$4,800.00
(Each officer is paid \$50 per hour for four hour patrol shifts)		
Kaboom-7 officers, \$50 hr, 8 hrs=\$400.	7 x \$400.00	\$2,800.00
	Total	<u>\$7,600.00</u>

B. Fringe Benefits-

Item	Computation	Cost
Medicare	1.45%	\$110.20
Workman's Compensation	4.94%	\$375.00
Unemployment Compensation	.5%	\$38.00
	Total	<u>\$523.20</u>

C. Travel – Not requested

D. Equipment – The Middletown Police Department is requesting through the Recovery Act: Edward Byrne Memorial Justice Assistance Grant ("JAG") Program funds for purchase of computer equipment. The Police Department maintains a marked patrol car fleet of approximately 25 police cars. These vehicles are used primarily by patrol and traffic bureau personnel in patrolling the Township and responding to calls for service. These vehicles are equipped with Mobile Data Terminals (MDT's) for report writing purposes as well as for local, state, and national police record checks. Over the course of the past few years the police department has attempted to "phase out" the older and now outdated "Notebook/Toughbook" brand MDT's that were originally in these patrol cars with Data 911 Mobile Data Terminals. The police department currently has the need to still replace two of these older MDT's and plans to do so with the purchase of Data 911 Mobile Data Terminals/Laptops with the funding from this grant.

<u>Item</u>	<u>Computation</u>	<u>Cost</u>
Data 911 Mobile Data Terminals	2 x \$8,438.40	\$16,876.80
	Total	<u>\$16,876.80</u>

E. Supplies- The Middletown Police Department is requesting through the Recovery Act: Edward Byrne Memorial Justice Assistance Grant ("JAG") Program funds to purchase computer equipment. Several computers within the department are more than 5 years old and are in need of replacement. In addition, our Detective Division is in need of a portable computer for utilization at crime scenes. The Middletown Township Police Department is a progressive police

agency that is established with a self sustaining and self supporting Police Communications Dispatching Center. This Communications Center is the primary control center for all police, fire and EMS operations located within Middletown Township. The radio communications transmitting from the Communications Center rely on three primary antennae that are located throughout the Township, and cover approximately 42 square miles. In approximately December of 2008 we began noticing a breakdown in the quality of the radio transmissions emitting from the main primary antennae, located on the water tower at Naval Weapons Station Earle. This antenna is responsible for approximately 70% of the radio transmissions in the Township. Since the problem was identified in December of 2008, the quality of radio transmissions has declined and there have been documented periods of failure of the antennae, where all communications with police dispatch has been lost. The Township plans to replace the antennae with grant funding from the Edward Byrne Memorial Justice Assistance Grant, at a total cost of \$1897.91.

<u>Item</u>	<u>Computation</u>	<u>Cost</u>
One Dell brand computer, for Police Records Bureau,		\$1,600.00
One Hewlett-Packard Ink Jet printer		\$200.00
RFS Inc. Fiberglass Antennae Model # BA 1312-2, parts and material		\$457.00
Labor and installation of antennae		\$1,478.00.
Total		<u>\$4,192.00</u>

D. Construction – Not requested

E. Consultants/Contracts – Not requested

F. Other Costs – Not requested

G. Indirect Costs – 10% Administrative Fee to Monmouth County **\$3,192.00**

Total **\$3,192.00**

Budget Summary:

<u>Category</u>	<u>Amount</u>
A. Personnel	\$7,600.00

**Borough of Neptune City
Recovery Act: Edward Byrne Memorial Justice Assistance Grant
("JAG") Program**

Budget Narrative and Summary

The Neptune City Police Department is requesting \$10,425.00 in Federal funding from the Recovery Act: Edward Byrne Memorial Justice Assistance Grant ("JAG") Program. The purpose of these funds is for the purchase of Digital In-Car Video Cameras. The use of cameras in police vehicles give patrol officers added protection against false accusations of police misconduct during traffic stops, the ability to record a variety of dangerous situations such as felony stops and vehicular pursuits and the protection of the citizen are just a sample of the need and uses of the Digital In-Car Video Cameras. The budget narrative and subsequent worksheets are as follows:

- A. Personnel –Not requested
- B. Fringe Benefits- Not requested
- C. Travel – Not requested
- D. Fringe Benefits- Not requested
- E. Travel – Not requested
- F. Equipment – The Neptune City Police Department is requesting through the Recovery Act: Edward Byrne Memorial Justice Assistance Grant ("JAG") Program funds for the purchase of (2) Digital In-Car Video Cameras. The goal of the in-car camera program is to ensure that audiovisual recordings provide as true and accurate depiction of events as is reasonably possible in order to provide the best possible evidence and documentation of events.

<u>Item</u>	<u>Computation</u>	<u>Cost</u>
Digital In-Car Video Cameras	2 x \$4,691.25	\$9,382.50
	Total	<u>\$9,382.50</u>

G.	Indirect Costs – 10% Administrative fee to County	\$1,042.50
	Total	<u>\$1,042.00</u>

**Township of Neptune
Recovery Act: Edward Byrne Memorial Justice Assistance Grant
("JAG") Program**

Budget Narrative and Summary

The Neptune Township Police Department is requesting \$103,815.00 in Federal funding from the Recovery Act: Edward Byrne Memorial Justice Assistance Grant ("JAG") Program. The funds will be used to purchase radio and associated communications equipment, data communications equipment and digital mobile video equipment to facilitate improved public safety. A secondary goal is to further develop interagency emergency response plans and strengthen unified command of routine and large-scale incidents involving multiple jurisdictions

- A. Personnel –Not requested**
- B. Fringe Benefits- Not requested**
- C. Travel – Not requested**
- D. Equipment –** The Neptune Township Police Department is requesting through the Recovery Act: Edward Byrne Memorial Justice Assistance Grant ("JAG") Program funds for the purchase of much needed radio and associated communications equipment, data communications equipment and digital mobile video equipment to facilitate improved public safety. The overall goal is to improve interoperability of communications systems by purchasing strategic voice, video and data communications equipment.

<u>Item</u>	<u>Computation</u>	<u>Cost</u>
Mobile Vision Digital Evidence Server	1 X \$17,230.00	\$17,230.00
Mobile Vision In-car Digital Video Recording Solution	10 X \$5,300	\$53,000.00
Panasonic Toughbook Laptop Computers	2 X \$5,200	\$10,400.00
	Total	<u>\$80,630.00</u>

E. Supplies – The Neptune Township Police Department is requesting through the Recovery Act: Edward Byrne Memorial Justice Assistance Grant ("JAG") Program funds for the purchase a back-up archiving station to supplement the digital system purchased, as well as to purchase Handheld Mobile Radios and batteries. These radios will allow Neptune Township to further develop interagency emergency response plans and strengthen unified command of routine and large-scale incidents involving multiple jurisdictions. This strategy is in keeping with National Incident Management Systems (NIMS) and New Jersey State incident management strategies.

