Part of the presentation will be to go over the attached document. If you could handle that part, that would be great.

I will try to be there. I have a conflicting appointment, but may be able to change it. If I can assist you in any way, please give me a call.

I am speaking on Thursday at the CRCL Roundtable on CVE and Protective Measures for FBOs. If you are available, I'd like to invite you to attend and partake in the presentation.
