Thanks all. Let us work this a bit more in our building today on the dip vs. mil channel and we'll get back to folks with ideas. We're also hearing that yesterday's DC suggested that there might be a bit more work necessary before a final decision would be made, and we'd be grateful to Cary and Luther for a read-out if possible. Best, Josh

Josh, no concerns with draft. We'd probably need to simplify the writing a bit if this goes mil-to-mil, but would defer to your style for diplomatic writing if it stays in those channels. I'm happy to defer to those diplomatic channels.

Chairman, Vice Chairman, Mr. McKeon, Mr. Lettre, Ms. O'Connor, and Eric,

CDRUSCENTCOM requests SecDef and Presidential approval to support the UAE's upcoming counterterrorism offensive in January 2017 to clear AQAP from Shabwah Governorate, Yemen.

Key Considerations:

(b)(1), Sec. 1.4(a)

(b)(1), Sec. 1.4(a)

- U.S. military enablement of the Shabwah offensive is a low-risk, high-reward opportunity to support our most capable counterterrorism partner in the region to lead more effective operations against the most deadly terrorist organization in the region.

- Our PA team is in communications with OSD-PA now. Given our casualties and the fact that we will have to destroy an aircraft on the ground – I would recommend we adopt a proactive stance to release of information.

I will pass a more detailed update as soon as I receive it from the TF Commander. I do expect that we will not have full details of what happened on the objective until sometime on Sunday after the leadership has had a chance to review all actions with our operators.

We will keep you informed.