<u>Item</u>	<u>Computation</u>	<u>Cost</u>
MobileVision DVM Backup/Archiving Station	1 X \$2953.00	\$2,953.00
Motorola MT 1500 Handheld Mobile Radios	8 X \$1,100.00	\$8,800.00

Township of Ocean
Recovery Act: Edward Byrne Memorial Justice Assistance Grant
("JAG") Program

Budget Narrative and Summary

The Township of Ocean Police Department is requesting \$25,845.00 in Federal funding from the Recovery Act: Edward Byrne Memorial Justice Assistance Grant ("JAG") Program. The purpose of these funds is the purchase of portable radios that will enhance the new digital radio system planned for installation in the Township of Ocean. These radios will be assigned to the Township's Mobile Command Vehicles to allow for multi-jurisdictional operations. The budget narrative and subsequent worksheets are as follows:

- A. **Personnel – Not requested**
- B. **Fringe Benefits- Not requested**
- C. **Travel – Not requested**
- D. **Equipment – Not requested**

E. **Supplies-** The Township of Ocean Police Department is requesting through the Recovery Act: Edward Byrne Memorial Justice Assistance Grant ("JAG") Program funds for the purchase of six Motorola XTS5000 portable radios with CAI, digital trunking, AES encryptions and Impress smart chargers. These radios will be assigned to our Mobile Command Vehicle in order to allow for interoperability during multi-jurisdictional operations. These radios will be compatible with a new digital radio system planned for installation later in 2009. The radios are equipped with the U-TAC UHF interoperability radio channels.

These radios give an incident commander the capability of deploying and controlling personnel more efficiently and effectively. Communities of similar size as the Township of Ocean cannot possibly maintain staffing to meet every emergency situation. Consequently in order to meet potential emergencies in a cost effective way, we must depend on mutual aid from surrounding communities. The interoperability of communications is a key element in dealing with major events utilizing personnel from multiple jurisdictions.

<u>Item</u>	<u>Computation</u>	<u>Cost</u>
XTS5000 Port. Radios	6 X 3,876.83	\$23,261.00
	Total	<u>\$23,261.00</u>

Federal Request \$25,845.00

Non-Federal Amount \$0.00

Borough of Red Bank Recovery Act: Edward Byrne Memorial Justice Assistance Grant ("JAG") Program

Budget Narrative and Summary

The Red Bank Borough Police Department is requesting \$25,845.00 in Federal funding from the Recovery Act: Edward Byrne Memorial Justice Assistance Grant ("JAG") Program. The purpose of these funds is to enhance field crime reporting and to increase officers on walking posts. The budget narrative and subsequent worksheets are as follows:

- A. **Personnel**—The Borough of Red Bank has a total of 39 liquor licenses. The summer months are the busiest statistically. The busiest nights of the week are Thursday, Friday, and Saturday. Eight of the consumption licenses are located within a three-block area. Often patrols must remain in the area during the late evening hours until bar closing as well as spending additional overtime hours. The other areas of the town are neglected while the majority of the people and the majority of police are in this area. We are looking to institute a two man walking patrol in the downtown area to supplement all the patrols. This walking patrol would be a four-hour shift from 2300 hours until 0300 hours on the busiest nights. We have generally supplemented the patrol with Special Officers, however this year two of those positions had to be eliminated. The grant would enable the police department to provide the coverage the Borough of Red Bank needs on those busy nights for a fifteen-week period.

Item	Computation	Cost
Multiple officers on walking posts	\$50.00 hr, 312 hrs.	\$15,600.00
	Total	<u>\$15,600.00</u>

B. **Fringe Benefits-**

Item	Computation	Cost
Unemployment Comp	.5%x \$15,600	\$78.00
Medicare	1.45%x \$15,600	\$226.00
Workman's Comp	4.94% x \$15,600	\$771.00
	Total	<u>\$1,075.00</u>

C. **Travel – Not requested**

D. **Equipment** – The Red Bank Police Department is requesting through the Recovery Act: Edward Byrne Memorial Justice Assistance Grant ("JAG") Program funds for the purchase of a Cody Mobile Reporting System. 2003 the Red Bank Police Department implemented a mobile field reporting program in the patrol cars. Currently, Patrol officers have the capability of completing incident reports in the vehicles. The officers also can use the mobile computer to query NCIC, NLETS, NJWPS, ATS, and NJ DMV databases. In the current configuration these two pieces operate as independent programs. The stand-alone NCIC portion is not being updated any longer, and we are the only police department in the nation still using this product. Our records management software company Cody Computer Services now offers an enhanced version used to integrate these formerly independent pieces. This product is called Cody Mobile 7.

<u>Item</u>	<u>Computation</u>	<u>Cost</u>
Cody Mobile Reporting System	1 X \$6,585.50	\$6,585.50
	Total	<u>\$6,585.50</u>

E. **Supplies – Not requested**

F. **Construction – Not requested**

G. **Consultants/Contracts – Not requested**

H. **Other Costs – Not requested**

I. Indirect Costs – 10% Administrative fee to County	\$2,584.50

U.S. DEPARTMENT OF JUSTICE
OFFICE OF JUSTICE PROGRAMS

Recovery Act -- Justice Assistance Grant (JAG) Program

Certification as to Recovery Act Reporting Requirements

On behalf of the applicant entity named below, I certify the following to the Office of Justice Programs, U.S. Department of Justice:

I have personally read and reviewed the section entitled "Accountability and Transparency under the Recovery Act" in the program announcement for the Recovery Act grant program identified above. I have also read and reviewed section 1512(c) of the American Recovery and Reinvestment Act of 2009 (Public Law 111-5), concerning reporting requirements for grants. I agree that the applicant will comply with the reporting requirements set forth therein with respect to any grant the applicant may receive under the Recovery Act grant program identified above.

I acknowledge that a false statement in this certification may be subject to criminal prosecution, including under 18 U.S.C. § 1001. I also acknowledge that Office of Justice Program grants, including certifications provided in connection with such grants, are subject to review by the Office of Justice Programs, and/or by the Department of Justice's Office of the Inspector General.

I have authority to make this certification on behalf of the applicant entity (that is, the entity applying directly to the Office of Justice Programs).

U.S. DEPARTMENT OF JUSTICE
OFFICE OF JUSTICE PROGRAMS

Recovery Act – Justice Assistance Grant (JAG) Program

General Certification as to Requirements for Receipt of Funds
for Infrastructure Investments

On behalf of the applicant State or unit of local government (including tribal government) named below, I certify the following to the Office of Justice Programs ("OJP"), U.S. Department of Justice:

I have personally read and reviewed the section entitled "Eligibility" in the program announcement for the Recovery Act grant program named above. I also have personally read and reviewed section 1511 of the American Recovery and Reinvestment Act of 2009 (the "Recovery Act"), which requires a specific certification prior to receipt of Recovery Act funds for infrastructure investments.

