3. DEFINITIONS

Terms used in this Directive are defined in Enclosure 2.

4. POLICY

It is DoD policy that:

4.1. All DoD Intelligence and CI activities shall be carried out pursuant to the authorities and restrictions of the U.S. Constitution, applicable law, Reference (c), the policies and procedures authorized herein, and other relevant DoD policies authorized by Reference (b). Special emphasis shall be given to the protection of the constitutional rights and privacy of U.S. persons.

4.2. DoD Intelligence and CI activities shall conform to U.S. law and Presidential guidance concerning the authorities and responsibilities of the Director of National Intelligence (DNI).

4.3. Defense Intelligence and CI shall be the all-source information collection, analysis, sharing, and dissemination capability derived from intelligence and CI activities, operations, and campaign plans, provided to national and defense decision makers and warfighters for military planning and operations.

4.4. Defense Intelligence must provide accurate and timely warning of threats and of foreign capabilities and intent to national and defense decision makers to allow for consideration of the widest range of options. While Defense Intelligence must be timely, it also must be substantive, thorough, contextual, and useful in form and format.

4.5. Consistent with the need to protect intelligence sources and methods and the provisions of Intelligence Community Directive Number 501 (Reference (i)), the Defense Intelligence and CI Components have an affirmative responsibility to share collected and stored information, data, and resulting analysis with other Defense Intelligence and CI Components, the Intelligence Community (IC), other relevant Federal agencies, and civilian law enforcement officials, as

4.5.1. 4.5.2. The broadest possible sharing of intelligence with coalition and approved partner countries shall be accomplished unless otherwise precluded from release by law, explicit direction, or policy.

4.5.3. Original classifiers shall draft intelligence products with a presumption of release and in such a manner as to allow the widest dissemination to allies, coalitions, and international organizations.

4.6. No Defense Intelligence or CI Component shall request any person or entity to undertake unauthorized activities on behalf of the Defense Intelligence or CI Component. No Defense Intelligence or CI Component shall request any person or entity to undertake intelligence activities on behalf of the Defense Intelligence or CI Component that do not follow the procedures described in Reference (h). The collection techniques described in Reference (h) shall be employed only to perform intelligence or CI functions assigned to the Defense Intelligence or CI Component concerned. Use of such techniques to collect information about U.S. persons shall be limited to the least intrusive means feasible and shall not violate law, Executive order, Presidential guidance, or DoD or DNI policy.

4.7. The Defense Intelligence and CI Components and their employees shall report all intelligence or CI activities that may violate law, Executive order, Presidential directive, or applicable DoD policy through the Component chain of command to the Inspector General or General Counsel responsible for the Defense Intelligence Component concerned, or to the Assistant to the Secretary of Defense for Intelligence Oversight (ATSD(IO)).

4.8. The Defense Intelligence and CI Components shall only conduct, or provide support for the conduct of, covert activities in times of war declared by Congress, during a period covered by a report from the President to Congress consistent with Chapter 33 of Reference (g), or when such actions have been approved by the President and directed by the Secretary of Defense.
