**LAKE HAVASU CITY POLICE DEPARTMENT, LAKE HAVASU CITY, ARIZONA
Annual Byrne JAG Grant Program – CFDA #16.738**

Mobile Data Computer and Mobile Digital Video Systems
Eligible Grant Allocation: \$16,214.00

PROGRAM NARRATIVE

Attachment 1

It is rare in the governmental sector when two elements come together at the same time to form a perfect match. On Tuesday May 26, 2009, the Lake Havasu City Police Department was selected, from a field of municipalities across the country, as the test site for an innovative method of providing wireless data.

The following day, on May 27, 2009, the department learned of this grant funding opportunity in the amount of \$16,214.00. This grant provides the opportunity for the department to purchase a mobile data video system that matches the capabilities of the next generation of wireless systems.

The department is currently operating a wireless system that can handle approximately 256 kilobytes of data with approximately 50% coverage of the city. This limited bandwidth only provides marginal computer aided dispatching (CAD) and some report writing. The new wireless system will be capable of 50 megabytes per second which enables streaming video to and from the Police Vehicle.

We were in communication with Hub-Data911 prior to learning of the grant but our department did not have the funding. This funding will be used to purchase a M6 Mobile Data System. The price quote for all the computer hardware, software, mounting equipment, and associated camera equipment is \$16,209.49. Attached with this application is the price quote which provides a very detailed description of the equipment.

It is common knowledge in the police field of what an important role in-car-video can play in documenting the actions of the officers. The use of in-car-video will support officers against false claims along with assisting the department against unprofessional behavior.

This system is unique for two reasons. It has the ability to provide streaming live video from the vehicle to a Command Post or Dispatch Center, and it can operate as a mobile license plate reader. We feel this system is a perfect match for the future wireless solutions and the needs of the department to better serve the community.

We feel this system is a perfect match for the future wireless solutions and the needs of the department to better serve the community.

Budget and Budget Narrative (Attachment 2)

The funds associated with this grant will be used for a one time purchase from Hub-Data911, 1819 Clarkson Rd., Ste. 306, Chesterfield, Missouri, Quote # 114-2009-060209-b dated 06/02/09 in the amount of \$16,209.49. The contract includes one mobile data system, mounting equipment, and mobile digital video equipment.

Review Narrative (Attachment 3)

This grant application will be presented to the governing board of the Lake Havasu City Council during a regularly scheduled meeting on June 9th, 2009, starting at 6:00 p.m. Following the meeting the same information will be posted on the city web site in video and text format.

The city will produce a press release describing the grant opportunity and the intent to purchase the Hub-Data911 M6 Mobile Data System.

Abstract (Attachment 4)

This grant opportunity provides the Lake Havasu City Police Department (Arizona) with an opportunity to initiate a project of deploying In-Car-Video in the patrol and specialty vehicles. The concept of In-Car-Video has always been a vision and future goal. The use of in-car-video has a long list of benefits for the safety of the officers and the community.

The grant will provide a complete Hud-Data911 M6 Mobile Data System that includes two mobile cameras, a mobile computer with a touch screen, and the ability to send and receive streaming video. The system can also perform license plate reader functions. The grant application is for \$16,209.49.

The goals associated with this project will be to take advantage of the wireless network system that will have the capability of sending and receiving live streaming video to and from the vehicle. We will be testing the performance of the mobile computer, wireless system and the camera features.

PUBLIC HEARING: ACKNOWLEDGE CITY COUNCIL'S REVIEW OF THE BYRNE JUSTICE ASSISTANCE GRANT (JAG) FUNDING APPLICATION AND AUTHORIZE SUBMITTAL OF APPLICATION

Chief Doyle explained that Lake Havasu City is eligible to apply for grant funding from the Bureau of Justice Assistance.

Mayor Nexsen opened the public hearing. There being no comments, he closed the public hearing.

Councilmember Nyberg moved to acknowledge that city council has reviewed the Justice Assistance Grant (JAG) Funding Application for \$16,210 and authorize the city manager or designee to submit the application for grant funding, seconded and unanimously carried.

Lake Havasu City

COUNCIL COMMUNICATION

CC NO.: 13
MEETING DATE: 6/9/09
TYPE OF MEETING: Regular

TO: Honorable Mayor and Council
FROM: Daniel P. Doyle, Chief of Police
SUBJECT: **Byrne "Justice Assistance Grant" (JAG) Funding of \$16,210.00**

COUNCIL GOAL: **#1 Financially Sound City Government.**

SUMMARY: Lake Havasu City is eligible to apply for grant funding from the Bureau of Justice Assistance (BJA). JAG funds may be used for state and local initiatives, technical assistance, training, personnel, equipment and supplies, contractual support, information systems for criminal justice, and criminal justice related research and evaluation activities that will improve or enhance law enforcement programs. The city's maximum allocation for JAG funding under this program is \$16,214.00. Awards are made in the first fiscal year of the appropriation and may be expended during the following 3 years, for a total of 4 years.

In accordance with the requirements of the grant application, this Council Communication serves to satisfy the following stipulations, prior to submission of the grant application to BJA:

(1) Governing Body Review

The applicant agency (fiscal agent) must make the grant application available for review by the governing body (or to the organization designated by the governing body) not fewer than 30 days before the application is submitted to BJA.

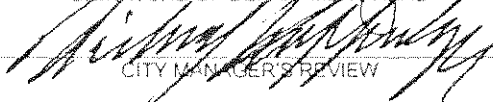

(2) Public Comment

The Local JAG application must include a statement that the application was made public and that, to the extent of applicable law or established procedure, an opportunity to comment was provided to citizens and neighborhood or community organizations.

(This stipulation has been met via public notification on the city's website and this Council Communication.)

In summary the Police Department's application is a request to purchase a mobile digital video system. This funding will provide for one system that can

Council Action Taken: _____ Date: _____
Continued To: _____
Referred To: _____
Formal Motion: _____

provide live streaming video, digital recording and license plate recognition from two camera locations mounted in a police vehicle. This trial system will be deployed in a traffic enforcement vehicle for maximum use.

The application deadline for this grant funding is July 9th, 2009.

FISCAL IMPACT: 100% grant funded with no city contribution needed.

ATTACHMENTS: Application for Byrne JAG Federal Assistance

RECOMMENDATION: Staff recommends City Council acknowledge its review of the Justice Assistance Grant (JAG) Funding Application for \$16,210.00 and authorize the City Manager or designee to submit the application for grant funding.

SUGGESTED MOTION: I acknowledge that City Council has reviewed the Justice Assistance Grant (JAG) Funding Application for \$16,210.00 and authorize the City Manager or designee to submit the application for grant funding.