Initial the statement that applies:

ljm The applicant identified below **does not intend to use** any portion of any funds received under this Recovery Act grant program for any infrastructure investment. Should this intention change, the applicant will promptly notify OJP, and (except to the extent, if any, that OJP has given prior written approval to expend funds to conduct the review and vetting required by law) will not draw down, obligate, or expend any funds received under this Recovery Act program for any infrastructure investment project until section 1511 of the Recovery Act has been satisfied, and an adequate project-specific certification has been executed, posted, and submitted to OJP.

_____ The applicant identified below **does intend to use** some or all of any funds received under this Recovery Act grant program for one or more infrastructure investment projects. Except to the extent, if any, that OJP has given prior written approval to expend funds to conduct the review and vetting required by law, I agree that the applicant entity will execute, post, and submit to OJP, prior to obligating, expending, or drawing down funds for such project, a project-specific certification that satisfies all of the requirements of section 1511 (including execution by the Governor, mayor, or other chief executive, as appropriate) for each such infrastructure investment project.

**MEMORANDUM OF UNDERSTANDING (MOU)
BETWEEN THE COUNTY OF MONMOUTH AND THE TOWNSHIP OF ABERDEEN**

Recovery Act: Justice Assistance Grant (JAG) Program Award

This Memorandum of Understanding (MOU) is made and entered into this 18th day of June 2009 by and between the Township of Aberdeen acting by and through its governing body, herein referred to as the Municipality and the County of Monmouth, acting through its governing body hereinafter referred to as the County, both of Monmouth County State of New Jersey.

WHEREAS, the Federal Recovery Act has authorized funds to be made available through the Edward Byrne Memorial Justice Assistance Grant (JAG) Formula Program: CDPA #16.804;

WHEREAS, as condition of receipt of said grant, "disparate" jurisdictions are required to submit a joint application by a designated fiscal agent;

WHEREAS, the County of Monmouth is willing to act as the fiscal and programmatic agent for the application;

WHEREAS, each entity finds that the performance of this MOU is in the best interests of both parties, that the undertaking will benefit the public, and that the division of costs fairly compensates the performing party for the services or functions under this MOU.

NOW, THEREFORE, the County of Monmouth and the Municipality agree as follows:

Section 1.

The Municipality is applying for funds for the purpose(s) identified in the local solicitation, namely, the purchase digital vandalism surveillance camera and a thermal night vision imager to install in the Township of Aberdeen, and more fully described in the program narrative made Appendix A to this MOU.

Section 2.

The County will submit the Municipality's request as part of the County's joint application as the fiscal and programmatic agent for the Municipality and other participating municipalities

Section 3.

Conditioned upon Federal approval of the above referenced JAG application and award of funds, the County will reimburse the Municipality in an amount not to exceed \$16,723.00 as detailed in Appendix B of this MOU. The Municipality agrees to 10% of the award to be retained by the County for the County's services as the fiscal and programmatic agent of the Municipality, as

reflected in line item I, "Indirect Costs" in the Budget detail as attached in Appendix B. Reimbursement to the Municipality, net of the County's retained amount, will be made by the County, subject to the timely receipt by the County of a properly executed voucher and supporting documentation from the Municipality.

Section 4

Pursuant to 28 C.F.R. Section 42.302, all recipients of federal funding must in compliance with federal HEOP requirements. The Municipality certifies all programs funded through sub-awards conform to the Recovery JAG Program and Reporting Requirements.

Section 5

This MOU shall be in effect for the period March 1, 2009 to February 28, 2013.

Section 6

Each party to this MOU will be responsible for its own actions in its performance of this MOU and shall not be liable for any civil or administrative liability that may arise from the actions or inactions of the other party.

Section 7

This MOU shall not create any rights in any party not a signatory hereto.

Section 8

By entering into this Agreement, the parties do not intend to create any obligations express or implied, other than those set forth herein.

**MEMORANDUM OF UNDERSTANDING (MOU)
BETWEEN THE COUNTY OF MONMOUTH AND THE CITY OF ASBURY PARK**

Recovery Act: Justice Assistance Grant (JAG) Program Award

This Memorandum of Understanding (MOU) is made and entered into this 18th day of June 2009 by and between the City of Asbury Park acting by and through its governing body, herein referred to as the Municipality and the County of Monmouth, acting through its governing body hereinafter referred to as the County, both of Monmouth County, State of New Jersey.

WHEREAS, the Federal Recovery Act has authorized funds to be made available through the Edward Byrne Memorial Justice Assistance Grant (JAG) Formula Program: CDEA#16.804;

WHEREAS, as condition of receipt of said grant, "disparate" jurisdictions are required to submit a joint application by a designated fiscal agent;

WHEREAS, the County of Monmouth is willing to act as the fiscal and programmatic agent for the application;

WHEREAS, each entity finds that the performance of this MOU is in the best interests of both parties, that the undertaking will benefit the public, and that the division of costs fairly compensates the performing party for the services or functions under this MOU.

NOW, THEREFORE, the County of Monmouth and the Municipality agree as follows:

Section 1.

The Municipality is applying for funds for the purpose(s) identified in the local solicitation, namely, the purchase video surveillance cameras to install throughout the City of Asbury Park, and more fully described in the program narrative made Appendix A to this MOU.

Section 2.

The County will submit the Municipality's request as part of the County's joint application as the fiscal and programmatic agent for the Municipality and other participating municipalities

Section 3.

Conditioned upon Federal approval of the above referenced JAG application and award of funds, the County will reimburse the Municipality in an amount not to exceed \$235,214.00 as detailed in Appendix B of this MOU. The Municipality agrees to 10% of the award to be retained by the County for the County's services as the fiscal and programmatic agent of the Municipality, as

State of New Jersey

**MEMORANDUM OF UNDERSTANDING (MOU)
BETWEEN THE COUNTY OF MONMOUTH AND THE BOROUGH OF BELMAR**

Recovery Act: Justice Assistance Grant (JAG) Program Award

This Memorandum of Understanding (MOU) is made and entered into this 18th day of June 2009 by and between the Borough of Belmar acting by and through its governing body, herein referred to as the Municipality and the County of Monmouth, acting through its governing body hereinafter referred to as the County, both of Monmouth County, State of New Jersey.

