Subject: RE: RFI: (SUSPENSE: 3/5, 1400) Involvement with the Somali Community

I have not had direct outreach or engagement programs with exclusively the Somali Community. Nonetheless, members of the Somali community have regularly participated in my broader engagement programming.

Involvement with Somali Community

- Regular participants in CRCL Roundtable in LA which I co-chair occasionally.
- Programming I've either participated in or hosted at which members from Somali-American Community have attended include:
 - Internet Public Safety Workshop
 - NGO Grants 101 Workshop
 - Career Panels on college campuses
 - Civics 101 presentation at private schools
 - Town Halls with other Law Enforcement agencies
 - Presentations on securing faith-based organizations
 - Prison Outreach
 - CVE briefings for parents
- I have also presented various briefings to the following bodies which include members from Somali-American community:
 - LAPD Muslim Forum
 - Muslim American Homeland Security Council
 - LA Sheriff's Young Muslim American Leaders Advisory Council
- White House Request
 - In response to White House request, connected Minneapolis based NGO, American Refugee Committee (ARC), to Somali community leaders in the Southern California region as well as the LA Mayor's Office. ARC hopes to make Mogadishu a "Sister City" of Los Angeles.

Please let me know if you have any further questions.
