2009-H7044-GA-SB Recovery Act: Byrne JAG Application Program Narrative

Fayette County Sheriff's Office
Fayetteville, Georgia

Project Manager: Major Bryan L. Woodie

Governmental Review and Public Comment

The Fayette County Sheriff's Office has made the Fayette County Board of Commissioners aware of our grant request. The Application Endorsement and public hearing opportunity are scheduled for August 13, 2009.

The Fayette County Sheriff's Office is applying for 2009 Recovery Act funding to assist in implementing an Automatic License Plate Recognition Program (ALPR). The purpose of this program is to more effectively allow the Sheriff's Office to locate and recover stolen motor vehicles.

The ALPR System will be a valuable tool for us because it does not discriminate. It almost eliminates any problems with profiling which may be alleged to be a factor in some arrests related to a motor vehicle theft. The camera doesn't distinguish the color of a driver's skin or the condition of the car.

In neighboring Clayton County, an ALPR System has been in place and resulted in more than 30 recoveries of stolen motor vehicles in less than 3 months. It is interesting to note that 2 of those recoveries were vehicles owned by the Fayette County Board of Commissioners.

In Long Beach California, the Long Beach Police Department has used their system in three different roles. Those roles have been:

- Stolen Vehicles

An LBPD officer received a stolen vehicle alert from the ALPR system. The Night Auto Theft Detail set up surveillance on the stolen vehicle until the suspects arrived. An arrest was made and five high value cars were recovered.

- Drug and Identity Theft

A stolen vehicle alert notified an LBPD officer that the suspect traveling in the vehicle should be considered armed and dangerous. Surveillance was established on the vehicle, the suspect was followed to an apartment where an arrest was made. Large amounts of methamphetamine, marijuana, and identity theft profiles were recovered.

- Carjacking

An off-duty officer was the victim of a carjacking with limited information on suspects. After the ALPR system identified another stolen vehicle, surveillance led the LBPD Career Criminal Apprehension Team to identify the suspect as the perpetrator of the carjacking. An arrest was made.

The Fayette County Sheriff's Office expects to not only use this system for these purposes but also to create "local databases" which will take advantage of the ALPR technology. Our additional local uses will be:

- Local Warrants

The Warrant Services Section of the Field Operations Division will provide to the ALPR Manager the know license plates of vehicles being operated by persons wanted by the Sheriff's Office. When the ALPR System detects one of these license plates, the deputy operating the system can check the vehicle to locate and apprehend the warrant subject.

- Sexual Predator Offenders

Georgia Law requires that sex offenders register with the Fayette County Sheriff's Office. By having the ALPR Administrator enter sex offender's license plates into the database, their movements can be tracked through use of the system.

- Property Crime Investigation

When ALPR Systems are operated in a stationary mode, license plates are recorded even though the license plates themselves may not be in any existing data base. The system software provides the ability to list license plates captured by day of week and time of day. This information can be used to provide intelligence to investigators seeking to identify potential offenders who may have been in the area of a particular crime.

The above case study from Long Beach California was obtained from documentation provided by the intended vendor of this project. It is representative of other case studies the project manager is aware of.

The Fayette County Sheriff's Office intends to use \$58,733.00 in Federal Asset Forfeiture Funding allocated to it by the United States Justice Department to complete this project.

2009-H7044-GA-SB Project Abstract

Title of Project: Fayette County Automatic License Plate Recognition System

Applicant Name: Major Bryan L. Woodie
On behalf of Sheriff Wayne Hannah
Fayette County Sheriff's Office
Fayetteville, Georgia 30214

Project Goal:

The goal of this project is to deploy an automatic license plate recognition system for law enforcement purposes in Fayette County, Georgia. This system, which will consist of two field units, will assist the Sheriff's Office in locating stolen or otherwise wanted, motor vehicles and thus deter crime and make our community safer.

Project Strategy:

The primary strategy of this program will be to deploy these units in areas where high motor vehicle traffic increase the likelihood that stolen motor vehicles are operated. By locating and recovering these vehicles, we are significantly more likely to decrease this type of criminal activity in the future.

Budget Detail Worksheet

Purpose: The Budget Detail Worksheet may be used as a guide to assist you in the preparation of the budget and budget narrative. You may submit the budget and budget narrative using this form or in the format of your choice (plain sheets, your own form, or a variation of this form). However, all required information (including the budget narrative) must be provided. Any category of expense not applicable to your budget may be deleted.