WHEREAS, the Federal Recovery Act has authorized funds to be made available through the Edward Byrne Memorial Justice Assistance Grant (JAG) Formula Program: CDFA#16.804;

WHEREAS, as condition of receipt of said grant, "disparate" jurisdictions are required to submit a joint application by a designated fiscal agent;

WHEREAS, the County of Monmouth is willing to act as the fiscal and programmatic agent for the application;

WHEREAS, each entity finds that the performance of this MOU is in the best interests of both parties, that the undertaking will benefit the public, and that the division of costs fairly compensates the performing party for the services or functions under this MOU.

NOW, THEREFORE, the County of Monmouth and the Municipality agree as follows:

Section 1.

The Municipality is applying for funds for the purpose(s) identified in the local solicitation, namely, mobile video recording equipment and computer equipment for the Police Department in the Borough of Belmar, and more fully described in the program narrative made Appendix A to this MOU.

Section 2.

The County will submit the Municipality's request as part of the County's joint application as the fiscal and programmatic agent for the Municipality and other participating municipalities

Section 3.

Conditioned upon Federal approval of the above referenced JAG application and award of funds, the County will reimburse the Municipality in an amount not to exceed \$17375.00 as detailed in Appendix B of this MOU. The Municipality agrees to 10% of the award to be retained by the County for the County's services as the fiscal and programmatic agent of the Municipality, as reflected in line item I, "Indirect Costs" in the Budget detail as attached in Appendix B.

Reimbursement to the Municipality, net of the County's retained amount, will be made by the County, subject to the timely receipt by the County of a properly executed voucher and supporting documentation from the Municipality.

Section 4

Pursuant to 28 C.F.R. Section 42.302, all recipients of federal funding must in compliance with federal EEOP requirements. The Municipality certifies all programs funded through sub-awards conform to the Recovery JAG Program and Reporting Requirements.

Section 5

This MOU shall be in effect for the period March 1, 2009 to February 28, 2013.

Section 6.

Each party to this MOU will be responsible for its own actions in its performance of this MOU and shall not be liable for any civil or administrative liability that may arise from the actions or inactions of the other party.

Section 7.

This MOU shall not create any rights in any party not a signatory hereto.

Section 8.

By entering into this Agreement, the parties do not intend to create any obligations, express or implied, other than those set forth herein.

**MEMORANDUM OF UNDERSTANDING (MOU)
BETWEEN THE COUNTY OF MONMOUTH AND THE BOROUGH OF EATONTOWN**

Recovery Act: Justice Assistance Grant (JAG) Program Award

This Memorandum of Understanding (MOU) is made and entered into this 18th day of June 2009 by and between the Borough of Eatontown acting by and through its governing body, herein referred to as the Municipality and the County of Monmouth, acting through its governing body hereinafter referred to as the County, both of Monmouth County, State of New Jersey.

WHEREAS, the Federal Recovery Act has authorized funds to be made available through the Edward Byrne Memorial Justice Assistance Grant (JAG) Formula Program: CDFA#16.804;

WHEREAS, as condition of receipt of said grant, "disparate" jurisdictions are required to submit a joint application by a designated fiscal agent;

WHEREAS, the County of Monmouth is willing to act as the fiscal and programmatic agent for the application;

WHEREAS, each entity finds that the performance of this MOU is in the best interests of both parties, that the undertaking will benefit the public, and that the division of costs fairly compensates the performing party for the services or functions under this MOU.

NOW, THEREFORE, the County of Monmouth and the Municipality agree as follows:

Section 1.

The Municipality is applying for funds for the purpose(s) identified in the local solicitation, namely, the upgrade mobile video recorder equipment in the Borough of Eatontown, and more fully described in the program narrative made Appendix A to this MOU.

Section 2.

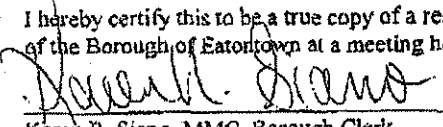

The County will submit the Municipality's request as part of the County's joint application as the fiscal and programmatic agent for the Municipality and other participating municipalities

Section 3.

Conditioned upon Federal approval of the above referenced JAG application and award of funds, the County will reimburse the Municipality in an amount not to exceed \$17,158.00 as detailed in Appendix B of this MOU. The Municipality agrees to 10% of the award to be retained by the County for the County's services as the fiscal and programmatic agent of the Municipality, as reflected in line item I, "Indirect Costs" in the Budget detail as attached in Appendix B. Reimbursement to the Municipality, net of the County's retained amount, will be made by the County, subject to the timely receipt by the County of a properly executed voucher and supporting documentation from the Municipality.

EXHIBIT "A"

I hereby certify this to be a true copy of a resolution adopted by the Mayor and Council of the Borough of Eatontown at a meeting held on June 24, 2009

Karen R. Siano, MMC, Borough Clerk

Section 4

Pursuant to 28 C.F.R. Section 42.302, all recipients of federal funding must in compliance with federal EOOP requirements. The Municipality certifies all programs funded through sub-awards conform to the Recovery JAG Program and Reporting Requirements.

Section 5

This MOU shall be in effect for the period March 1, 2009 to February 28, 2013.

Section 6.

Each party to this MOU will be responsible for its own actions in its performance of this MOU and shall not be liable for any civil or administrative liability that may arise from the actions or inactions of the other party.

Section 7.

This MOU shall not create any rights in any party not a signatory hereto.

Section 8.

By entering into this Agreement, the parties do not intend to create any obligations, express or implied, other than those set forth herein.

WHEREAS, each entity finds that the performance of this MOU is in the best interests of both parties, that the undertaking will benefit the public, and that the division of costs fairly compensates the performing party for the services or functions under this MOU.

NOW, THEREFORE, the County of Monmouth and the Municipality agree as follows:

Section 1.

The Municipality is applying for funds for the purpose(s) identified in the local solicitation, namely, the purchase of a digital recording system, dual rifle and shotgun racks, for patrol cars, safety, shotguns and shotgun conversions for patrol vehicles for the Police Department of the Township of Howell, and more fully described in the program narrative made Appendix A to this MOU.

Section 2.

The County will submit the Municipality's request as part of the County's joint application as the fiscal and programmatic agent for the Municipality and other participating municipalities

Section 3.

Conditioned upon Federal approval of the above referenced JAG application and award of funds, the County will reimburse the Municipality in an amount not to exceed \$35,184.00 as detailed in Appendix B of this MOU. The Municipality agrees to 10% of the award to be retained by the County for the County's services as the fiscal and programmatic agent of the Municipality, as reflected in line item I, "Indirect Costs" in the Budget detail as attached in Appendix B.

Reimbursement to the Municipality, net of the County's retained amount, will be made by the County, subject to the timely receipt by the County of a properly executed voucher and supporting documentation from the Municipality.

