NEWARK POLICE DEPARTMENT
220 Elkton Road
Newark, DE 19711

July 2, 2009

Program Narrative

The City of Newark is home to the University of Delaware and several major companies. It is also situated next to the borders of Maryland, Pennsylvania and is situated on Interstate 95. As a result the city feels the brunt of the influx of tens of thousands of students and visitors during the course of a year. As a result, the Newark Police Department responds to all calls for police service, enforces state and local laws, conducts preventative patrol activities, performs criminal investigations, promotes traffic safety and apprehends offenders. The Newark Police Department is responsible for protecting the lives, homes, and properties of Newark residents, students and visitors. The Newark Police Department's core values are the preservation of human life, integrity, professionalism and service.

The intention of the Newark Police Department is to purchase technologically advanced equipment to assist the Police Department in identifying, apprehending and prosecuting criminal offenders.

As described, the City of Newark has a very transient population, especially with Interstate 95 on the southern end of the City. \$20,000 of the grant will be used to purchase a License Plate Reader (LPR System). This system is installed on a patrol vehicle and automatically reads every license plate it observes. It then processes that information and checks against stolen and wanted information in the national computer system. This system would aid the Newark Police Department in its mission of conducting preventative patrols and apprehending criminal offenders. \$28,815 of this grant will be allocated to purchase an all digital in car camera system for patrol vehicles. This allocation will pay for the base station and installation of cameras in three patrol vehicles. This system would not only aid in the apprehension and prosecution of offenders, it would assure the public that the Police Department's core values of integrity and professionalism are foremost in our mission. This equipment would be purchased immediately.

The City of Newark shall assign a grant code number to money received and spent from this grant assuring good accounting practices. A monthly and yearly report will be generated for this number showing all monies received and spent.
