Leaders:

As COL (b)(6) mentioned in his email to Col (b)(6) below we usually do not see these coordination messages. That said, it was appreciated to pull back the curtain and see how the wheels turn in DC.

FYSA...it looks as if the initial BiLat Raid CONOPS with UAE in support of the Shabwah offensive will be coming your way sometime next week. Right now they are still being discussed at the AO level, but thought I'd keep you informed nonetheless.

Attached is an updated proposal (revised from the 15 Nov message) requesting SecDef and Presidential approval for CENTCOM to support the UAE's Shabwah offensive against AQAP. The following changes were made to the narrative to address several concerns:

- Specified that the Joint Staff will notify OSD of each bilateral raid.

Chuck just got word that the SVTC is postponed; new date and time TBD. Therefore, I think we can postpone our meeting with the understanding that it could be back on as early as tomorrow. Other than big picture items such as international and domestic legal bases, the issues we were talking about today included the following (some legal, some policy, some looking ahead to EXORD):

(b)(1), Sec. 1.4(a)

[Redacted content]

Just wanted to give you a heads up on what we may need to talk through when we prep for the SVTC, understanding that some of the issues are outside the scope of what would be appropriate to discuss at this particular SVTC. Thanks,

Ma'am,

The Joint Staff has taken your input and revised the CONOPS related to support to UAE operations in Yemen. IA has

(b)(1), Sec. 1.4(a)

A proposed response to Lt Gen Dolan might read:

Soak,

(b)(1), Sec. 1.4(a)

As before, I note that this proposal is legally supportable with the President's approval. I concur in SecDef endorsing it to the President.

Ma'am,

We've discussed this CONOPS with Chairman's Legal. Chairman's Legal is working with CENTCOM to refine the CONOPS consistent with the points below. Meanwhile, IA recommends sending the below response to Lt Gen Dolan and the other addressees of his email. The proposed response is intended to signal (as a non-legal matter) that the CONOPS needs significant refinement before it goes to the White House. Chuck has reviewed the draft response. Mike

CLASSIFICATION: ~~SECRET//NOFORN~~

Chairman, Vice Chairman, Mr. McKeon, Mr. Lettre, Ms. O'Connor, and Eric,

CDRUSCENTCOM requests SecDef and Presidential approval to support the UAE's upcoming counterterrorism offensive in January 2017 to clear AQAP from Shabwah Governorate, Yemen.

Key Considerations:

(b)(1), Sec. 1.4(a)

- U.S. military enablement of the Shabwah offensive is a low-risk, high-reward opportunity to support our most capable counterterrorism partner in the region to lead more effective operations against the most deadly terrorist organization in the region.