Section 4

Pursuant to 28 C.F.R. Section 42.302, all recipients of federal funding must in compliance with federal EEOP requirements. The Municipality certifies all programs funded through sub-awards conform to the Recovery JAG Program and Reporting Requirements.

Section 5

This MOU shall be in effect for the period March 1, 2009 to February 28, 2013.

Section 6.

Each party to this MOU will be responsible for its own actions in its performance of this MOU and shall not be liable for any civil or administrative liability that may arise from the actions or inactions of the other party.

Section 7.

This MOU shall not create any rights in any party not a signatory hereto.

Section 8.

Recovery Act: Justice Assistance Grant (JAG) Program Award

This Memorandum of Understanding (MOU) is made and entered into this 18th day of June 2009 by and between the Township of Middletown acting by and through its governing body, herein referred to as the Municipality and the County of Monmouth, acting through its governing body hereinafter referred to as the County, both of Monmouth County, State of New Jersey.

WHEREAS, the Federal Recovery Act has authorized funds to be made available through the Edward Byrne Memorial Justice Assistance Grant (JAG) Formula Program: CDFA#16.804;

WHEREAS, as condition of receipt of said grant, "disparate" jurisdictions are required to submit a joint application by a designated fiscal agent;

WHEREAS, the County of Monmouth is willing to act as the fiscal and programmatic agent for the application;

WHEREAS, each entity finds that the performance of this MOU is in the best interests of both parties, that the undertaking will benefit the public, and that the division of costs fairly compensates the performing party for the services or functions under this MOU.

NOW, THEREFORE, the County of Monmouth and the Municipality agree as follows:

Section 1.

The Municipality is applying for funds for the purpose(s) identified in the local solicitation, namely, the purchase and installation of Police Car Mobile Data Terminals, Police computer and printer, radio antennae and enforcement patrols in the Township of Middletown, and more fully described in the program narrative made Appendix A to this MOU.

Section 2.

The County will submit the Municipality's request as part of the County's joint application as the fiscal and programmatic agent for the Municipality and other participating municipalities

Section 3.

Conditioned upon Federal approval of the above referenced JAG application and award of funds, the County will reimburse the Municipality in an amount not to exceed \$31,927.00 as detailed in Appendix B of this MOU. The Municipality agrees to 10% of the award to be retained by the County for the County's services as the fiscal and programmatic agent of the Municipality, as reflected in line item I, "Indirect Costs" in the Budget detail as attached in Appendix B.

Reimbursement to the Municipality, net of the County's retained amount, will be made by the County, subject to the timely receipt by the County of a properly executed voucher and supporting documentation from the Municipality.

Section 4

Pursuant to 28 C.F.R. Section 42.302, all recipients of federal funding must in compliance with federal EEO requirements. The Municipality certifies all programs funded through sub-awards conform to the Recovery JAG Program and Reporting Requirements.

Section 5

This MOU shall be in effect for the period March 1, 2009 to February 28, 2013.

Section 6.

Each party to this MOU will be responsible for its own actions in its performance of this MOU and shall not be liable for any civil or administrative liability that may arise from the actions or inactions of the other party.

Section 7.

This MOU shall not create any rights in any party not a signatory hereto.

Section 8.

By entering into this Agreement, the parties do not intend to create any obligations, express or implied, other than those set forth herein.

RESOLUTION NO. 09-168

TOWNSHIP OF MIDDLETOWN

**AUTHORIZING EXECUTION OF AGREEMENT WITH COUNTY OF
MONMOUTH TO ACT AS AGENT FOR PURPOSES OF FILING FOR
EDWARD BYRNE MEMORIAL JUSTICE ASSISTANCE GRANT**

WHEREAS, the Federal Recovery Act has authorized funds to be made available through the Edward Byrne Memorial Justice Assistance Grant ("JAG") Formula Program for the purchase and installation of mobile data terminals and related equipment in Township police cars; and

WHEREAS, as condition of receipt of said grant, disparate jurisdictions are required to submit a joint application by a designated fiscal agent; and

WHEREAS, the County of Monmouth is willing to act as the fiscal and programmatic agent for the Township of Middletown's application; and

WHEREAS, the Township of Middletown finds that the performance a Memorandum of Understanding ("MOU") with the County of Monmouth is in the best interests of both parties, that the undertaking will benefit the public, and that the division of costs fairly compensates the performing party for the services or functions under an MOU.

WHEREAS, conditioned upon federal approval of the application, the County of Monmouth shall reimburse the Township in an amount not to exceed \$31,927.00, with the Township agreeing that 10% of the award be retained by the County for its services as the programmatic agent making application for the Township.

NOW, THEREFORE, BE IT RESOLVED by the Township Committee of the Township of Middletown in the County of Monmouth, State of New Jersey, that the Mayor is hereby authorized to execute a MOU, attested to by the Township Clerk and approved as to form by the Township Attorney, with the County of Monmouth to serve as the Township's fiscal and programmatic agent for purposes of applying for and securing an Edward Byrne Memorial Justice Assistance Grant for the purchase and installation of mobile data terminals and related equipment for Township police cars.

**MEMORANDUM OF UNDERSTANDING (MOU)
BETWEEN THE COUNTY OF MONMOUTH AND THE BOROUGH OF NEPTUNE
CITY**

Recovery Act: Justice Assistance Grant (JAG) Program Award

This Memorandum of Understanding (MOU) is made and entered into this 18th day of June 2009 by and between the Neptune City acting by and through its governing body, herein referred to as the Municipality and the County of Monmouth, acting through its governing body hereinafter referred to as the County, both of Monmouth County, State of New Jersey.

WHEREAS, the Federal Recovery Act has authorized funds to be made available through the Edward Byrne Memorial Justice Assistance Grant (JAG) Formula Program: CDFA#16.804;

WHEREAS, as condition of receipt of said grant, "disparate" jurisdictions are required to submit a joint application by a designated fiscal agent;

WHEREAS, the County of Monmouth is willing to act as the fiscal and programmatic agent for the application;

WHEREAS, each entity finds that the performance of this MOU is in the best interests of both parties, that the undertaking will benefit the public, and that the division of costs fairly compensates the performing party for the services or functions under this MOU.

NOW, THEREFORE, the County of Monmouth and the Municipality agree as follows:

Section 1.

The Municipality is applying for funds for the purpose(s) identified in the local solicitation, namely, video equipment for use in the Borough of Neptune City, and more fully described in the program narrative made Appendix A to this MOU.

Section 2.

The County will submit the Municipality's request as part of the County's joint application as the fiscal and programmatic agent for the Municipality and other participating municipalities

Section 3.

Conditioned upon Federal approval of the above referenced JAG application and award of funds, the County will reimburse the Municipality in an amount not to exceed \$10,425.00 as detailed in Appendix B of this MOU. The Municipality agrees to 10% of the award to be retained by the County for the County's services as the fiscal and programmatic agent of the Municipality, as reflected in line item I, "Indirect Costs" in the Budget detail as attached in Appendix B.

