

(C) MHS Database Access In Support of SID MENA Missions as of 14 Aug 08

(U//FOUO) The following four S2E missions are worked at MHS and are posted on the Mission Correlation Table. None of these missions are NOFORN missions.

(C) U.S. personnel using the SIGINT Contact Center (SCC) process to obtain DB access receive NOFORN data automatically. FYI: S2E has not considered whether it would be advisable for 2P integrees at MHS to have NOFORN access for these missions.