A. Personnel - List each position by title and name of employee, if available. Show the annual salary rate and the percentage of time to be devoted to the project. Compensation paid for employees engaged in grant activities must be consistent with that paid for similar work within the applicant organization.

Name/Position	Computation	Cost
		SUB-TOTAL \$0.00

B. Fringe Benefits - Fringe benefits should be based on actual known costs or an established formula. Fringe benefits are for the personnel listed in budget category (A) and only for the percentage of time devoted to the project. Fringe benefits on overtime hours are limited to FICA, Workman's Compensation, and Unemployment Compensation.

Name/Position	Computation	Cost
		SUB-TOTAL \$0.00
		Total Personnel & Fringe Benefits \$0.00

C. Travel - Itemize travel expenses of project personnel by purpose (e.g., staff to training, field interviews, advisory group meeting, etc.). Show the basis of computation (e.g., six people to 3-day training at \$X airfare, \$X lodging, \$X subsistence). In training projects, travel and meals for trainees should be listed separately. Show the number of trainees and the unit costs involved. Identify the location of travel, if known. Indicate source of Travel Policies applied, Applicant or Federal Travel Regulations.

Purpose of Travel	Location	Item	Computation	Cost
TOTAL				\$0.00

D. Equipment - List non-expendable items that are to be purchased. Non-expendable equipment is tangible property having a useful life of more than two years and an acquisition cost of \$5,000 or more per unit. (Note: Organization's own capitalization policy may be used for items costing less than \$5,000). Expendable items should be included either in the "supplies" category or in the "Other" category. Applicants should analyze the cost benefits of purchasing versus leasing equipment, especially high cost items and those subject to rapid technical advances. Rented or leased equipment costs should be listed in the "Contractual" category. Explain how the equipment is necessary for the success of the project. Attach a narrative describing the procurement method to be used.

Item	Computation	Cost
3 Camera ALPR System	3 systems	\$76,100.00
TOTAL		\$76,100.00

E. Supplies - List items by type (office supplies, postage, training materials, copying paper, and expendable equipment items costing less than \$5,000, such as books, hand held tape recorders) and show the basis for computation. (Note: Organization's own capitalization policy may be used for items costing less than \$5,000). Generally, supplies include any materials that are expendable or consumed during the course of the project.

Supply Items	Computation	Cost
TOTAL		\$0.00

Purpose	Description of Work	Cost
		TOTAL \$0.00

G. Consultants/Contracts - Indicate whether applicant's formal, written Procurement Policy or the Federal Acquisition Regulations are followed.

Consultant Fees: For each consultant enter the name, if known, service to be provided, hourly or daily fee (8-hour day), and estimated time on the project. Consultant fees in excess of \$450 per day require additional justification and prior approval from OJP.

Name of Consultant	Service Provided	Computation	Cost
			Subtotal \$0.00

Consultant Expenses: List all expenses to be paid from the grant to the individual consultants in addition to their fees (i.e., travel, meals, lodging, etc.)

Item	Location	Computation	Cost
			Subtotal \$0.00

Contracts: Provide a description of the product or service to be procured by contract and an estimate of the cost. Applicants are encouraged to promote free and open competition in awarding contracts. A separate justification must be provided for sole source contracts in excess of \$100,000.

Item	Cost

Description	Computation	Cost
four lines per entry, use boxes below or an additional page for more space if required		
TOTAL		\$0.00

Description	Computation	Cost
one line per entry		
one line per entry		
TOTAL		\$0.00

Budget Summary- When you have completed the budget worksheet, transfer the totals for each category to the spaces below. Compute the total direct costs and the total project costs. Indicate the amount of Federal requested and the amount of non-Federal funds that will support the project.

Budget Category	Amount
A. Personnel	\$0.00

To Whom It May Concern,

The Fayette County Sheriff's Office submitted our FY2009 JAG application to the Fayette County Board of Commissioners on July 17, 2009 for review. The Board of Commissioners approved our request to apply for the grant on August 13, 2009.

On August 18, 2009, a public hearing was held in the Fayette County Board of Commissioners Meeting Room from 9:00 a.m. until 11:00 a.m. for any member of the public to comment on or question the grant. That meeting was publicized in the Fayette Daily News on August 8th, 2009. The Fayette Daily News is the local legal organ (paper) used by Fayette County to publicize public meetings.

I am attaching a copy of the newspaper advertisement; a copy of the document used to place this request on the Fayette County Board of Commissioners Agenda for a vote and a copy of the action agenda showing the approval.

As I understand it, this information is necessary to show compliance with Special Condition 33 of our request.

If you have any questions, please let me know.

Sincerely,