Budget detail as attached in Appendix B. Reimbursement to the Municipality, net of the County's retained amount, will be made by the County, subject to the timely receipt by the County of a properly executed voucher and supporting documentation from the Municipality.

Section 4

Pursuant to 28 C.F.R. Section 42.302, all recipients of federal funding must in compliance with federal EEO requirements. The Municipality certifies all programs funded through sub-awards conform to the Recovery JAG Program and Reporting Requirements.

Section 5

This MOU shall be in effect for the period March 1, 2009 to February 28, 2013.

Section 6.

Each party to this MOU will be responsible for its own actions in its performance of this MOU and shall not be liable for any civil or administrative liability that may arise from the actions or inactions of the other party.

Section 7.

This MOU shall not create any rights in any party not a signatory hereto.

Section 8.

By entering into this Agreement, the parties do not intend to create any obligations, express or implied, other than those set forth herein.

**Authorize the Submission of a 2009 Recovery Act Edward Byrne Memorial Justice
Assistance Local Program Grant Application**

WHEREAS, the U.S. Department of Justice, Office of Justice Programs, Bureau of Justice Assistance has posted the availability of grant funds for the Recovery Act Edward Byrne Memorial Justice Assistance Grant (JAG Grant), as provided through the American Recovery and Reinvestment Act 2009 which provides a no match funding source to units of local government for law enforcement and justice initiative purposes. The aggregate of the available funds for the eligible Monmouth County Communities is \$749,294. Asbury Park is eligible for \$235,214; Neptune Township \$103,815; Long Branch \$91,653; Howell Township \$35,184; Keansburg \$32,795; Middletown \$31,927; Freehold Township \$31,709; Freehold Borough \$28,886; Red Bank \$25,845; Ocean Township \$25,845; Wall Township \$17,592; Belmar \$17,375; Eatontown \$17,375; Aberdeen Township \$16,723; Manalapan \$14,334; Marlboro \$12,814; Neptune City \$10,425,

WHEREAS, the Police Department desires to apply for this grant to maintain or to advance the safety of the public and to maintain or to improve the efficiency of the Police Department,

THEREFORE, be it further resolved, by the Township Committee of the Township of Wall, that the Mayor, or his designee, are hereby authorized to submit an application for the 2009 Recovery Act Edward Byrne Memorial Justice Assistance Grant.

I, LORRAINE KUBACZ, Clerk of the Township of Wall, do certify that the foregoing is a true copy of the Resolution adopted by the Township Committee of the Township of Wall at an Executive meeting held on April 8, 2009.

Lorraine Kubacz
Township Clerk

JAG Narrative

The County of Monmouth appreciates the opportunity to enhance law enforcement responses in 17 jurisdictions within the county by submitting this application as authorized by the Recovery Act. The eligible jurisdictions vary greatly in demographics, median income, housing options and local resources. That being the case, they have considered the best use of funding that result in immediate and cost effective impact on their communities and residents. In keeping with the goals of the Act, awarded funds would assist jurisdictions in avoiding reductions in essential services while minimizing the need to increase local taxes. Certainly, technology has increased law enforcements ability to monitor and respond to incidents more quickly and you will note that that is a common theme in the Memorandums Of Understanding (MOU) attached to this application. Mindful that these funds may not be appropriated in the next federal fiscal year, jurisdictions are applying primarily for the acquisition of technology related equipment and supplies to enhance their law enforcement response.

The proposal to apply for JAG funds through the Recovery Act was first presented to the Monmouth County Board of Chosen Freeholders on April 7, 2009. During Freeholder meetings, there were opportunities for citizens, neighborhood and community organizations to comment, both at the workshop and regular public meetings. The Board unanimously adopted Resolution #09-594 authorizing the submission of the grant on June 11, 2009 at its regular public meeting. In addition, the agenda, listing this item was available on the County's website prior to the adoption of the resolution.

As the grant requires one jurisdiction to act as the programmatic and fiscal agent on behalf of the disparate jurisdictions, the County of Monmouth will act as such and retain \$74,929 or 10% of the total funds awarded for administrative purposes. The County of Monmouth will track, account for, and report on these funds separately as required by the Act. The county complies with the requirements of the Single Audit Act (A-133) and Government Accounting Standards and Procedures. Additionally, it has an AAA rating from all 3 rating agencies assuring its excellent financial standards. All acquisition of equipment will be made according to the purchasing laws of the State of New Jersey. Jurisdictions will be reimbursed based upon a proper programmatic documentation and a properly executed county voucher.

The following is a summary of the jurisdictions' proposed programs (more fully described in the attached MOUs) for which funds are being requested:

Aberdeen Township Police Department is requesting funding to increase public safety and use of local pocket parks by combating vandalism and disorderly conduct. In order to accomplish this quality of life enhancement the township is requesting funding to purchase Vandalism Deterrence and Night Vision equipment. **\$16,723.00**

Asbury Park Police Department In order to increase police monitoring in high crime neighborhoods, as well as the commercial and beach front areas, the jurisdiction is requesting the purchase of six Infinova PTZ video surveillance cameras with a 35X optical zoom and 12X digital zoom. The cameras have 360 degree capability as well as the ability to pan and tilt. The cameras will have wireless capability and will be transmitting images to the Asbury Park Police Department. A screen will display the real time images and they will also be recorded to a DVR on the network server. This remote technology as well as additional equipment for 20 police cruisers will assist local law enforcement in protecting its residents and promoting public safety in the most needed areas. **\$235,214**

Belmar Police Department is requesting to purchase computer equipment. Several computers within the department are more than 5 years old and are in need of replacement. In addition, their Detective Division is in need of a portable computer for utilization at crime scenes. This unit would need mobile access to headquarters for transfer of information from the scene of a crime under investigation. It will assist in the successful prosecution of perpetrators as well as deter criminal activity. **\$17,375**

Borough of Eatontown Police Department The purpose of these funds is to upgrade the Mobile Video Recorder infrastructure from the 2003 VHS system to a more cost effective and reliable digital technology. This will permit other officers, dispatchers and patrol supervisors to monitor field activities in real time enhancing officer safety in the process. **\$17,158**

Borough of Freehold is requesting funds to continue its Youth Police Academy for which funding was no longer available. This is an eight day summer program which prepares youth ages 12 through 16 to actively engage in good citizenship and possible interest in a career in law enforcement. With this funding the program can operate for 3 years. **\$28,886**

Freehold Twp. Police Department is requesting funds to purchase a fixed/mobile, high speed, automatic license plate reader (LPR). The plate reader keeps history of the plates observed and that history can be used in identifying if and when the vehicle was in a specific area where a crime may have occurred. Data mining through LPR has resulted in the successful identification of those engaged in criminal activity and can assist other law enforcement entities through shared communication. Updating the inventory of the local jurisdiction's

computers will also assist with on-line training in the areas of emergency management response, domestic violence training, and other State mandated training.

\$31,709

Howell Police Department is requesting funds to enhance and expand the law enforcement response to its citizens through the purchase of patrol vehicle rifle racks and rifles to ensure that law enforcement has safe access to weapons if needed, training of officers and a digital video system to record interrogations.

\$35,184

Keansburg Police Department operates with an emphasis on community policing and an active Neighborhood Watch program. Funds are requested to enhance the overall public safety response through the purchase of police cruiser.

\$32,795

Long Branch is requesting funds with the goals of improving the functioning of its criminal justice and to assist victims of crime. Currently, the jurisdiction does not have the capability to clearly record interviews nor ensure private interviews when required. This grant award will significantly improve the conditions under which perpetrators and victims provide statements.

\$91,653

Manalapan Township Police Department is requesting funds for the purchase Portable Radios. These radios will allow Manalapan Township to further develop interagency emergency response plans and strengthen unified command of routine and large-scale incidents involving multiple jurisdictions. This strategy is in keeping with National Incident Management Systems (NIMS) and New Jersey State incident management strategies.

\$14,344

The Marlboro Township Police Department is requesting funds for the Marlboro Township Alliance for the Prevention of Substance Abuse to provide workshops on the dangers of Alcohol and Drug Abuse and on Internet Safety.

\$12,814

Middletown Township Police Department is seeking funding to enhance and improve its overall law enforcement and public safety response by upgrading its technology resources effecting communications and records management. They are also requesting funding to increase foot patrols for special events and high crime areas.

\$31,927

Neptune City Police Department is requesting funds to detect and deter crime and provide safety for its citizens and officers. It will impact those objectives by purchasing a Low Speed Police Vehicle to patrol high crime areas that are not accessible by a full size patrol vehicle. **\$10,425**

Neptune Township This funding provides an opportunity for improved public safety measures by the acquisition of much needed radio and associated communications equipment, data communications equipment and digital mobile video equipment. **\$103,815**

Township of Ocean Police Department is requesting funding for the purchase of portable radios that will enhance the new digital radio system planned for installation in the Township of Ocean. These radios will be assigned to the Township's Mobile Command Vehicles to allow for multi-jurisdictional operations. This will enhance public safety by facilitating mutual aid in smaller jurisdictions. **\$25,845.00**

Borough of Red Bank In order not to divert limited resources for increased summer activities; law enforcement response will be enhanced and stabilized during the summer tourism months with added walking patrols. Additionally, the acquisition of Field Reporting Software will further ensure streamlined communication and reporting processes and an accelerated public safety response. **\$25,845**

Township of Wall proposes to use funds to enhance public safety through traffic calming measures, particularly in school zones by purchasing equipment that has been reported to increase speed limit compliance. **\$17,592**

**RESOLUTION AUTHORIZING A GRANT APPLICATION WITH THE US
DEPARTMENT OF JUSTICE, OFFICE OF JUSTICE PROGRAMS, BUREAU OF
JUSTICE ASSISTANCE (USDOJ/OJP/BJA) FOR A FY 2009 EDWARD BYRNE
MEMORIAL JUSTICE ASSISTANCE GRANT (JAG), LOCAL SOLICITATION**

WHEREAS, the County of Monmouth is in receipt of the Edward Byrne Memorial Justice Assistance Grant (JAG) Formula Program, Local Solicitation, utilizing American Recovery and Reinvestment Act (ARRA) funding through the US Department of Justice, Office of Justice Programs, Bureau of Justice Assistance (USDOJ/OJP/BJA); and

WHEREAS, said solicitation provides for \$749,294.00 in funding for seventeen (17) Monmouth County towns to combat violence against women, to fight internet crimes against children, to improve the functioning of the criminal justice system, to assist victims of crime, and to support youth mentoring; and

WHEREAS, the County of Monmouth wishes to assist the seventeen (17) towns who will be awarded said funding, as delineated in Schedule A attached hereto, by acting as the lead applicant and coordinator for the aforementioned grant; and

WHEREAS, the Monmouth County Board of Chosen Freeholders is desirous of applying for the aforementioned grant.

NOW, THEREFORE, BE IT RESOLVED by the Monmouth County Board of Chosen Freeholders that the FY 2009 JAG, Local Solicitation grant application be the same is hereby approved and authorized.

BE IT FURTHER RESOLVED that the Director of the Monmouth County Board of Chosen Freeholders and other County officials, as need be, are hereby authorized to execute the grant application and any and all other such documents as may be required to secure said funding.

BE IT FURTHER RESOLVED that the Clerk of the Monmouth County Board of Chosen Freeholders forward two certified true copies of this resolution to the Monmouth County Finance Department for transmittal to the USDOJ/OJP/BJA as may be required.

Project Amendment

December 21, 2009

Original Project: Project Area – Foot Patrols and Traffic Control for Kaboom

Amended Project: Foot Patrols and Holiday Shopping Center Foot Patrols

The Middletown Township Police Department had originally intended to utilize a portion of this grant to supplement foot patrol officers associated with the July 3rd, Kaboom Red Bank Fireworks display. Officers were originally going to be deployed on foot in and around the Navesink River Road and State Highway 35 area during the July 3rd event. Unfortunately, the grant award was not released until long after the aforementioned event had transpired, and as a result, we moved to have this portion of the JAG Grant moved to cover our Holiday Shopping Center Foot Patrols.

For a number of years now, the Middletown Township Police Department has deployed police officers to patrol Township shopping centers on foot during weekends in the Month of December throughout the Holiday Season. Officers are assigned a specific geographical area comprised of between three and five shopping centers to patrol on a walking patrol (beat).

The officers are deployed in four hour blocks of time, on Friday and Saturday evenings leading up to Christmas Eve. We deploy four officers, for four hours each, on each Friday and Saturday evening at \$50.00 per hour, for a total of \$200 per officer per patrol. On Christmas Eve, we deploy five patrols at the same hourly rate.

While the Holiday Foot Patrols will cost the Middletown Police Department \$5800.00 this year, we are going to off-set the total cost by utilizing the \$2800.00 that we had previously allocated from the JAG Grant for the Kaboom Fireworks.

During the patrols, officers are required to exit their patrol vehicles and patrol the shopping centers, store fronts and parking lots on foot. The officers are encouraged to “meet and greet” both patrons and business owners during this time, and enforce any violations or safety matters that they may come upon or encounter. Officers are permitted to utilize their assigned patrol cars to get from one shopping center to another; however, they are not expected to patrol the shopping centers in their patrol cars.

A sample of our officer-cost deployment is as follows:

- Friday 12/04/09 Officer A for 4 hours @ \$50.00 = \$200.00
- Friday 12/04/09 Officer B for 4 hours @ \$50.00 = \$200.00
- Friday 12/04/09 Officer C for 4 hours @ \$50.00 = \$200.00
- Friday 12/04/09 Officer D for 4 hours @ \$50.00 = \$200.00

- Saturday 12/05/09 Officer E for 4 hours @ \$50.00 = \$200.00
- Saturday 12/05/09 Officer F for 4 hours @ \$50.00 = \$200.00
- Saturday 12/05/09 Officer G for 4 hours @ \$50.00 = \$200.00
- Saturday 12/05/09 Officer H for 4 hours @ \$50.00 = \$200.00

- Friday 12/11/09 Officer I for 4 hours @ \$50.00 = \$200.00
- Friday 12/11/09 Officer J for 4 hours @ \$50.00 = \$200.00
- Friday 12/11/09 Officer K for 4 hours @ \$50.00 = \$200.00
- Friday 12/11/09 Officer L for 4 hours @ \$50.00 = \$200.00

- Saturday 12/12/09 Officer M for 4 hours @ \$50.00 = \$200.00
- Saturday 12/12/09 Officer N for 4 hours @ \$50.00 = \$200.00

❖ **Total Cost for Holiday Foot Patrols JAG Grant = \$2800.00**

(Please note that this Grant will only cover 14 of our scheduled 29 Holiday Foot Patrols)

Please see our attachment which is an actual officer deployment of our patrols that we deployed and that we are seeking reimbursement for.

**City of Asbury Park
Recovery Act: Edward Byrne Memorial Justice Assistance Grant
("JAG") Program**

Budget Narrative and Summary

The City of Asbury Park Police Department is requesting \$235,214.00 in Federal funding from the Recovery Act: Edward Byrne Memorial Justice Assistance Grant ("JAG") Program. The purpose of these funds is the purchase video surveillance cameras to install throughout the City of Asbury Park. The budget narrative and subsequent worksheets are as follows:

- A. **Personnel** – Not Requested.
- B. **Fringe Benefits**- Not requested
- C. **Travel** – Not requested
- D. **Equipment** – The Asbury Park Police Department is requesting through the Recovery Act: Edward Byrne Memorial Justice Assistance Grant ("JAG") Program funds for the purchase of seven (7) 2010 Chevrolet Malibu Hybrid police vehicles to include emergency lighting. The purchase of one Automatic License Plate Recognition ("ALPR") 4 camera kit is needed for the installation in one patrol car.

<u>Item</u>	<u>Computation</u>	<u>Cost</u>
2010 Chevrolet Malibu Hybrid police cars	7 cars x \$25,656	\$179,593.00
ALPR 4 Camera Kit	1 kit x \$12,000	\$ 12,000.00
Total		<u>\$191,593.00</u>

- E. **Supplies-** The Asbury Park Police Department is requesting through the Recovery Act: Edward Byrne Memorial Justice Assistance Grant ("JAG") Program funds for the purchase of four 950 LED cameras that are also needed for the ALPR system, which will give the outfitted patrol car four views. The purchase and installation of the Back Office Server software is needed to operate the ALPR system.

<u>Item</u>	<u>Computation</u>	<u>Cost</u>
950 LED Camera	4 camera x \$4,000	\$ 16,000.00
Back Office Server software and install	1 software x \$4,100	\$ 4,100.00
	Total	<u>\$20,100.00</u>

F. **Construction – Not requested**

G. **Consultants/Contracts – Not requested**

H. **Other Costs – Not requested**

I. **Indirect Costs – 10% Administrative Fee to Monmouth County**

Total **\$23,521.00**

Budget Summary:

<u>Category</u>	<u>Amount</u>
A. Personnel	\$0
B. Fringe Benefits	\$0
C. Travel	\$0
D. Equipment	\$191,593.00
E. Supplies	\$20,100.00
F. Construction	\$0
G. Consultants/Contracts	\$0
H. Other	\$0
Total Direct Costs	\$211,693.00
I. Indirect Costs	\$ 23,521.00
TOTAL PROJECT COSTS	<u>\$235,214.00</u>

Federal Request **\$235,214.00**

Non-Federal Amount **\$0.00**

United States Department of Justice
Office of Justice Program Recovery Act
Edward Byrne Memorial Justice Assistance Grant Formula Program

To Whom It May Concern:

I write in support of Monmouth County, New Jersey's application for an Edward Byrne Memorial Justice Assistance Grant (Local Solicitation CDFA#16.804) in the amount of \$749,294. These funds will be used primarily for equipment and supplies to stabilize and enhance law enforcement responses in a number of communities.

Monmouth County has developed a Memorandum of Understanding (MOU) with 17 municipalities, several of which are in the 12th Congressional District. With Monmouth County as the lead participant, these jurisdictions have provided the required program and budget narratives detailing their rationale and proposed uses for the grant funds.

Approval of this grant will enable these communities to avoid reductions in essential services while minimizing the need to increase local property taxes. I encourage the Department of Justice to support this worthwhile application. If you have any questions, or need further information, please contact me or my staff at my New Jersey office at (609) 750-9365.

Sincerely,

RUSH HOLT
Member of Congress

Re: Grant #: 2009-SB-B9-2938
Borough of Keansburg, County of Monmouth

Dear Director Burch:

The Borough of Keansburg has experienced significant change in recent months. As a result of the economy, the police budget has been cut, and there has been an unusually sharp increase in violent crime. As indicated in our Edward J. Byrne Justice Assistance Grant, the Department is in desperate need of a police vehicle and requested JAG funds to purchase same.

The Department has opted for the acquisition of a used Dodge Durango. While technically not considered a police cruiser, this vehicle is ideal for the department's needs. The vehicle will match the specifications of the typical cruiser and will assist greatly in ensuring a vehicle that can handle a myriad of situations is on the street. The vehicle is being equipped with all standard police features and will be completed within the costs outlined in the grant. This would not have been possible had we acquired a brand new Durango. Additionally, the Department's fleet currently consists of Dodge Durangos. Consistency with the type of vehicle in our fleet is essential as part of our goal to provide routine maintenance and complete repairs as needed in a streamline manner. The Department has spare parts and a mechanic skilled in maintaining our fleet in a cost-effective way.

An additional vehicle is essential to our department's public safety needs, and our plan to purchase a used, fully-equipped Dodge Durango satisfies that requirement. As you can see, this request allows us to acquire the vehicle we need that addresses all public safety components, while spending within the budget allocated by the JAG program.

We anticipate closing out this grant in the near future.

Signed,

Chief Raymond O'Hare
